

Chapter HSS 122

LONG-TERM CARE FACILITY BED ADDITIONS AND
CAPITAL EXPENDITURES REVIEW

HSS 122.01	Authority and purpose	HSS 122.06	Request for applications
HSS 122.02	Applicability	HSS 122.07	Review criteria and selection process
HSS 122.03	Definitions	HSS 122.08	Hearing process
HSS 122.04	Statewide bed limit	HSS 122.09	Enforcement
HSS 122.05	Bed allocation methodology		

Note: Chapter HSS 122 was created as an emergency rule effective January 1, 1984. This chapter and chapter HSS 123 replace chapter H 3.

HSS 122.01 Authority and purpose. This chapter is promulgated under the authority of s. 150.03, Stats. It provides definitions, criteria and procedures to implement subchs. I and II of ch. 150, Stats., concerning containment of health care costs through the biennial establishment of a limit on the number of nursing home beds permitted in the state, interim adjustments to that limit and approval by the department of projects proposing to add to the supply of nursing home beds and of other projects proposing capital expenditures for nursing homes in excess of \$600,000.

History: Cr. Register, March, 1985, No. 351, eff. 4-1-85.

HSS 122.02 Applicability. (1) This chapter applies to all activities described in s. 150.21, Stats., undertaken by or on behalf of any nursing home including any facility for the developmentally disabled (FDD).

(2) The following activities are subject to review and approval under this chapter as the construction or total replacement of a nursing home within the meaning of s. 150.21 (1), Stats., or an increase in the bed capacity of a nursing home within the meaning of s. 150.21 (2), Stats.:

(a) The conversion of a skilled nursing facility under 42 CFR 442 Subpt. D or an intermediate care facility under 42 CFR 442 Subpt. F to an intermediate care facility for the mentally retarded under 42 CFR 442, Subpt. G, for purposes of medical assistance certification;

(b) The conversion of an intermediate care facility for the mentally retarded under 42 CFR 442 Subpt. G to a skilled nursing facility under 42 CFR 442 Subpt. D or an intermediate care facility under 42 CFR 442 Subpt. F, for purposes of medical assistance certification;

(c) A conversion described in par. (a) or (b) of part of a facility; and

(d) Any other activity which would increase the statewide number of beds in FDDs or beds in nursing homes exclusive of FDDs.

History: Cr. Register, March, 1985, No. 351, eff. 4-1-85; emerg. renum. to be (1), cr. (2), eff. 1-1-87; renum. to be (1), cr. (2), eff. 5-31-87; renum. to be (1), cr. (2), Register, October, 1987, No. 382, eff. 11-1-87.

HSS 122.03 Definitions. In this chapter:

(1) "Affected party" means:

(a) The applicant;

Register, October, 1987, No. 382

(b) Other persons providing similar services in the applicant's planning area;

(c) Members of the public to be served by the project;

(d) The HSA in the area in which the nursing home project under review is or will be located, and other planning agencies, including area agencies on aging and zoning authorities;

(e) Other applicants undergoing concurrent review;

(f) Local units of government, including county boards of supervisors and city councils, and the administrative agencies serving those units of government; and

(g) Third-party payers.

(2) "Applicant" means a person who requests an approval or for whom an approval is requested.

(3) "Approval" means a written statement from the department authorizing a person to commence implementation of a reviewed project.

(4) "Approval holder" means a person to whom an approval has been issued.

(5) "Biennium" means a two-year period beginning on July 1 of an odd-numbered year.

(6) "Capital expenditure" means an expenditure by or on behalf of a nursing home or FDD which is not properly chargeable as an expense of operations or maintenance. A capital expenditure does not include an expenditure for a housing project or a day care center or for a community-based residential facility not participating in the medical assistance program.

(7) "Center for the developmentally disabled" or "center" has the meaning specified in s. 51.01 (3), Stats.

(8) "Community-based residential facility" or "CBRF" has the meaning specified in s. 50.01 (1), Stats.

(9) "Concurrent review" means the review of competing applications for new beds in the same planning area.

(10) "Cost overrun" has the meaning prescribed in s. 150.01 (9), Stats., namely, an obligation exceeding the maximum capital expenditure authorized by an approval.

(11) "Date of notification" means the date on which the department publishes in a newspaper of general circulation and in the department's bureau of planning and development newsletter notice of receipt of and the proposed period for review of all applications being reviewed.

(12) "Day care center" means a facility where a person other than a relative or guardian provides care and supervision to adults or children on a nonresidential basis.

(13) "Department" means the department of health and social services.

