(b) A local government that receives moneys payable to a local government under sub. (2) (c) shall deposit the moneys in a segregated account that is subject to all of the following:

1. Moneys in the segregated account are considered moneys of the local government under s. 66.0603 (1m) and may not be commingled with any other moneys of the local government.

2. A local government may expend moneys of the segregated account solely for purposes identified as approved uses for abatement in the settlement agreement or by court order, subject to sub. (6).

3. A local government may not use moneys from the segregated account to substitute for budgeted moneys from the other sources.

4. A local government may allocate moneys from the segregated account to any other political subdivision in the state if there is an agreement requiring the other political subdivision to expend the moneys for the purposes described in subd. 2.

5. Local governments may combine moneys from their segregated accounts if each local government conforms to the reporting requirement under par. (c).

6. A local government shall include the segregated account in the local government's typical audit process.

(c) By May 1 annually, a local government that receives moneys under sub. (2) (c) shall submit a report to the department of justice and joint committee on finance that includes all of the following:

(c) Any sale by a local government that is authorized under this subsection shall be approved by a majority vote of the governing body of the local government that is selling the payments. The governing body's approval of the sale under this paragraph is considered conclusive as to the adequacy of the consideration for the sale.

(d) The limitations and provisions of s. 893.77 apply to any obligations issued under this subsection. This subsection is an alternative procedure to the procedures under ch. 67.

(6) **RESPONSIBILITIES FOR ATTORNEY FEES.** If a separate fund created in a settlement agreement for the opiate litigation is insufficient to pay the entire amount of attorney fees and expenses owed by local governments, a local government may use a portion of the amounts payable to local governments under sub. (2) (c) to supplement amounts owed by the local government for attorney fees and expenses. The state has no responsibility for payment of a local government's attorney fees or expenses, and those local government attorney fees or expenses may not be paid from the amounts payable to the state under sub. (2) (b).
