The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 50.04 (7) (b) of the statutes is amended to read:

50.04 (7) (b) For each such patient whose support is chargeable against some other county, the total cost of his maintenance as determined by the board of trustees of the institution and the state board of health; and the state shall charge over to such other county the difference between such total cost and \$21 per week provided through state aid. *If the net charges to the county exceed \$500 for each \$1,000,000 of assessed valuation of property as established under s. 70.57, the excess shall be charged to the state as provided in par. (d).*

SECTION 2. 50.04 (7) (d) of the statutes is created to read:

50.04 (7) (d) For the excess of the net cash cost of the operation and maintenance of the sanatorium over \$500 for each \$1,000,000 of assessed valuation of property as established under s. 70.57. The net cash cost is established by subtracting from the operation and maintenance cost all credits received from the state and other counties, the allowance for depreciation and all other income collected by institution. The assessment of property made for the calendar year in which the fiscal year of the county charges commence shall be used in establishing the credit for excess costs.

SECTION 3. This act shall take effect on July 1, 1965.
