## STATEMENT OF SCOPE

### **Cosmetology Examining Board**

**Rule No.:** Cos 2, 3, 5, and 8

**Relating to:** Scope of practice, mobile establishments, and distance learning.

Rule Type: Permanent and Emergency

#### 1. Finding/nature of emergency:

The Covid-19 epidemic has restricted the ability of cosmetology, manicuring, electrology, and aesthetics educators to provide in-person instruction to students. As a result, the board is interested in potentially clarifying its rules to expressly allow for remote or distance learning.

#### 2. Detailed description of the objective of the proposed rule:

The board is considering revising its rules to establish regulations relating to the provision of certain services, including but not limited to, microdermabrasion, microblading, and dermaplaning. The board will also consider creating standards for licensed establishments that are mobile in nature. Further, the board will consider whether it is desirable to develop a definition for "chemical process," and if so, what should that definition entail. Finally, the board will consider revising its rules to clarify when remote or distance learning may be allowed for the purposes of meeting the education requirements to receive a credential from the board.

# 3. Description of the existing policies relevant to the rule, new policies proposed to be included in the rule, and an analysis of policy alternatives:

Given the nature of changes in the cosmetology industry, the board believes it may be valuable to revise its rules to bring them more into line with current industry practice. This may include establishing standards a credential holder must meet in order to perform certain procedures that may elevate the risk of infection, providing specific standards for mobile licensed establishments, and finally to clarify the methods of providing education which are acceptable to meet the necessary education requirements to receive a credential.
