DWD 296.01 Applicability. This chapter applies to all sponsors of registered apprenticeship programs under ch. 106, Stats.

History: CR 19-003; cr. Register September 2019 No. 765, eff. 10-1-19.

DWD 296.02 Definitions. In this chapter:

(1) “ADA” means the Americans with Disabilities Act, as amended.

(2) “Affirmative action plan” means a written tool designed to assist a sponsor in detecting, diagnosing, and correcting any barriers to equal opportunity that may exist in the sponsor’s registered apprenticeship program.

(3) “Affirmative action program” has the meaning given in 29 CFR 30.4 (a).

Note: 29 CFR 30.4 (a) reads: (1) An affirmative action program is designed to ensure equal opportunity and prevent discrimination in apprenticeship programs. An affirmative action program is more than mere passive nondiscrimination. Such a program requires the sponsor to take affirmative steps to encourage and promote equal opportunity, to create an environment free from discrimination, and to address any barriers to equal opportunity in apprenticeship. An affirmative action program is more than a paperwork exercise. It includes those policies, practices, and procedures, including self-analyses, that the sponsor implements to ensure that all qualified applicants and apprentices are receiving an equal opportunity for recruitment, selection, advancement, retention and every other term and privilege associated with apprenticeship. An affirmative action program should be a part of the way the sponsor regularly conducts its apprenticeship program.

(2) A central premise underlying affirmative action is that, absent discrimination, over time a sponsor’s apprenticeship program, generally, will reflect the sex, race, ethnicity, and disability profile of the labor pools from which the sponsor recruits and selects. Consistent with this premise, affirmative action programs contain a diagnostic component which includes quantitative analyses designed to evaluate the composition of the sponsor’s apprenticeship program and compare it to the composition of the relevant labor pools. If women, individuals with disabilities, or individuals from a particular minority group, for example, are not being admitted into apprenticeship at a rate to be expected given their availability in the relevant labor pool, the sponsor’s affirmative action program must include specific, practical steps designed to address any barriers to equal opportunity that may be contributing to this underutilization.

(3) Effective affirmative action programs include internal auditing and reporting systems as a means of measuring the sponsor’s progress toward achieving an apprenticeship program that would be expected absent discrimination.

(4) An affirmative action program also ensures equal opportunity in apprenticeship by incorporating the sponsor’s commitment to equality in every aspect of the apprenticeship program. Therefore, as part of its affirmative action program, a sponsor must monitor and examine its employment practices, policies and decisions and evaluate the impact such practices, policies and decisions have on the recruitment, selection and advancement of apprentices. It must evaluate the impact of its employment and personnel policies on minorities, women, and persons with disabilities, and revise such policies accordingly where such policies or practices are found to create a barrier to equal opportunity.

(5) The commitments contained in an affirmative action program are not intended and must not be used to discriminate against any qualified applicant or apprentice on the basis of race, color, religion, national origin, sex, sexual orientation, age (40 or older), genetic information, or disability.

(4) “Apprentice” has the meaning prescribed under s. 106.001 (1), Stats.

(4m) “Apprenticeship program” has the meaning prescribed under s. 106.001 (4), Stats.

(5) “Department” means the department of workforce development.

(5m) “Deregistration” means the voluntary or involuntary cancellation of an apprenticeship program by the department.

(6) “EEO” means equal employment opportunity.

(7) “Employer” has the meaning prescribed under s. 106.001 (5), Stats.

(10) “Ethnic group” or “ethnicity” means any of the following:

(a) Hispanic or Latino – An individual of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

(b) Not Hispanic or Latino.

(11) (a) “Genetic information” means any of the following:

1. An individual’s genetic tests.

2. The genetic tests of an individual’s family members.

3. The manifestation of disease or disorder in family members of an individual.

4. An individual’s request for, or receipt of, genetic services, or participation in clinical research that includes genetic services by an individual or a family member of an individual.

5. The genetic information of a fetus carried by an individual or by a pregnant woman who is a family member of the individual and the genetic information of any embryo legally held by the individual or family member using an assisted reproductive technology.

(b) “Genetic information” does not include information about the sex or age of an individual, the sex or age of family members, or information about the race or ethnicity of an individual or family members that is not derived from a genetic test.

(12) “Individual with a disability” means any of the following:

(a) An individual who has a physical or mental impairment that substantially limits one or more major life activities or limits the capacity to work.

(b) An individual who has a record of such impairment.

(c) An individual who is perceived as having such an impairment.

