The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. A new subsection is added to section 41.15 of the statutes to read: (41.15) (12) All full time day teachers in any vocational schools in cities of the first class shall be employed on probation, and after successful probation for three years, such employment may be terminated only in the manner as hereinafter provided; teachers having taught three years or more in any such school shall be deemed to have served their term of probation. No teacher in any such school after such successful probation for three years shall thereafter be discharged except for cause and upon a written statement of the reasons therefor. In such case, the charges shall, upon such teacher's request, after ten days' written notice thereof to such teacher, and within thirty days of such written notice, be investigated, heard and determined by the local board of vocational education whose action and decision in the matter shall be final. The term "teachers" as used in this subsection shall include teachers, principal, supervisors, counselors, co-ordinators, technical advisors and experts, and other employes to whom the local board of vocational education shall assign teaching status, but shall not include the director; nothing herein contained shall apply to the director whose election, appointment, or tenure shall be left entirely to the local board of vocational education.
