SEC 3.01 Commissions and expenses. (1) The aggregate amount of underwriters' and sellers' discounts, commissions and other compensation shall be reasonable, and except for issuers specified in subsection (2), is presumed reasonable if it does not exceed 10% of the aggregate selling price of the securities of if, when added to the other expenses paid or payable in connection with the offering and sale of the securities, the total of commissions and other expenses does not exceed 15% of the aggregate selling price of the securities.

(2) With respect to redeemable securities of investment companies registered under the investment company act of 1940, the maximum selling commission or discount is presumed reasonable if it does not exceed 9% of the selling price of the securities, including the percentage amount of any redemption fee payable upon redemption of the securities.

(3) With respect to investment company shares or face amount certificates sold pursuant to a contractual plan or program payable in installments, the selling commission may be deemed unreasonable if more than a pro rata portion of the total selling commission payable over the period of the contract is payable in connection with any installment payment, or if any charge or penalty is assessed for failure to make any installment payment.

SEC 3.02 Offering price. The offering price of any security shall be fair and equitable to purchasers. With respect to common stock, the offering price shall be reasonably related to the existing public market for the stock or to the net earnings of the issuer as stated in the prospectus.

(1) With respect to common stock of issuers not in the promotional or developmental stage, the offering price may be deemed unfair or inequitable to purchasers unless:

(a) The price for the stock does not exceed 25 times the issuer's net earnings per share for the last 12 months, and does not exceed 25 times its average annual net earnings per share for the last 3 years, prior to the

proposed offering date, or does not exceed such other multiple of net earnings as the commissioner may prescribe; or

(b) Information is filed with the commissioner showing there exists an adequate public market for the stock, provided that a public market will be presumed adequate if: there were at least 500 holders of such stock at the beginning and end of the 6-month period preceding the date of the filing; 200,000 shares of the stock are publicly outstanding (exclusive of shares held by officers, directors, or 5% shareholders); 2 broker-dealers regularly make a market in the stock; one financial publication regularly quotes the market price if the stock is not listed on a national securities exchange; and trading of the issuer's stock in the 6-month period preceding the date of the filing averaged at least 100 transactions or 5% of the outstanding shares (not including shares held by officers, directors or 5% shareholders) per month; or

(c) Where no adequate public market exists, information satisfactory to the commissioner is filed justifying the proposed offering price-earnings ratio in relation to price-earnings ratios of companies comparable to the issuer in terms of size, history of operations, industry and products, and other relevant factors; such information may be contained in an underwriter's memorandum on the issuer prepared in connection with the proposed offering.

(2) With respect to common stock of issuers in the promotional or developmental stage as defined in Wis. Adm. Code section SEC 3.02(3), the offering price shall be reasonably related to the price paid for the stock by promoters or controlling persons of the issuer in transactions effected prior to the public offering, except as permitted under Wis. Adm. Code section SEC 3.04.

(3) For purposes of this chapter, an issuer in the "promotional or developmental stage" means an issuer that has no significant record of operations or earnings prior to the public offering date.

History: Cr. Register, December, 1969, No. 168, eff. 1-1-70; am. (4), Register, August, 1972, No. 200, eff. 9-1-72; am. (intro), r. (1) and (2), cr. (1), renum. (4) to be (2) and am. r. and recr. (3), Register, December, 1977, No. 264, eff. 1-1-78.

SEC 3.03 Options and warrants. The amounts and kinds of options and warrants to purchase securities issued or sold, other than ratably to purchasers, in connection with a proposed offering of equity securities or securities convertible into equity securities, shall be reasonable. Options and warrants are presumed reasonable if they satisfy the following conditions:

(1) With respect to restricted or qualified stock options to employees for incentive purposes, including employee stock purchase agreements extending for a period of more than one year, the options are reasonable in number and method of exercise.