(13) “Journeyworker” means an individual who has attained a level of skill, abilities and competencies recognized within an industry as having mastered the skills and competencies required for the occupation.

(14) “Major life activities” includes caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, sitting, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, interacting with others, and working. “Major life activities” also

includes the operation of a major bodily function, including functions of the immune system, special sense organs, and skin; normal cell growth; and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, cardiovascular, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions. “The operation of a major bodily function” includes the operation of an individual organ within a body system.

(15) “Physical or mental impairment” means any of the following:

(a) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more body systems, such as neurological, musculoskeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genitourinary, immune, circulatory, hemic, lymphatic, skin, and endocrine.

(16) “Pre-apprenticeship program” means a training model designed to assist individuals who do not possess the minimum selection criteria established in a program sponsor’s apprenticeship standards, as required under this chapter, and that maintains at least one documented partnership with an apprenticeship program. It involves a form of structured workplace education and training in which an employer, employer group, industry association, labor union, community-based organization, or educational institution collaborates to provide formal instruction that introduces participants to the competencies, skills, and materials used in one or more apprenticeship occupations.

(17) “Qualified applicant or apprentice” means an individual who, with or without reasonable accommodation, can perform the duties of the apprenticeship program for which the individual applied or is enrolled.

(18) “Reasonable accommodation” means any of the following:

(a) Modifications or adjustments to a job application process that enable a qualified applicant or apprentice with a disability to be considered for the position a qualified applicant or apprentice desires.

(b) Modifications or adjustments to the work environment, or to the manner or circumstances under which the position held or desired is customarily performed, that enable a qualified applicant or apprentice with a disability to perform the duties of that position.

(c) Modifications or adjustments that enable a sponsor’s apprentice with a disability to enjoy equal benefits and privileges of apprenticeship as are enjoyed by its other similarly situated apprentices without disabilities.

Note: Examples of reasonable accommodations include:

1. Making existing facilities used by apprentices readily accessible to and usable by individuals with disabilities.
2. Job restructuring; part-time or modified work schedule; reassignment to a vacant position; acquisition or modification of equipment or devices; appropriate adjustment or modifications of examinations, training materials, or policies; the provision of qualified readers or interpreters; and other similar accommodations for individuals with disabilities.

Note: To determine the appropriate reasonable accommodation, it may be necessary for the sponsor to initiate an informal, interactive process with the qualified individual in need of the accommodation. This process should identify the precise limitations resulting from the disability and potential reasonable accommodations that could overcome those limitations.

(19) “Registered” or “registration” means the approval of an apprenticeship program by the department.

(20) “Respondent” means the individual or entity identified in a complaint in which discrimination is alleged.

(21) “Sponsor” has the meaning prescribed under s. 106.001 (8), Stats.

(22) “UGESP” means the Uniform Guidelines on Employee Selection Procedures under 41 CFR 60.3.

(23) “Wisconsin equal rights division” means the division of equal rights within the department.

History: CR 19–003: cr. Register September 2019 No. 765, eff. 10–1–19; (4m), (5m) renumbered from (8), (9) and (11) (intro.) renum. (11) (a) and (11) (a) to (e) renum. 1. to 5. A sponsor shall do all of the following:

1. Publish the equal opportunity pledge prescribed under sub. (3) in its standards of apprenticeship required in s. DWD 295.02 and in apprentice and employee handbooks, policy manuals, newsletters, or other documents circulated by the sponsor that describe the nature of the sponsorship.

1. Provide anti-harassment training to all individuals connected with the administration or operation of the registered apprenticeship program, including all apprentices and journeyworkers who regularly work with apprentices. Training shall include participation by trainees and may include attending a training session in person or completing an interactive training online. The training content shall include all of the following:

a. That harassing conduct shall not be tolerated.

b. The definition of harassment and the types of conduct that constitute unlawful harassment on the basis of race, color, religion, national origin, sex, sexual orientation, age (40 or older), genetic information, and disability.

c. The right to file a harassment complaint as prescribed under s. DWD 296.14.

2. Ensure all facilities and apprenticeship activities are available without regard to race, color, religion, national origin, sex, sexual orientation, age (40 or older), genetic information, or disability, except that if a sponsor provides restrooms or changing facilities, a sponsor shall provide access to separate or single user restrooms and changing facilities to assure privacy between sexes.

3. opportunity without regard to race, color, religion, national origin, sex, sexual orientation, age (40 or older), genetic information, or disability. DWD 296.15.

