SECTION 1. 66.05 (9) (c) of the statutes is amended to read:

66.05 (9) (c) If an order is issued under this section to raze and remove a historic building and restore the site to a dust-free and erosion-free condition, an application is made for a permit to raze and remove a historic building and restore the site to a dust-free and erosion-free condition or a municipality intends to raze and remove a municipally owned historic building and restore the site to a dust-free and erosion-free condition, the municipality in which the historic building is located shall notify the state historical society of the order, application or intent. No historic building may be razed and removed nor the site restored to a dust-free and erosion-free con-

If the state historical society authorizes a shorter period, however, such a period shall be subject to any applicable local ordinance. During the 30-day period, the state historical society shall have access to the historic building to create or preserve a historic record. If the state historical society completes its creation or preservation of a historic record, or decides not to create or preserve a historic record, before the end of the 30-day period, the society may waive its right to access the building and may authorize the person who intends to raze and remove the building, and restore the site to a dust-free and erosion-free condition, to proceed before the end of such period, except that such a person shall be subject to any applicable local ordinance.