(2) With respect to options or warrants to underwriters:

(a) The options or warrants are not granted to the underwriters until the entire issue has been sold, and are not transferable except among the partners or shareholders of the underwriter;

(b) The options or warrants are issued to managing underwriters under a firm underwriting agreement, and are not transferable except among the partners or shareholders of the underwriter;

(c) The exercise price of the options or warrants is at least equal to the public offering price plus a step-up of said public offering price of either 7% each year such options or warrants are outstanding, so that the exercise price throughout the second year is 107%, throughout the third year 114%, throughout the fourth year 121%, and throughout the fifth year 128%; or in the alternative, 20% at any time after one year from the date of issuance; provided that an election as to either alternative must be made by the underwriters at the time that the options or warrants are issued;

(d) The options or warrants are issued by a company which is in the promotional or developmental stage, or which lacks a public market for its stock, or other factors justify the issuance of options to obtain underwriting services; provided that the direct commissions to the underwriters are lower than the usual and customary commissions in the absence of such options or warrants;

(e) The prospectus used in connection with the offering fully discloses the terms and the reason for the issuance of the options or warrants, and, if the reason relates to future advisory services to be performed by the underwriter, a statement to that effect is placed in the prospectus; and

(f) The value of the options or warrants shall be included in the computation of underwriting commissions and discounts. The market value of such options or warrants, if any, shall be used, and where no market value exists, a presumed fair value of not less than 20% of the public offering price of the stock to which the options or warrants relate shall be used, unless evidence indicates that a different value exists.

(3) With respect to options or warrants issued to financing institutions, other than underwriters, in connection with financing arrangements made by the issuer:

(a) The options or warrants are issued in connection with the issuance of the evidence of indebtedness of the loan;

(b) The options or warrants expire not later than 2 years after the final maturity date of the loan;

(c) The options or warrants are issued as a result of bona fide negotiations between the issuer and parties not affiliated with the issuer;

(d) The exercise price of such options or warrants is not less than the fair market value of the stock subject thereto on the date the loan is approved; and

(e) The number of shares issuable upon exercise of the options or warrants multiplied by the exercise price thereof does not exceed the principal amount of the loan.

(4) The total amount of options and warrants issued or reserved for issuance at the date of the public offering, excluding those issued to financing institutions and those issued in connection with acquisitions, does not exceed either 10% of the shares to be outstanding upon completion of the offering or 10% of the shares outstanding during the period the registration statement is effective. The number of options and warrants reserved for issuance may be disregarded if the issuer files an undertaking or states in the prospectus that the amount of outstanding options and warrants shall not exceed the above amount during the period the registration statement is effective.

(5) All options and warrants except those issued to financing institutions shall be issued at not less than fair market value on the date of issuance, and the exercise price shall not be subject to change by the issuer except in accordance with anti-dilution provisions in effect on the date of issuance.

History: Cr. Register, December, 1969, No. 168, eff. 1-1-70; am. (1) and (2) (intro. par.), Register, August, 1972, No. 200, eff. 9-1-72; am. (1), (2) (intro), (2) (a) to (e), (3) (intro.), (3) (a) to (d) and (4), Register, December, 1977, No. 264, eff. 1-1-78.

SEC 3.04 Promotional or cheap stock. (1) The offer or sale of equity securities or securities convertible into equity securities may be deemed unfair and inequitable to purchasers and to involve unreasonable amounts of promoters' profits or participations if unreasonable amounts of promotional or cheap stock have been issued or sold prior to the offering.

(2) For the purpose of this rule, "promotional or cheap stock" includes any equity or convertible securities issued or sold at any time prior to the public offering date by any issuer in the promotional or developmental stage on that date, or within 2 years prior to the public offering date by any other issuer, to any persons who were at the time of such sale or issuance or are at the time of the public offering underwriters, promoters, finders, officers, directors, or controlling stockholders of the issuer, at a price lower than or at a conversion rate or for a consideration not reasonably related to the public offering price of such securities, in the absence of any public market for such equity securities or any substantial change in the earnings or financial position of the issuer.