(3) **EQUAL OPPORTUNITY PLEDGE.** A sponsor of a registered apprenticeship program shall include in its standards of apprenticeship, and any apprenticeship opportunity announcements, the following equal opportunity pledge:

"[Enter name of sponsor] shall not discriminate against apprenticeship applicants or apprentices on the basis of race, color, religion, national origin, sex (including pregnancy and gender identity), sexual orientation, genetic information, or because they are an individual with a disability or a person 40 years old or older. (5) **NOTICE ON FILING A COMPLAINT.** A sponsor shall provide written notice as prescribed under s. DWD 296.14 to all applicants and apprentices on how to file a discrimination complaint.

History: CR 19-003; cr. Register September 2019 No. 765, eff. 10-1-19; correction in (2) (a), (c) 1., (d) (title), 1. b., (3) made under s. 35.17 Stats., Register September 2019 No. 765.

DWD 296.04 Affirmative action program. (1) ADOPTION OF AN AFFIRMATIVE ACTION PROGRAM. (a) A sponsor of a registered apprenticeship program shall develop and maintain an affirmative action program in a written plan, unless any of the following apply:

1. A sponsor provides satisfactory evidence of compliance with an equal opportunity program providing for affirmative action in apprenticeship as prescribed in 29 CFR 30.4 (d) (2).

2. The registered apprenticeship program has fewer than five apprentices, unless such program was adopted to circumvent the requirements of this paragraph.

(b) The components of a written plan shall be developed in accordance with the respective compliance dates and made available to the department upon request.

(2) **CONTENTS OF AN AFFIRMATIVE ACTION PROGRAM.** An affirmative action program under sub. (1) shall include all of the following:

(a) Utilization analysis for race, sex, and ethnicity as prescribed under s. DWD 296.05.

(b) Establishment of utilization goals for race, sex, and ethnicity as prescribed under s. DWD 296.06.

(c) Utilization goals for individuals with disabilities as prescribed under s. DWD 296.07.

(d) Targeted outreach, recruitment, and retention as prescribed under s. DWD 296.08.

(e) Review of personnel processes as prescribed under s. DWD 296.09.

(f) Invitations to self-identify as prescribed under s. DWD 296.11.

(3) **WRITTEN AFFIRMATIVE ACTION PLANS.** (a) A sponsor that is required to adopt an affirmative action program under sub. (1), shall create and update a written affirmative action plan memorializing and discussing the contents of the program identified under sub. (2).

(b) The initial written affirmative action plan for registered apprenticeship programs existing as of January 18, 2018, shall be completed within 2 years of January 18, 2018. The written affirmative action plan shall be updated every time the sponsor completes workforce analysis required under ss. [DWD 296.05 \(2\)](#) and [296.07 \(2\)](#).

(c) The initial written affirmative action plan for apprenticeship programs registered after January 18, 2018 shall be completed within 2 years of registration. The written affirmative action plan shall be updated every time the sponsor completes workforce analysis required under ss. [DWD 296.05 \(2\)](#) and [296.07 \(2\)](#).

History: [CR 19-003](#); cr. [Register September 2019 No. 765](#), eff. 10-1-19; correction in (3) (b), (c) made under s. [35.17](#), Stats., [Register September 2019 No. 765](#).

DWD 296.05 Utilization analysis for race, sex, and ethnicity. (1) **UTILIZATION ANALYSIS.** A utilization analysis provides sponsors with a method for assessing whether possible barriers to apprenticeship exist for particular groups of individuals by determining whether the race, sex, and ethnicity of apprentices in a sponsor's registered apprenticeship program is reflective of individuals available for apprenticeship by race, sex, and ethnicity in the relevant recruitment area. Where significant disparity exists between availability and representation, a sponsor shall be required to establish a utilization goal under s. [DWD 296.06](#).

(2) **ANALYSIS OF APPRENTICESHIP PROGRAM.** A sponsor shall analyze the race, sex, and ethnic composition of its apprentice workforce. A sponsor shall group all apprentices in their registered apprenticeship program by occupation title, then for each occupation represented, a sponsor shall identify the race, sex, and ethnicity of its apprentices within that occupation.

(3) **SCHEDULE OF ANALYSIS.** A sponsor shall conduct an apprenticeship program workforce analysis at each compliance review and again if three years have passed without a compliance review. The updated workforce analysis shall be compared to the utilization goal established at the sponsor's most recent compliance review to determine if the sponsor is underutilized as prescribed under sub. (6).

