Trans 1.01 Purpose and scope of rule. The purposes of this chapter are to establish the department of transportation's administrative interpretation of s. 85.08 (5), Stats., and to prescribe administrative policies and procedures for implementing the elderly and handicapped transportation assistance program for counties authorized under s. 85.08 (5), Stats.

History: Cr. Register, January, 1978, No. 265, eff. 2-1-78.

Trans 1.02 County proportionate share; allocation method. (1) In accordance with the statutory direction in s. 85.08 (5) (b) 1, Stats., the department shall determine the amount of each county's proportionate share of moneys appropriated in each year for the operation of this program. The amount of money available for allocation in any calendar year shall be the amount appropriated for the fiscal year in which that calendar year begins.

(2) (a) The department shall base its determination of county proportionate shares on the most recent relevant census and statistical data and projections from the U.S. department of commerce, bureau of the census and the Wisconsin department of administration.

(b) For the purposes of determining a county's proportionate share, the department shall include all elderly and handicapped persons who reside in institutions within that county.

(c) Handicapped persons who are age 65 or older shall be counted only once for aid allocation purposes.

(3) Subject to adjustments that ensure that counties receive not less than \$10,000 in 1980 and \$12,000 in 1981, the amount of aids allocated to each county shall equal the total amount available for allocation for the calendar year multiplied by the ratio of the number of elderly and handicapped persons in the county to the total number of elderly and handicapped persons in Wisconsin. (The final aids allocation figures for each county and the data and statistics used in making the aid allocations are available for inspection at the department upon request.)

Trans 1.03 Use of allocated aids. (1) Subject to the conditions and limitations specified in sub. (2), a county may use the aids allocated under section Trans 1.02 to:

(a) Continue existing elderly and handicapped transportation projects for which existing federal and state funding sources are no longer available;

(b) Expand existing elderly and handicapped transportation projects;

(c) Create new elderly and handicapped transportation services; and

(d) Undertake planning or management studies of county-wide or multicounty coordinated systems of elderly and handicapped transportation services.

(2) A county may not use its allocated aids to reduce existing county funds devoted to transportation service to the elderly and handicapped. A county applying for aids allocated under this program shall affirm that it will use the aids for the purposes specified in subsection (1) and that it will not decrease its existing financial support of transportation services for the elderly and handicapped.

Trans 1.04 Accessibility. A county application for aids shall address the issue of the need for transportation services that are accessible to the developmentally and physically handicapped population of that county. A county shall either make efforts to make accessible transportation available to the elderly and handicapped or demonstrate that accessible transportation services are currently available. A county shall also propose specific steps to improve accessible transportation services for a 3-5 year period following the project year.

History: Cr. Register, January, 1978, No. 265, eff. 2-1-78; am. Register, November, 1978, No. 275, eff. 12-1-78.

Trans 1.05 Required county share. A county applying for its allocated aids shall be required to make a local cash match in an amount not less than 10% of its aid allocation for that year. The local share shall be a financial contribution; no in-kind services are allowed as part of the local share. The local share shall be an auditable item in the county's system of accounts.

History: Cr. Register, January, 1978, No. 265, eff. 2-1-78.

Trans 1.06 Annual application. (1) Any county may apply to the department for distribution of its allocated aids. Two or more counties may jointly prepare a single project proposal, but each participating county is required to submit its own application. The department shall distribute the funds upon approval of the application and the execution of a contract by the department and the county. The contract shall provide for a schedule of disbursement of the allocated aids.

(2) Applications for grants of allocated aids shall be submitted to the department no later than November 15 of the year immediately preceding the project year. Counties may request up to a 15-day extension of this due date and the department may grant such requests. Applications shall be made in a manner and form prescribed by the department.

(3) Applications shall include, but not be limited to, a project description, a project budget, and such other relevant information as the department may require to effectively evaluate the proposal. In addition,

Register, December, 1979, No. 288

the application shall include formal comments on the proposed project(s) by appropriate county agencies such as committees or commissions on aging and boards created under ss. 51.42 and 51.437, Stats.

(4) Each county application shall also include a resolution of the county board authorizing the preparation of the application by a specified individual, appropriating the county's matching share required under section Trans 1.05, and authorizing a specific individual to sign the state aid contract on behalf of the county.

(5) A county shall submit the original of its application to the department's appropriate transportation district office.

(6) A county applicant shall submit a copy of its application for review and comment purposes to the appropriate regional planning commission, to the appropriate area agency on aging and to the appropriate department of health and social services' division of community services' regional office. In order to be considered by the department, comments by such agencies must be submitted to the department's appropriate transportation district office within 30 days of submission of the county's application to the department.

History: Cr. Register, January, 1978, No. 265, eff. 2-1-78; am. Register, November, 1978, No. 275, eff. 12-1-78.

Trans 1.07 Public hearing. (1) A county applicant is required to conduct a public hearing so that interested persons in the county may be informed of the proposed project and have an opportunity to express their views before the application is submitted to the department. The applicant shall include in its application a brief description of the hearing (where, when, number attending, etc.), and a summary of the views expressed at the hearing. Any written statements presented at the public hearing shall be submitted to the department along with other documentation from the hearing.

(2) The applicant shall publish notice of the public hearing not less than 10 days prior to the hearing. A preliminary draft of the application shall be available for public inspection not less than 10 days prior to the hearing. The published notice shall indicate where the draft application is available for public inspection. At a minimum, the public hearing notice shall be published in the official county newspaper, or if there is no official county newspaper, then in a newspaper likely to give notice in the area or to the persons affected in accordance with s. 985.02 (1), Stats. A county applicant shall make appropriate efforts to encourage residents to attend the public hearing.

Trans 1.08 Reporting requirements. (1) All grant recipients are required to maintain records as required by the department. The following information shall be furnished to the department on a quarterly basis on forms provided by the department:

(a) Number of persons served by trip purpose per month;

(b) Number of elderly people, both ambulatory and nonambulatory, and the number of handicapped people, both ambulatory and nonambulatory, served per month;

(c) A quarterly evaluation of services, including progress, problems and minor changes experienced by each service provider;

(d) Revenues received, including sources; and

(e) Any other information that may be deemed necessary by the department to aid the efficient and effective administration of the program.

(2) All grant recipients are required to submit a final report for each calendar year in which they have participated in the program. The final report shall be submitted to the department by January 15 of the next following year and shall include:

(a) A year-end summary of the quarterly information furnished in the quarterly reports; and

(b) An evaluation of the overall effectiveness of the specialized transportation services in meeting the goals, objectives and standards established by the county for those services.

(3) Each report required under this section shall bear a statement certifying that:

(a) All state aids received together with the local matching funds have been used in accordance with the terms of the contract and this chapter;

(b) The quarterly and final reports are true and accurate; and

(c) Appropriate accounts and records relating to the program have been maintained by the county and are available to the department for inspection or audit.
