History: Chapter Ind 72 as it existed on December 31, 1972 was repealed, and a new chapter Ind 72 was created, Register, December, 1972, No. 204, eff. 1-1-73.

Ind 72.001 Declaration of policy. (1) The department, in fulfilling its statutory mandate, has caused extensive studies to be made relative to the consideration of a "living wage" and how the wage should be computed. The concept of "cost of living" and "living wage" is very complex because of the many variables. Any single concept is difficult to apply because of different assumptions, techniques and local conditions.

(2) It is the determination of the department that the consumer's price index prepared by the U. S. department of labor, in spite of its limitations, is the best index available for keeping a "living wage rate" reasonably up to date.

(3) The rates adopted in this chapter reflect compensation that has been determined to be adequate to permit any employe to maintain herself or himself in minimum comfort, decency, physical and moral well-being.

(4) It shall be the policy of the department to review the national consumer price index in January of each year. The department may revise upward or downward by a ratio of one cent for each .4 point change in the preceding December index release using the December 1972 release as a base for the computations, but in no case shall the state minimum wage for adult employes fall below 90% of the federal minimum wage. Any change in the state minimum wage due to an increase in the federal minimum wage shall take effect on the same day as the federal minimum wage change takes effect. The first review will be in January 1974.

(5) Employees 18 years of age and over:

(a) Effective on January 1, 1973 the hourly rate for employes 18 years of age and over shall be the same as presently required by the federal minimum wage act. In the future the rate shall be computed as provided under section Ind 72.001 (4), Wis. Adm. Code.

(b) The minimum hourly rate for employes in agriculture 18 years of age and over shall be computed on the basis of 90% of the rates

for employes 18 years of age and over as provided in section Ind 72.001 (5) (a), Wis. Adm. Code, rounded off to the nearest cent.

(6) Minors 17 years of age and under:

(a) The minimum hourly and weekly rates for minors 17 years of age and under shall be computed on the basis of 80%, rounded off to the nearest cent, of the minimum rates for employes 18 years of age and over.

(b) The minimum hourly rate for minor employes in agriculture 17 years of age and under shall be computed on the basis of 80% of the agriculture rates for employes 18 years of age and over as established by section Ind 72.001 (5) (b), Wis. Adm. Code and rounded off to the nearest cent.

(7) Room allowances shall be computed on the basis of 20% of the prescribed minimum rate for employes based on a 40 hour week, rounded off to the nearest 5 cents.

(8) Meal allowance shall be computed on the basis of 30% of the prescribed minimum rate for employes based on a 40 hour week, rounded off to the nearest 5 cents.

History: Cr. Register, December, 1972, No. 204, eff. 1-1-73; emerg. am. (5) (b) and (6) (b), eff. 4-1-74; am. (5) (b) and (6) (b), Register, May, 1974, No. 221, eff. 6-1-74.

Ind 72.09 Subminimum wage licenses. (1) **SHELTERED WORKSHOPS.** Licenses may be issued for: the entire workshop, a department of the workshop, a work activities center, a training or evaluation program, and an individual handicapped worker or any combination thereof.

(a) *Application for a workshop license.* 1. Applications for licenses may be filed with the department.

2. The application shall contain answers to all questions presented on the form supplied by the department, including among other things, a description of the nature of the disabilities of the persons served by the workshop, a description of the type of employment and the programs and services provided by the workshop.

3. The application shall be signed by the president of the board of directors and by a duly authorized officer of the workshop.

(b) *Renewal of license.* Applications for renewal shall be filed 30 days prior to the expiration date.

(c) *Criteria for issuance of a license.* 1. The following criteria may be considered by the department in determining the necessity of issuing a license and the conditions to be specified therein.

a. The present and previous earnings of handicapped workers of the workshop.

b. Whether the individual handicapped workers are being paid wage rates commensurate with those paid nonhandicapped workers

in industry in the vicinity for essentially the same type, quality and quantity of work.

c. The nature and extent of the disabilities of individuals served by the workshop.

d. The types and duration of medical, educational, therapeutic, social work, and other rehabilitative services given to handicapped workers.

e. The extent to which the handicapped workers share, through wages, in the receipts for work done in the workshop.

f. The extent to which the handicapped workers may be learners or otherwise inexperienced.

g. The extent to which earned operating income, other than normal depreciation allowances, is used for capital expenditures for equipment, buildings or expansion of activities in situations where the adequacy of the wage rates proposed by the workshop cannot clearly be established.

h. Whether there exists any workshop/customer arrangement or subcontract agreement which constitutes an unfair method of competition in commerce and which tends to spread or perpetuate substandard wage levels.

i. Whether, in the case of nongovernment operated workshops, the organization has obtained an exemption under section 501 (c) (3) of the internal revenue code of 1954 [26 U.S.C. 501 (c) (3)] and has registered as a nonprofit organization with the appropriate state or local agencies providing for such registration.

2. In addition, the following criteria will be considered in determining the advisability of issuing a special certificate for a training or evaluation program.

a. Whether there is competent instruction or supervision.

b. Whether there is a written curriculum or job description or plan of procedures designed to obtain the objectives of the program for the individuals.

c. Whether there are written records made at periodic intervals of not more than 3 months, showing progress of individual clients, and,

d. Whether in the case of a training program, there is a provision for rate increases as the trainee advances through the steps of the program.