(4) **COMPLIANCE DATE.** (a) An existing sponsor of a registered apprenticeship program as of January 18, 2018 shall conduct its first workforce analysis under this section no later than 2 years after January 18, 2018.

(b) A new sponsor registered after January 18, 2018 shall conduct its initial workforce analysis under this section, no later than 2 years after the date of registration.

(5) **AVAILABILITY ANALYSIS.** (a) An availability analysis establishes a benchmark to compare to the demographic composition of a sponsor's apprenticeship program to determine if barriers to equal opportunity may exist in a sponsor's registered apprenticeship program.

(b) Availability is an estimate of the number of qualified individuals available for apprenticeship by race, sex, and ethnicity expressed as a percentage of all qualified individuals available for apprenticeship in a sponsor's relevant recruitment area.

(c) In determining availability, all of the following factors shall be considered for each major occupation group represented in a sponsor's registered apprenticeship program standards:

1. The percentage of individuals who are eligible for enrollment in the registered apprenticeship program within a sponsor's relevant recruitment area broken down by race, sex, and ethnicity.

2. The percentage of the sponsor's employees who are eligible for enrollment in the registered apprenticeship program.

(d) In determining availability, the relevant recruitment area is defined as the geographical area from which the sponsor usually seeks or reasonably could seek apprentices. A sponsor shall identify the relevant recruitment area in its written affirmative action plan under s. [DWD 296.04 \(3\)](#). A sponsor may not draw its relevant recruitment area in a way that would have the effect of

excluding individuals based on race, sex, or ethnicity from consideration, and shall develop a brief rationale for selection of that recruitment area.

(e) Availability shall be derived from the most current and discrete statistical information available.

Note: Examples of current and discrete statistical information may include census data, data from local job service offices, and data from colleges or other training institutions.

(f) A sponsor, working with the department, shall conduct an availability analysis at each compliance review.

(6) **RATE OF UTILIZATION.** To determine the rate of utilization, a sponsor, working with the department, shall group each occupation title in the registered apprenticeship program by major occupation group and compare the racial, sex, and ethnic representation within each major occupation group to the racial, sex, and ethnic representation available in the relevant recruitment area, as determined in sub. (5). When a sponsor's utilization of women, Hispanics or Latinos, or a particular racial minority group is significantly less than would be reasonably expected given the availability of women, Hispanics or Latinos, or a particular racial minority group for apprenticeship, a sponsor shall establish a utilization goal for the affected group as prescribed under sub. (5). Sponsors are not required or expected to establish goals where no significant disparity in utilization rates have been found.

History: [CR 19-003](#); cr. [Register September 2019 No. 765](#), eff. 10-1-19; correction in (2) made under s. [35.17](#), Stats., [Register September 2019 No. 765](#).

DWD 296.06 Establishment of utilization goals for race, sex, and ethnicity. (1) A sponsor required to establish a utilization goal under s. [DWD 296.05](#) for a particular sex, racial group, or ethnic group in a major occupation in its registered apprenticeship program, working with the department, shall establish a percentage goal at least equal to the availability figure under s. [DWD 296.05 \(5\)](#), for that major occupation group.

(2) A sponsor's determination under s. [DWD 296.05](#) that a utilization goal is required does not constitute a finding or admission of discrimination.

(3) Utilization goals shall serve as objectives or targets reasonably attainable by means of applying every good faith effort to make all aspects of the entire affirmative action program work. Utilization goals are used to measure the effectiveness of a sponsor's outreach, recruitment, and retention efforts. In establishing utilization goals, all of the following principles shall be applied:

(a) Utilization goals may not include rigid and inflexible quotas that must be met or be considered either a ceiling or a floor for the selection of particular groups as apprentices. Quotas are expressly forbidden.

(b) Utilization goals may not provide a sponsor with a justification to extend a preference to any individual, select an individual, or adversely affect an individual's status as an apprentice, on the basis of that individual's race, sex, or ethnicity.

(c) Utilization goals shall not create set-asides for specific groups and are not intended to achieve proportional representation or equal results.

(d) Utilization goals may not be used to supersede eligibility requirements for apprenticeship. Affirmative action programs prescribed in this chapter do not require sponsors to select an individual who lacks qualifications to participate in the registered apprenticeship program successfully or select a less-qualified person in preference to a more qualified one.

History: [CR 19-003](#); cr. [Register September 2019 No. 765](#), eff. 10-1-19; correction in (3) (intro.) made under s. [35.17](#), Stats., [Register September 2019 No. 765](#).

