59.076 of the statutes is created to read:

59.076 PAYMENTS IN LIEU OF TAX ON COUNTY VETERANS' HOUSING PROPERTY. Where a county has acquired land and erected thereon housing facilities for rental by honorably discharged United States veterans of any war and such land and housing facilities are exempt from general taxation, the county board of the county may appropriate money and pay to any school district or joint school district wherein such land and housing facilities are located a sum of money which shall be computed by obtaining the product of the following factors: (a) the tax rate for school district purposes of the school years for which payment is made, and (b) the ratio of the assessed valuation to the equalized valuation of the town, city or village in which the school district lies, multiplied by the actual cost incurred by the county for the acquisition of the land and improvements thereon used for such veterans' housing purposes. In case of a joint school district, computation shall be made on the basis of the valuation of the several towns, cities or villages in which

such school district lies. In the event such school buildings are inadequate to accommodate the additional school population resulting from the county veterans' housing program, and such school district cannot legally finance the necessary increased facilities, the county board may appropriate money and grant assistance to such school district but such assistance shall be used solely to finance the purchase of land and the erection and equipment of such necessary additional facilities.