(3) The issuance of promotional or cheap stock is presumed reasonable if any of the following conditions are satisfied:

(a) The issuer was organized less than 2 years prior to the public offering date and is in the promotional or developmental stage, the promotional or cheap stock was issued at or shortly after the date of organization, and the amount of promotional or cheap stock issued to persons subject to this rule, when added to the number of shares of stock subject to unexercised options and warrants issued to such persons, does not exceed 25% of the amount of stock to be outstanding on completion of the offering or outstanding during the period the registration statement is effective.

(b) The amount of promotional or cheap stock issued to persons subject to this rule, when added to the amount of unexercised options and warrants issued to such persons, does not exceed 10% of the amount of stock to be outstanding on completion of the offering or outstanding during the period the registration statement is effective.

(c) The proposed offering price of the equity securities does not exceed the multiple of earnings prescribed in Wis. Adm. Code section SEC 3.02 (1) (a) for each of the last 2 years prior to the public offering date, after taking into account the promotional or cheap stock issued.

(4) Whether or not the amount of promotional or cheap stock is presumed reasonable within the meaning of subsection (3), the commissioner may require as a condition of registration that all or any part of the promotional or cheap stock be deposited in escrow pursuant to such conditions as the commissioner may prescribe, including:

(a) Stock subject to the escrow agreement may not be released until such time as the company has demonstrated by financial statements examined and reported by an independent certified public accountant, that earnings per share, before extraordinary items, were 5% per year of the public offering price per share for any 3 years ending after the public offering, 2 of which must be consecutive; if within 5 years after the date of the escrow agreement, the escrowed shares have not been released from the escrow requirements, the owners of the escrowed shares shall collectively elect to:

1. Return to the issuer and cancel a sufficient number of escrowed shares to cause the issuer's aggregate pro forma earnings per share for the 5 years to have been 12% of the public offering price per share, in which case the escrow agreement shall be terminated and the remaining shares released from escrow; or

2. Submit to the commissioner a proposal for extension or modification of the escrow agreement, provided that notice of the proposal is given to all of the shareholders in such form as the commissioner requires and a hearing thereon may be called by the commissioner; the burden of justifying an extension or modification of the escrow agreement shall be on the owners of the escrowed shares; after notice and opportunity for hearing, the commissioner may order extension or modification of the escrow agreement upon such terms as are deemed fair and equitable; if the escrow agreement is not so extended or modified, the owners of the escrowed shares shall return shares to the issuer for cancellation as specified in subparagraph 1. of this section;

(b) The foregoing notwithstanding, shares in escrow may be:

1. Released if the public offering is terminated and no securities were sold, or if the holders of $\frac{2}{3}$ of the unescrowed shares join in petitioning for release of the shares from escrow;

2. Transferred by will or pursuant to the laws of descent and distribution, without the consent of the commissioner, but shall remain in escrow; and

3. Transferred if the commissioner grants a request to permit the release, which request is in writing, states the reason and proposed consideration for the transfer, and that the transferee shall agree to redeposit the shares in escrow under the same terms;

(c) The shares held under an escrow agreement pursuant to a public offering shall not have any right, title, interest, or participation in the assets of the issuer in the event of dissolution, liquidation, merger, consolidation, reorganization, sale of assets, exchanges or any transaction or proceeding which contemplates or results in the distribution of the assets of the issuer, until the holders of all unescrowed shares sold in the offering have been paid, or had irrevocably set aside for them an amount equal to the purchase price per share in the public offering, adjusted for stock splits and stock dividends; subsequently, the escrowed shares shall be entitled to receive an amount equal to the tangible consideration furnished for the shares, and thereafter, all shareholders shall participate ratably;