DWD 296.07 Utilization goals for individuals with disabilities. (1) **UTILIZATION GOAL.** The department has established a utilization goal of 7 percent for employment of qualified individuals with disabilities as apprentices for each major occupation group within each sponsor's registered apprenticeship program. The utilization goal established in this subsection shall act

as a benchmark against which a sponsor shall measure the representation of individuals with disabilities in the sponsor's registered apprenticeship program by major occupation group. The goal serves as an equal opportunity objective that is attainable by complying with all of the affirmative action requirements in this chapter.

(2) UTILIZATION ANALYSIS. A utilization analysis is designed to evaluate the representation of individuals with disabilities in a sponsor's registered apprenticeship program grouped by major occupation. If individuals with disabilities are represented in a sponsor's registered apprenticeship program in any given major occupation at a rate less than the utilization goal of 7 percent, the sponsor shall take specific measures prescribed under subs. (6) and (7).

(3) PROCESS. A sponsor shall analyze the representation of individuals within their registered apprenticeship program by occupation. A sponsor shall group all apprentices according to occupational titles represented in a sponsor's registered apprenticeship program. For each occupation represented, a sponsor shall identify the number of apprentices with disabilities.

(4) SCHEDULE OF EVALUATION. A sponsor shall conduct the apprentice workforce analysis at each compliance review and again when three years have passed without a compliance review. The updated workforce analysis shall be compared to the utilization goal established under sub. (1).

(5) COMPLIANCE DATE. (a) A sponsor with a registered apprenticeship program as of January 18, 2018 shall conduct a workforce analysis under this section no later than 2 years after January 18, 2018.

(b) A sponsor registering an apprenticeship program after January 18, 2018 shall conduct its initial workforce analysis under this section no later than 2 years after the date of registration.

(6) IDENTIFICATION OF PROBLEM AREAS. When a sponsor, working with the department, determines the percentage of individuals under sub. (3) is less than the utilization goal established under sub. (1), the sponsor shall take steps to determine if impediments to equal opportunities exist and where impediments to equal opportunity exist. In making this determination, a sponsor shall look at the results of its assessment of personnel processes required under s. DWD 296.09 and the effectiveness of its outreach and recruitment efforts required under s. DWD 296.08, if applicable.

(7) ACTION-ORIENTED PROGRAMS. A sponsor shall undertake action-oriented programs, including targeted outreach, recruitment, and retention activities identified in s. DWD 296.08, designed to correct any problem areas that a sponsor identified pursuant to the review of personnel processes and outreach and recruitment efforts.

(8) UTILIZATION GOAL RELATION TO DISCRIMINATION. A determination that a sponsor has not attained the utilization goal established under sub. (1) in one or more major occupation groups does not constitute a finding or admission of discrimination in violation of this chapter.

(9) UTILIZATION GOAL NOT A QUOTA OR CEILING. The utilization goal established under sub. (1) shall not be used as a quota or ceiling that limits or restricts the employment of individuals with disabilities as apprentices.

History: CR 19-003; cr. Register September 2019 No. 765, eff. 10-1-19; correction in (1) made under s. 13.92 (4) (b) 7., Stats., and correction in (2) made under s. 35.17, Stats., Register September 2019 No. 765.

DWD 296.08 Targeted outreach, recruitment, and retention. **(1) MINIMUM ACTIVITIES REQUIRED.** A sponsor that has found underutilization and established a utilization goal for a specific group under s. DWD 296.06 or 296.07 shall undertake targeted outreach, recruitment, and retention activities that are likely to generate an increase in applications for apprenticeship and improve retention of apprentices from the targeted group or

from individuals with disabilities. A sponsor under this section shall conduct all of the following:

(a) In the written affirmative action plan, identify the specific targeted outreach, recruitment, and retention activities planned for the upcoming program year. These activities shall include all of the following:

1. Distribution of information to organizations serving the underutilized group regarding the nature of apprenticeship, requirements for selection for apprenticeship, availability of apprenticeship opportunities, and the equal opportunity pledge of the sponsor.

Note: Examples of these organizations include community-based organizations, local high schools, local community colleges, local vocational, career, and technical schools, and local workforce system partners including job centers.

2. Advertising openings for apprenticeship opportunities by publishing advertisements in appropriate media which have wide circulation in the relevant recruitment areas.

3. Cooperating with local school boards and the vocational education system to develop or establish relationships with pre-apprenticeship programs targeting students from the underutilized group to prepare them to meet the standards and criteria required to qualify for entry into apprenticeship programs.