(14) "Facility for the developmentally disabled" or "FDD" means a Wisconsin center for the developmentally disabled licensed under ch. H 34 [HSS 134] or a type of nursing home which, for the purpose of establishing and adjusting bed limits, is distinguishable from other nursing homes by primarily serving residents whose diagnosis is a long-term, chronic, developmental disability. Except as otherwise provided in rule by the department, "primarily serving," in this subsection, means that the facility's resident census, calculated on an annual basis, consists of the following minimum proportion of residents who have a developmental disability as their diagnosis and who require and receive active treatment:

(a) Fifty-one percent or greater for facilities licensed before the effective date of this chapter; and

(b) Eighty percent or greater for facilities newly licensed on or after the effective date of this chapter.

(15) "Health service area" means one of the areas of the state designated pursuant to 42 USC 300L for health planning purposes, with the boundaries indicated in Appendix A.

(16) "Health systems agency" or "HSA" means an agency designated under 42 USC 300L. In this chapter, where reference is made to a single HSA, the HSA is the agency within the area of which the proposed facility will be constructed or bed expansion or capital expenditure will occur.

(17) "Long-term care facility" means a facility for the developmentally disabled or other nursing home.

(17m) "Long term care services" means services provided by nursing homes and services provided by community agencies to persons diverted or relocated from nursing home placement under a medical assistance waiver.

(18) "Material change in project scope" means the inclusion of beds not originally part of the application or a significant design change in the project which has a financial impact on the project.

(19) "Medical assistance" or "MA" means an assistance program under 42 USC 1396 and ss. 49.43 to 49.49, Stats.

(20) "New beds" means beds allocated for addition to the current licensed bed capacity of any planning area.

(21) "Nursing home" has the meaning specified in 50.01, Stats.

(22) "Person" means an individual, trust or estate, partnership, corporation, state or a political subdivision or agency of a state or local government unit.

(23) "Planning areas" means, for the purpose of nursing home planning and bed allocation, exclusive of FDDs, the health service areas. For purposes of FDD planning and bed allocation, "planning areas" means the health service areas, except for the centers for the developmentally disabled for which the entire state is a single planning area.

(24) "Replacement" means, in reference to a project, the construction of beds or related space to take the place of an equal or greater number of beds or related space in the same planning area.

(25) "Secretary" means the secretary of the department of health and social services.

(26) "Total replacement" or "totally replace" means the closing of a facility and the construction or licensure of an equal or lesser number of beds and ancillary space designed to replace that facility within the planning area.

History: Cr. Register, March, 1985, No. 351, eff. 4-1-85; cr. (17m), Register, January, 1987, No. 373, eff. 2-1-87.

HSS 122.04 Statewide bed limit. (1) DEPARTMENT RECOMMENDATION.
(a) Nursing homes exclusive of FDDs. The department shall biennially update and submit to the legislature statewide recommended bed limits for nursing homes exclusive of FDDs, taking into account programs the purpose of which is to reduce institutionalization of persons in long-term care facility settings. In developing the recommendation for a new statewide bed limit, the department shall add the following numbers for nursing homes exclusive of FDDs:

1. The number of beds licensed under subch. I of ch. 50, Stats., exclusive of beds in FDDs;

2. The number of beds approved under ch. 150, 1981 Stats., for which obligations have been entered into but which have not yet been licensed and have not had their certificates of need voided;

3. The number of new beds approved under s. 150.29, Stats; and

4. An allotment for new beds which shall be derived by dividing medical assistance reimbursement funds available for new beds as proposed in the following biennial budget by an estimated medical assistance allowable skilled care per diem rate. The resulting patient days shall be divided by the most recent available 3-year average percentage ratio of medical assistance residents to total residents. The patient days shall then be divided by the number of days in the year. This figure is the new allotment. Separate allotments shall be developed for nursing homes exclusive of FDDs. The new bed allotment in shall be the maximum number of new nursing home beds exclusive of FDDs which may be approved during the biennium for which the new bed limit is approved by the legislature.

(b) Facilities for the developmentally disabled. 1. The department shall biennially update and submit to the legislature statewide recommended bed limits for FDD beds, taking into account programs whose purpose is to reduce institutionalization of developmentally disabled persons. The new statewide bed limit for FDDs shall be established in the same manner as for nursing homes under par. (a) except that the new bed allotment for FDDs may not exceed the number of beds determined to be needed under s. HSS 122.05 (2) (a) and (b).

2 a. Except as provided in subpar. b, the department shall limit approvals for conversions to FDDs under s. HSS 122.02 (2) (a) and (c) to a total of 1,600 beds statewide by December 31, 1989, no more than 1,000 of which may be approved by December 31, 1987.

b. Notwithstanding the bed limit under subpar. a, the department may in addition approve the total conversion of a facility to an FDD if the conversion would be the result of relocating developmentally dis-

Register, October, 1987, No. 382

abled residents from 2 or more facilities operated by one county, the new FDD will serve only residents who are developmentally disabled and the department determines that there is a compelling need for the conversion.