(d) *Terms and conditions of license.* 1. The license shall specify the terms and conditions under which it is granted.

2. The license shall apply to every handicapped worker in the workshop or department thereof, for which the license is granted.

3. The license shall be effective for the period designated thereon. Handicapped workers may be paid wages lower than the rates prescribed in section Ind 72.03^v only during the effective period of the license.

4. Except for licenses for work activities centers and for training or evaluation programs, and unless a lower special individual wage has been authorized, the license shall provide a minimum wage, or different minimum wages for different departments, but none of them shall be less than 50% of the rates prescribed in section Ind 72.03.

5. A license issued to a work activities center or for a training or evaluation program need not set a minimum rate except the rate paid must be commensurate with the individual's ability as provided under paragraphs 6.^v and 7.^v of this section.

6. The wage rates paid handicapped workers working at time rates shall be commensurate with those paid nonhandicapped workers in the vicinity in industry maintaining approved labor standards for essentially the same type, quality, and quantity of work.

7. The wage rates paid handicapped workers working at piece rates shall not be less than the prevailing piece rates paid nonhandicapped employes in the same work in the vicinity in industry maintaining approved labor standards. In the absence of industry piece rates, time studies or other tests may be used by the workshop to establish piece rates. Such time studies should be made with nonhandicapped persons, although handicapped workers may be used in those situations where they are not handicapped for the type of work being tested and their production is comparable to that of nonhandicapped persons of minimum ability. The base hourly rate used in making time studies must not be less than the prevailing rate in industry for work requiring similar skill. Each handicapped worker working at piece rates must be paid his full piece rate earnings. Pooling of earnings is not permitted except where piece rates cannot be established for each individual worker, in a team operation where each worker's individual contribution to the finished product cannot be separately tallied.

8. An individual license may provide a lower minimum rate for a handicapped worker unable to earn the workshop or applicable department minimum rate. Such individual minimum rates^v may not be set at less than 50% of the rates in section Ind 72.03,^v except for a handicapped worker whose earning capacity is so severely impaired that he is unable to engage in competitive employment. The individual

minimum rate for a handicapped worker so certified may not be less than 25% of the minimum rates in section Ind 72.03. ✓

9. The workshop may not compete unfairly in obtaining subcontract work or in the sale of its products.

(e) *Records to be kept.* Every workshop shall maintain for 3 years, and have available for inspection by the department, records of:

1. Disability, which shows the nature of the handicapped worker's disability. Disabilities must be substantiated by medical or psychiatric reports or results of psychological tests, as appropriate.

2. Productivity, which shows the productivity of each handicapped worker on a continuing basis or at periodic intervals not exceeding 6 months. Where productivity is measured by means of progress reports, records must relate the worker's performance to that of a non-handicapped person receiving the prevailing wage in industry for similar work requiring similar skills. Records of time studies made to establish piece rates must be kept.

3. Learning periods, when such periods are authorized by the certificate, which shows the daily hours worked by each handicapped worker during the learning period(s), and the cumulative total of such hours.

4. Pricing of work, which shows that part of the unit prices which are allocated to direct labor (labor rate) and the average expected earnings of nonhandicapped workers at a normal expected production rate. Records of time studies made to establish prices must be kept.

5. Records for all employes including those who are not handicapped workers or clients shall be kept as required in section Ind 72.11.

6. Certification of state agencies, including copies of training or evaluation agreements, authorizations for extensions of such periods, progress reports made during such periods and evaluation of other reports on which a judgment relating to certification was made.

(f) *Posting of license.* Every workshop having a license shall post the license, or a copy of it, in a conspicuous place where it may be readily observed by all workers.

If room or board are to be provided as part payment of wages, the number of meals and nights' lodging to be furnished must be stated.

(b) *Terms and conditions of license.* 1. The license shall specify the terms and conditions under which it is granted.

2. The rate shall not be less than 75% of the rates in section Ind 72.03. ✓

3. The license shall be issued only on the basis of an hourly rate.

4. The license shall be effective for the period designated thereon, and no license shall be issued retroactively, nor shall a license be issued for more than one year unless a longer period is found to be justified by extraordinary circumstances

5. The department may set a rate of less than 75% of the rates in section Ind 72.03 ✓ based on justification of extraordinary circumstances. The rate set shall be commensurate with his or her ability. No licensee shall be employed at a rate less than the rate established.

6. The department may request an evaluation or reevaluation of the worker's abilities by the department of health and social services, division of vocational rehabilitation.

(b) *Conditions for issuing a license for a student.* 1. Each program must be a bona fide school training program.

2. The employment at subminimum rates is necessary to provide employment opportunities under the program.

3. The student must be at least 14 years of age and obtain a work permit if under 18 years of age.

4. The occupation for which the student is receiving preparatory training must require a sufficient degree of skill to necessitate a learning period.

5. The training must not be for the specific purpose of acquiring manual dexterity and high production speed in repetitive operation.

6. The employment must not have the effect of displacing a worker employed in the establishment.

7. The employment must not tend to impair or depress the wage rates or working standards established for experienced workers for work of a like or comparable character.

8. The issuance of such license must not tend to prevent the development of apprenticeship nor impair established apprenticeship standards in the occupation or industry involved.