(d) Shares held under an escrow agreement shall continue to have all voting rights to which those shares are entitled, provided any dividends paid on such shares shall be paid to the escrow agent and held pursuant

to the terms of the agreement; may be used to satisfy the requirements of subsection (c); and in the event any shares held under an escrow agreement are returned to the issuer for cancellation, all dividends paid on such shares and held in escrow shall also be returned to the issuer;

(e) The escrow agreement shall include provisions to permit the commissioner, upon a finding of a violation of this chapter, and where necessary for the protection of security holders and in the public interest, after prior notice and opportunity for hearing, to order the return of escrowed shares to the issuer for cancellation in whole or in part; and

(f) The terms and conditions of the escrow agreement may be terminated, revoked, modified, or released only upon the written consent of the commissioner.

SEC 3.05 Promoters' investment. (1) The offer or sale of securities of an issuer in the promotional or developmental stage may be deemed unfair and inequitable to purchasers unless the fair value of the equity investment of the officers, directors, and promoters of such issuer, determined as of the offering date, equals at least 10% of the total equity investment resulting from the sale of all the securities which are the subject of the proposed offering.

(2) For the purpose of this rule:

(a) The "fair value of the equity investment of the officers, directors and promoters" means the total of all amounts paid to the issuer in cash and the reasonable value of all tangible assets paid to the issuer, as determined by independent appraisal or otherwise, and as adjusted by the retained earnings of the issuer subsequent to the dates of such payments.

(b) "Total equity investment" means the total of the par or stated value of all securities of the issuer outstanding or offered or proposed to be offered, and the amounts of any additional capital (paid in and other) and as adjusted by retained earnings.

History: Cr. Register, December, 1969, No. 168, eff. 1-1-70; am. (2) (a) and (3), Register, August, 1972, No. 200, eff. 9-1-72; am. (1), (2) (a) and (6), r. (3), Register, December, 1977, No. 264, eff. 1-1-78.

SEC 3.06 Preferred stock and debt securities. (1) The offer or sale of preferred stock of an issuer may be deemed unfair and inequitable to purchasers unless the net earnings of the issuer, for its last fiscal year prior to the offering and for the average of its last 3 fiscal years prior to the offering, are sufficient to cover the dividends on the preferred stock proposed to be offered. Net earnings shall be determined exclusive of non-recurring items and shall be adjusted for any preferred stock to be redeemed with the proceeds of the offering, less applicable income tax effects. The commissioner may waive the foregoing requirement upon evidence of a sufficient future net earnings capability.

(2) The offer or sale of debt securities of an issuer may be deemed unfair and inequitable to purchasers unless the net earnings of the issuer, for its last fiscal year prior to the offering and for the average of its last 3 fiscal years prior to the offering, are sufficient to cover the interest requirements on the securities proposed to be offered. Net earnings shall

be determined before income taxes, depreciation and extraordinary items, and shall be adjusted for any debt securities to be redeemed with the proceeds of the offering. The commissioner may waive the foregoing requirement upon evidence of a sufficient future net earnings capability.

(3) If the issuer has made or proposes to make any material acquisitions subsequent to the last year specified in subsections (1) or (2), the earnings for such year shall be restated on a pro forma basis to reflect such acquisitions.

(4) The offer or sale of preferred stock or debentures by an issuer in the promotional or developmental stage is deemed unfair and inequitable to purchasers unless justified by the issuer or registrant under subsection (1) or (2).

(5) This rule does not apply to the offer or sale of:

(a) Debt securities by a nonprofit issuer under section 551.23(15), Wis. Stats.;

(b) Securities issued pursuant to a voluntary or involuntary corporate reorganization; or

(c) Securities of an issuer whose financial structure or the issuance of whose securities is regulated by a federal or state governmental authority.

