

SECTION 2. Section 20.205 of the statutes is amended to read: 20.205 All moneys, except fines, accruing to the state by reason of any provision of chapter 29 of the statutes, or otherwise received or collected by each and every person for or in behalf of the state conservation commission, if not payable into the forest reserve fund, shall constitute the "Conservation Fund" and shall be paid, within one week after receipt, into the state treasury and credited to said fund. Of this there shall be reimbursed, when available, to the general fund such sums as shall have been expended from appropriations made by subsections (1), (2) and (3) of section 20.20. No money shall be expended or paid from the conservation fund except in pursuance of an appropriation by law; but any unappropriated surplus in said fund may be expended subject to the approval of the governor, secretary of state, and state treasurer, *for the purchase of lands from counties for forestry purposes as provided in section 28.01a*, for additional equipment, new buildings, new hatcheries, or hatchery ponds, property, improvements, increasing the warden force at any particular period, or any other similar special purpose except road work or improvement work on the state parks.

SECTION 3. This act shall take effect upon passage and publication.

Approved May 3, 1921.

CHAPTER 182.

AN ACT to amend section 1416—15 of the statutes, relating to communicable diseases.

The people of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SECTION 1. Section 1416—15 of the statutes is amended to read: Section 1416—15. Whenever a health officer shall know, suspect, or be informed of the existence of any communicable disease, dangerous to the public health, it shall be the duty of such health officer, or deputy, to at once examine such case, or cases of alleged communicable disease, dangerous to the public health. The health officer having jurisdiction, upon being notified or having knowledge of the existence of any disease which has been designated by the state board of health in its rules and regulations to be quarantinable, shall immediately in person or by

deputy quarantine the infected house, rooms or premises so as effectually to quarantine the case or cases and the family, if necessary, in such manner and for such time as the state board of health in its rules shall determine necessary to prevent transmission of the disease. Whenever a house, tenement room or other building is placed in quarantine, a placard shall be posted in a conspicuous position on such building, giving the name of the disease for which quarantine is established, or the word "quarantine" in letters not less than two inches long. Such placard shall contain the following quarantine notice: "All persons, *except the health officer or his legal representative, the attending physician, who is licensed by the state board of medical examiners, clergymen, or the nurse in attendance on the case,* are forbidden to enter or leave these premises without a special written permit from the health officer having jurisdiction and all persons are forbidden to remove, obscure or mutilate this card or to interfere in any way with this quarantine without written orders from said health officer, under penalty of a fine or imprisonment as provided in section 4608 of the statutes." Every violation of such quarantine and notice and every disobedience or disregard of such notice or its terms shall be punished in the manner provided in said section 4608. The local board of health shall employ as many persons as are necessary to execute its orders; properly guard any house or place containing any person or persons affected with a quarantinable disease, or who have been exposed thereto, if quarantine is violated or intent to violate quarantine is manifested. Such persons shall be sworn in as quarantine guards, shall have police powers, and may use all necessary means to enforce the state laws for the prevention and control of contagious or infectious diseases, or the orders, rules and regulations of any board of health made in pursuance thereof.

SECTION 2. This act shall take effect upon passage and publication.

Approved May 3, 1921.
