

also prohibit the licensing of any of the lands involved in any new license for a period of one year.

(b) All pheasants and quail liberated shall be of high-quality stock, fully feathered, and not less than 12 weeks of age. For the purpose of assuring high-quality stock, pheasants and quail shall not be debeaked more than $\frac{1}{4}$ inch and not less than 2 weeks prior to release. Brailed pheasants and quail shall have the brail removed not less than 2 weeks prior to release. Pheasants and quail shall not be held in crates or other containers more than 24 hours prior to release. Upon written certification by the department representative, listing the number and varieties of pheasants and quail stocked, or placed in holding pens (see (e) below) and the date of such stocking or holding, shooting preserve seals shall be furnished by the department at a cost of 5 cents each to the licensee at a ratio of 75% of the total birds certified. All shooting preserve seals and seal credits shall expire on March 1.

(c) Upon leaving preserve no person shall have in possession or under control any dead pheasant or quail of any species or varieties showing indications that they have been shot, unless the proper shooting preserve seal has been attached. Such seals shall be supplied by the department at a cost of 5 cents each. This regulation will apply both during the general open season for pheasants and quail and during the special pheasant and quail season prescribed in this section for licensed shooting preserves.

(d) Whenever a shooting preserve licensee indicates to the department the desire to stock pheasants or quail on a shooting preserve area, the licensee shall notify an authorized representative of the department who shall certify to all pheasants and quail liberated. Such representative shall thereafter notify the department in writing of the number and varieties stocked and the day and date when such stocking occurred, except as provided in par. (e).

(e) Any shooting preserve shall be authorized to retain and stock pheasants and quail from an approved holding pen provided such birds have been counted and certified by a department representative. The licensee agrees to stock all pheasants and quail so retained.

(f) A daily record shall be kept by the licensee of all pheasant and quail stocking and harvesting, including stocking or removal from holding pens. Such daily records and inspection of the licensed area, holding pen, and pheasants and quail, shall be open to representatives of the department at any time. Reports shall be filed with the department on forms and on dates as specified by the department.

(10) DOG TRIALS OR DOG TRAINING ON LICENSED SHOOTING PRESERVES. During the closed season for the taking of pheasants and quail within the boundaries of a licensed shooting preserve, a dog trial or dog training permit may be issued under the provisions of sections NR 17.01 and 17.02, Wis. Adm. Code. Pheasants and quail released or taken under the provisions of such permit shall be tagged as provided, but shall not be required to be additionally tagged with a shooting preserve tag, nor shall any of the any of the stocking procedures, tagging, or credits of shooting preserve code section NR 19.07 (8) apply under such permit.

NR 19.11 Scientific collectors permits. (1) **DEFINITIONS.** For purposes of implementing s. 29.17, Stats., and within this section, the following definitions apply:

(a) "Qualified natural person" or "person" means any individual complying with s. 29.17, Stats., and this section, not including a corporation, partnership, cooperative, society, association or other organization.

(b) "Bonafide research program" means planned study and investigation undertaken to discover or establish facts or principles leading to increased, useful scientific knowledge.

(c) "Useful scientific knowledge" means new information contributing to the long-term well-being of wild animals and their habitats, or providing educational opportunities in the natural sciences.

(2) **APPLICABILITY.** (a) *Permits not required.* Scientific collectors permits are not required for the collection of wild plants, unprotected wild animals taken legally, or wild animals obtained from licensed game farms or fish hatcheries.

(b) *Bird banding.* Scientific collectors permits will be required for trapping and banding protected nonmigratory upland game birds.

(c) *Licenses.* This section does not exempt permittees or their agents from possessing fishing, hunting or trapping licenses as required by ch. 29, Stats.

(d) *Endangered species.* Endangered or threatened wild animals may be collected only under authority of endangered species permits issued

by the department pursuant to s. 29.415, Stats., and ch. NR 27, Wis. Adm. Code.