(6) The offer or sale of debt securities may be deemed unfair and inequitable to purchasers if the issuer offers to repurchase such securities at the request of the holder prior to maturity (except pursuant to sinking fund provisions or optional redemption provisions on specified dates) unless made in compliance with the following provisions:

(a) *Threshold test.* Subject to subsection (b), an issuer may repurchase its debt securities at the request of the holders if its aggregate net earnings for the 3 preceding years and in the year immediately preceding the year of repurchase equalled or exceeded its aggregate fixed charges, as evidenced by a written statement of an independent certified public accountant, in connection with the annual examination of the issuer's financial statements, filed with the commissioner, as to whether or not the accountant has obtained knowledge of any failure of the issuer to meet this test. "Net earnings" means income before income taxes, extraordinary items, and interest expense. "Fixed charges" means interest on all debt, and dividends on other fixed obligation securities such as preferred stock.

(b) *Conditions of repurchase.* 1. Order of repurchase. Subject to the limitation in subdivision 2., securities shall be repurchased on a first-come, first-served basis, except that no repurchases may be made from any person controlling, controlled by, or under common control with the issuer until all other pending requests for repurchase have been satisfied.

2. Limit on repurchases from one person. The issuer may not, in any 6-month period, repurchase from any person, including all joint, common and beneficial owners with such person, more than 1% of the publicly-held debt securities outstanding at the time repurchase is made until all other pending requests for repurchase of 1% or less have been satisfied. This limitation shall not apply to the repurchase of securities held as of

August 2, 1973, by persons who as of such date held more than 1% of the outstanding debt securities.

3. Limit on total repurchases. a. Repurchases shall not reduce the issuer's current assets, exclusive of excess inventory, to an amount less than its current liabilities, nor reduce its total assets to an amount less than its total liabilities, excluding shareholder's equity. "Excess inventory" means inventory in excess of a 4-month supply based on sales of the preceding year.

b. If the issuer is engaged in a business for which generally accepted accounting practices do not provide or permit the use of a classified balance sheet, current assets shall mean total assets less (i) property and equipment, net of depreciation; (ii) unamortized debt expense; and (iii) other assets not acquired in the normal course of business and expected to be liquidated after 1 year from the balance sheet date; and current liabilities shall mean total liabilities unless (i) non-current maturities of long-term debt, and (ii) shareholder's equity.

4. Reports. Within 30 days after the end of each month during which repurchases are made, the issuer shall file with the commissioner a balance sheet (which may be unaudited) as of the beginning of such month during which repurchases were made, and a statement as to (i) the total amount of repurchases made during the month; (ii) the total amount of repurchase requests which were not met; and (iii) the name, address and amount of repurchase from every person controlling, in control of, or under common control with, the issuer. If the issuer prepares monthly financial statements, such reports may be made quarterly covering the preceding 3 months and shall be filed within 30 days after the end of the quarter.

(c) *Cover page of prospectus.* The cover page of the prospectus relating to the securities shall include the following statement in bold face type: "THESE SECURITIES MAY BE REDEEMED PRIOR TO MATURITY AT THE REQUEST OF THE HOLDER ONLY UNDER CERTAIN RESTRICTED CONDITIONS, SEE PAGE ____." On the page referred to, the limitations set forth above, the amount of the debt securities redeemed in each of the preceding 3 years, the ratio of net earnings to fixed charges in each of the preceding 3 years, and the average ratio for those 3 years, shall be described in full.

(d) *Subscription agreement.* Any subscription agreement relating to the debt securities shall include the following statement in bold face type: "THESE SECURITIES MAY BE REDEEMED PRIOR TO MATURITY AT THE REQUEST OF THE HOLDER ONLY UNDER CERTAIN RESTRICTED CONDITIONS, SEE PAGE ____." A copy of the subscription agreement must be provided to each purchaser.

