SUBJECT: Natural Resources Board Order WM-03-17, Clearinghouse Rule 17-013

Bruce,

This letter meant to clarify the effective date of Natural Resources Board Order WM-03-17, Clearinghouse Rule 17-013. The board order originally stated that an effective date for most of the rule provisions would be on February 1, 2018. Since this date has since passed, we would like the rule to take effect on March 1, 2018, except for Sections 3 and 9 which shall still take effect on April 1, 2018. Please feel free to contact me with any questions.
