

Final Regulatory Flexibility Analysis

Clearinghouse Rule CR 13-057, Natural Resources Board Order WA-14-13

The proposed rules align the Department's administrative rules with the statutory changes made in 2013 Act 1. The proposed rule changes do not themselves have any fiscal effect. Because there is no significant fiscal effect on the private sector or small businesses, under s. 227.19 (3m), Stats., a final regulatory flexibility analysis is not required.