SEC 3.07 Voting rights. (1) If the issuer is a corporation having more than one class of equity securities authorized or outstanding, the offer or sale may be deemed unfair and inequitable to purchasers if the class of equity securities offered or sold to such purchasers:

(a) Has no voting rights; or

(b) Has less than equal voting rights, in proportion to the number of shares of each class outstanding, adjusted for any prior reclassification of securities, on any matter, including election to the board of directors of the issuer; unless preferential treatment as to dividends and liquidation is provided with respect to the class of equity securities offered or sold or the inequality in voting rights is otherwise justified.

(2) If the issuer is a partnership, the offer or sale of its limited partnership interests may be deemed unfair and inequitable to purchasers unless the partnership agreement provides that:

(a) The limited partners, by a vote of a majority of the outstanding amount of limited partnership interests, shall have the right to remove the general partner, to amend the partnership agreement, to compel or refuse to approve the sale of all or substantially all the partnership's assets, to dissolve the partnership, and to continue its business with a substituted general partner;

(b) The general partner shall cause a vote to be taken on any of the matters referred to herein upon the written request of 10% of the outstanding amount of limited partnership interests;

(c) Each limited partner shall have the right to a complete list of names, addresses, and interests of all limited partners, upon written request to the general partner, for any proper purpose;

(d) The partnership agreement shall not be amended in any material respect affecting the rights or interests of the limited partners except by the affirmative vote of not less than a majority of the outstanding amount of limited partnership interests; and

(e) All contracts whereby services or goods are to be furnished to the partnership by the general partners or any entity directly or indirectly controlled by the general partner shall provide that the contract may be modified only by a vote of a majority of the outstanding limited partnership interests, and shall allow termination of such contract without penalty upon 60 days notice by a vote of the majority of the outstanding limited partnership interests; or unless the partnership agreement includes appropriate alternative provisions or the lack of limited partners' rights is otherwise justified.

SEC 3.08 Capitalization. The offer or sale of debt securities shall be in an amount which, upon completion of the offering, is reasonable in proportion to the amount of equity of the issuer, with reasonableness to be determined in relation to the prevailing debt-equity ratios for comparable companies in the issuer's industry.

History: Cr. Register, December, 1969, No. 168, eff. 1-1-70; r. and recr. Register, December, 1977, No. 264, eff. 1-1-78.

SEC 3.09 Open-end investment companies. The offer or sale of redeemable securities of an open-end management investment company, as defined in the investment company act of 1940, may be deemed unfair and inequitable to the purchasers thereof unless its prospectus, advisory contract, or organizational instruments include provisions satisfying the following requirements:

(1) The investments of the company shall be restricted in the following respects:

(a) No diversified investment company shall purchase the securities of any issuer, excluding government securities, if by reason thereof the value of its investment in all securities of that issuer will exceed 5% of the value of its total assets.

(b) No investment company shall purchase any securities of the classes herein defined, if by reason thereof the value of its aggregate investment in such classes of securities will exceed: 10% of its total assets in securities of issuers which the company is restricted from selling to the public without registration under the securities act of 1933; 5% of its total assets in securities of unseasoned issuers, including their predecessors, which have been in operation for less than three years, and equity securities of issuers which are not readily marketable; or 5% of its total assets in puts, calls, straddles, spreads, and any combination thereof.

(c) No investment company shall invest any part of its total assets in real estate or interests therein, excluding readily marketable securities; commodities or commodity futures contracts; or interests in oil, gas, or other mineral exploration or development programs.

(d) The fundamental investment policies of the company shall be stated in the prospectus in reasonable detail and shall not be materially changed in any respect unless authorized by the vote of a majority of the outstanding voting securities of the company.

(2) The policy stated or followed by any investment company of engaging in any material respect in any of the following or related speculative activities, whether individually or in combination, and the relatively greater risks or costs involved in such activities, shall be disclosed or clearly referred to in bold face type on the cover of the prospectus or on a prospectus supplement satisfactory in form to the commissioner:

(a) Borrowing money for investment in securities, excluding borrowing for temporary purposes;

(b) Purchasing securities for short-term trading;

(c) Purchasing restricted securities as herein defined;

(d) Purchasing put or call options or combinations thereof; or

(e) Short selling of securities, excluding short selling against the box.

