street, to be graded, paved, macadamized or otherwise improved, or any sidewalk or gutter to be built or repaired upon a petition therefor in writing, signed by six freeholders residing within the village, whenever the said village board shall deem the same necessary for the public good. For the purpose of so improving any street or building, or repairing any sidewalk or gutter, the village board may levy and cause to be collected, upon the lots, tracts or parcels of ground on such street or part of street improved, or on the side thereof, where only such sidewalk or gutter is to be built, and upon the owners thereof, a tax sufficient to pay the expense of constructing such improvement, as ordered opposite such property, to the center of the street or such proportion thereof, not less than half, as they shall deem justly assessable to such property, if they shall think the whole ought not to be so assessed, in which case the remainder shall be paid from the village treasury. Every such tax for repairs shall be for the entire cost of repairs in front of the property so assessed. If any tax levied under this section shall prove insufficient to pay the cost or proportion thereof assessed to such property, the village board may levy an additional tax thereon, to make good such deficiency.

SECTION 2. This act shall take effect and be in force from and after its passage and publication.