(3) PERMIT APPLICATIONS. (a) *Forms*. Applications for scientific collectors permits shall be made on application forms provided by the department and include:

1. Name and address of the applicant;
2. Applicant's personal description;
3. Purpose of the request;
4. Species and number of specimens to be collected;
5. Places and times when specimens are to be collected;
6. Method of collecting;
7. Place where collections will be kept; and
8. Such additional information as may be requested by the department.

(b) *Narrative proposal*. All permit applications shall be accompanied by a written proposal stating the objectives, justifications, procedures, times and places of collection, application of results and sponsor, if any, of the project described in the application.

(4) PERMIT ISSUANCE. (a) *Issuance*. Permits shall be issued in the name of the applicant. All agents of the permittee assisting in the permitted collections will be listed on the permit. Separate copies of permits shall be signed and carried by each person named in the permit when that person is acting under it in the absence of the permittee.

(b) *Specimen materials*. A permit will be issued for collections yielding preserved specimen materials only when such materials are to be kept in a place and manner where students and the public have access to them. Private collections to be kept in a manner not open to the public will not be approved.

(c) *Conditions*. 1. 'Contents'. Permits will contain conditions deemed necessary by the department to protect the resources of the state and assure use of specimens taken are in compliance with s. 29.17, Stats.

2. 'Nonresidents'. Permits issued to nonresidents will set forth conditions of removal of specimens from the state.

3. 'Federal permits'. Permits involving the capture, marking, collection, possession, or salvage of migratory birds or parts, nests or eggs of migratory birds will not be issued until the applicant possesses a permit issued by the U.S. fish and wildlife service for that activity.

4. 'Size of collections'. Permits will not be issued which authorize collections endangering the population of animals the collection would draw from, or exceeding the number of animals required to meet the permittee's objectives.

5. 'Unprotected species'. Permits will not be issued for the collection of protected species if unprotected species can be used to accomplish the same purposes.

(5) PERMIT USAGE. (a) *Disposition of specimens*. 1. Living unharmed specimens collected during the course of permitted activities shall be returned to the wild at the point of capture, unless otherwise provided in the permit.

2. Any endangered or threatened species taken unintentionally during the course of permitted activities shall be immediately released if unharmed.

3. Injured or dead wild animal specimens shall be immediately turned over to the department employe named in the permit unless otherwise provided in the permit.

(b) *Notification of department*. Each permittee shall notify the department employe named in the permit at least 48 hours prior to collecting of the time and place where specimens will be collected.

(c) *Marked gear*. All traps, nets and any other gear used for capturing wild animals under terms of a permit shall be marked with the permit number, name and address of the permittee.

(d) *Trap and net tending*. All traps, nets and other capture gear in use under the authority of a permit shall be checked and emptied by the permittee at least once each 24-hour period.

(e) *Fishing gear restrictions*. 1. 'Gill nets'. Gill nets may not be used in inland waters unless specifically authorized by a permit.

2. 'Buoys'. All buoys and buoy staffs shall be marked and maintained as required by the department. The permit number, name and address of the permittee shall be maintained in plain figures on the bowl of the buoy.

3. 'Sport fishing equipment'. Hook and line fishing equipment and spearing equipment may not be possessed on a boat operating under a permit without prior approval of the department.

(6) RECORDKEEPING AND ANNUAL REPORTS. (a) *Records*. Each permittee shall keep current records, in the English language, of all collections under the permit. Records of collections shall be made available to the department during normal business hours, or upon 8 hours notice at other times.

(b) *Required reports*. Permittees shall supply information requested by the department and annually file a complete and accurate report on forms covering activities conducted under authority of the permit. Unless otherwise provided in the permit, such reports shall be filed using a report form provided by the department not later than January 10 of the year following expiration of the permit.

(c) *Content*. Annual reports by permittees shall include:

1. The common name, scientific name and number of each species and type of specimen material collected;
2. The date and geographic location of each collection;
3. Collection methods;
4. Disposition of collected specimens; and