(3) The aggregate annual expenses of every character paid or incurred by an investment company, including management and advisory fees but excluding interest, taxes, brokerage commissions and extraordinary expenses, whether such expenses are payable by the company or its shareholders, calculated at least quarterly on a basis consistently applied, shall not exceed 2% of the first \$10 million of its average net assets, 1½% of the next \$20 million of the average net assets, and 1% of any additional net assets. The investment adviser or manager shall reimburse the investment company not less than annually for the amount by which such aggregate annual expenses exceed the amounts herein provided, up to an amount not exceeding its management and advisory fees for the period for which reimbursement is made, prior to publication of the company's annual report, and shall promptly notify the commissioner if the aggregate expense limitation is exceeded by reason of

any extraordinary expenses. The commissioner may require the investment adviser or manager to maintain financial resources reasonably sufficient to enable it to meet its reimbursement obligation hereunder.

(4) The net assets of an investment company, upon completion of the initial public offering of its securities or within a period of 2 years after the commencement thereof or such additional period as the commissioner may permit, shall not be less than one million.

(5) All payments by an investment company upon redemption of securities of which it is the issuer shall be made in cash, except that the payments in cash by a company which has filed an election pursuant to rule 18f-1 under the investment company act of 1940 may be limited to the amount specified thereunder. The company shall give prompt written notice to the commissioner prior to effecting any redemption in assets other than cash in this state, specifying the manner in which such redemption will be effected and the securities to be distributed upon redemption. The redemption fee payable by any shareholder shall not exceed 1% of the amount receivable upon redemption of his shares, except that if the shares of a company are sold without sales commission, the redemption fee shall not exceed 2% of such amount, subject to such conditions as the commissioner may prescribe.

(6) An investment company shall not effect any brokerage transactions in its portfolio securities with any broker-dealer affiliated directly or indirectly with its investment adviser or manager, unless such transactions, including the frequency thereof, the receipt of commissions payable in connection therewith, and the selection of the affiliated broker-dealer effecting such transactions, are not unfair or unreasonable to the shareholders of the company. The commissioner may require the company to file periodic reports concerning all such brokerage transactions.

(7) Each registered investment company shall notify the commissioner promptly when it is not in compliance with any of the above requirements, and its registration statements shall be subject to revocation or suspension.

SEC 3.10 Closed-end investment companies. The offer or sale of securities of a closed-end management investment company, as defined in the investment company act of 1940, may be deemed unfair and inequitable to the purchasers thereof unless its prospectus, advisory contract, or organizational instruments include provisions satisfying the following requirements:

(1) The company shall not at the time of purchase, as to its total assets:

(a) Invest more than 30% in restricted debt securities, unless permitted by the commissioner upon proper justification;

(b) Invest more than 15% in non-liquid investments, including, but not limited to, commodities, real estate, general and limited partnership interests, oil and gas interests, options and warrants, puts, calls, straddles, spreads, and restricted securities, except as provided in (a); or

(c) Invest more than 10% in the securities of real estate investment trusts or other investment companies, unless permitted by the commissioner upon a showing that such investments involve no duplication of management or advisory services.

(2) The company shall not invest in securities carrying more than 10% of the voting rights of any issuer;

(3) The company shall not invest in more than 10% of the equity securities of any one issuer;

(4) The company shall not at any time, as to 75% of its total assets, invest more than 5% in the securities of any one issuer, exclusive of government securities.

(5) The company shall not effect any brokerage transactions in its portfolio securities with any broker-dealer affiliated directly or indirectly with its investment adviser or manager, unless such transactions (including the frequency thereof, the receipt of commissions payable in connection therewith, and the selection of the affiliated broker-dealer effecting such transactions) are not unfair and inequitable to shareholders.
