**CHAPTER 120.**

AN ACT to repeal and recreate 114.33 (5) of the statutes, relating to sponsor's share of the cost of an airport project.

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*

114.33 (5) of the statutes is repealed and recreated to read:

114.33 (5) In the case of projects to be carried out by contract, force account, or by a county highway committee in a manner similar to the applicable provisions of s. 84.06

(3), the sponsor's share of the cost of a project shall be deposited in the state treasury promptly on the request of the commission, to be held in trust for the purposes of the project. The commission need not request the entire share at any one time. The commission shall have the right to suspend or discontinue proceedings or construction relative to any project at any time if any sponsor shall fail to pay the amount properly required of it as its contribution to such project. In the case of projects or parts of projects authorized by the commission to be performed by force account methods, the commission may permit the sponsor to retain the sponsor's share of the cost of such authorized project work provided the sponsor is to do the work. In such case the sponsor will be periodically reimbursed for the state or federal share, or both, on the basis of audited costs incurred by the sponsor.

Approved May 7, 1953.
