CHAPTER 299.

AN ACT to authorize Jacob Bye to construct and maintain a dam across the North Fork, in Clark county.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

Authorizing Jacob Bye to construct dam across North Fork of Eau Claire river, Clark county.

SECTION 1. Jacob Bye, his associates, heirs and assigns, are hereby authorized to erect, repair and maintain a dam for manufacturing and boomage purposes, not exceeding fourteen feet in height, across the north fork of the Eau Claire river, on lands now owned by him, or which he shall hereafter acquire by purchase or lease, in section twenty-eight, of township twenty-nine, north of range four west, in Clark county; provided, however, that said dam shall not be so constructed, maintained or operated as to back up the water in said North Fork to the present dam of the Eau Claire Lumber Company across said North Fork, on section twenty-seven, of town twenty-nine north of range four west, in Clark county; and provided, further, that said dam shall be constructed, with suitable and sufficient gates or slides therein, of sufficient width and capacity, to freely pass through said dam and down said stream, all saw logs which at any time may or shall run in the same as fast as they shall run therein, and that said dam and gates or slides shall at all times when saw logs are running in said stream, above said dam, be so operated that all such logs designated for points below shall and may pass through the same and down said stream without detention, and as fast as the same shall or may run therein.

May erect piers and booms.

SECTION 2. Said Jacob Bye, his heirs and assigns, may also erect and maintain piers and booms in said river for assorting and holding logs passing into the pond hereby authorized; provided, however, that a suitable and sufficient unobstructed channel, at least twenty feet in width, at all points, shall be left in said North Fork for the free and unobstructed passage through such

works of all logs and timber put in said stream above said dam, and designed to be run down below the same, and that said channel shall at all times, when logs are passing through the same, be provided with suitable and sufficient glancing booms to prevent such logs from forming any jam in said channel, or at said dam or in the pond created thereby.

SECTION 3. The legislature hereby reserves the Right reserved right to alter, amend or repeal this act in its discretion.

SECTION 4. This act shall take effect and be in force from and after its passage and publication.

Approved April 2, 1887.