(2) **INTERIM ADJUSTMENTS BY THE DEPARTMENT.** Interim adjustments to the statewide bed limit may be made by the department for:

(a) *Conversion of community-based residential facilities.* The department shall adjust the total statewide bed limit, on a bed-for-bed basis, for each community-based residential facility currently certified as a medical assistance provider which obtains nursing home or FDD licensure in order to retain medical assistance certification. The effect of the adjustment may be to increase the statewide bed limit. If the number of licensed and approved nursing home beds is less than the statewide bed limit, the department shall count the CBRF beds under this paragraph toward the originally established statewide bed limit;

(b) *Code violations.* The department may decrease the statewide bed limit, on a bed-for-bed basis, to account for nursing home or FDD beds which are licensed but which are not set up or staffed due to life-safety or physical plant code violations. The department shall determine whether the situation is likely to be corrected within the forthcoming biennium. If the beds are not likely to be reopened within the forthcoming biennium, the department shall reduce the statewide bed limit by the number of beds currently out of circulation due to code violations;

(c) *Medical assistance waivers.* The department shall decrease the statewide bed limit, on a bed-for-bed basis, to account for nursing home or FDD beds closed under the medical assistance waiver specified in 42 USC 1396n(c) or under other medical assistance waivers specified in 42 USC 1396 to 1396n; and

(d) *Wisconsin center reductions.* The department shall decrease, on a bed-for-bed basis, the statewide bed limit for FDDs by each bed removed at the Wisconsin centers for the developmentally disabled as a result of the department's community integration program under s. 46.275, Stats.

(e) *Other allowable bed reduction criteria.* 1. The department may decrease the statewide bed limit, on a bed-for-bed basis, to account for beds made available by the reduction of licensed beds not included in pars. (b) to (d). The department may decrease the statewide bed limit under this paragraph only if:

a. The county in which the beds were located had more than 125 percent of the statewide average number of nursing home beds per 1,000 persons 65 years of age or older, as determined under subd. 2, prior to the reduction in that county; and

b. No decrease under this paragraph may result in the county in which the bed reduction occurred having fewer than the statewide average number of nursing home beds per 1,000 persons 65 years of age or older.

2. The statewide average number of nursing home beds per 1,000 persons 65 years of age or older in subd. 1 is calculated by dividing the total current number of licensed nursing home beds exclusive of FDD beds in the state, as reported by the department's bureau of quality compliance, by the total current estimated population of persons 65 years of age or

older, as determined by the Wisconsin department of administration, and multiplying that result by 1,000.

(3) **PUBLICATION OF ADJUSTMENTS.** The department shall publish any adjustments to the statewide bed limit in the newsletter of the department's bureau of planning and development and in a newspaper of general circulation. This publication shall occur by the 20th day of the month following the adjustment date.

History: Cr. Register, March, 1985, No. 351, eff. 4-1-85; emerg. cr. (1) (b) 2., eff. 1-1-87; cr. (2) (e), Register, January, 1987, No. 373, eff. 2-1-87; emerg. cr. (1) (b) 2., eff. 5-31-87; cr. (1) (b) 2., Register, October, 1987, No. 382, eff. 11-1-87.

HSS 122.05 Bed allocation methodology. (1) NURSING HOME BEDS EXCLUSIVE OF FDD BEDS. (a) *Distribution of the statewide allotment of new beds.* In distributing among planning areas new nursing home beds exclusive of FDD beds from the allotment under s. HSS 122.04 (1) (b) 4., the department shall proceed as follows:

1. Calculate for each planning area the population growth for the age cohorts under 65, 65 to 74, 75 to 84 and over 84 years of age for a 3-year period beginning in the calendar year for which the most current data on utilization of nursing homes are available;

2. Divide each planning area's population growth for each age cohort by the state growth in population for each cohort for those years to obtain the percentage that a planning area's growth represents of the total state growth by cohort;

3. Ascertain the statewide nursing home utilization percentage for each of the age cohorts in subd. 1 and multiply these by the new bed allotment for nursing homes exclusive of FDDs calculated pursuant to s. HSS 122.04 (1) (a) 4. to get the statewide allotment for each age cohort;

4. Multiply the statewide allotment for each age cohort by each planning area's percentage of state growth for its respective cohort calculated under subd. 2;

5. Add the 4 age cohort allotments for each planning area to determine the unadjusted new bed allotment for each planning area for nursing homes exclusive of FDDs;

6. Adjust downward the allotment for each planning area that has more beds per 1,000 residents age 65 and over than there are beds per 1,000 residents age 65 and over statewide by multiplying the unadjusted allotment for the planning area by the ratio of the number of existing and approved beds per 1,000 residents age 65 and over statewide to the number of existing and approved beds per 1,000 residents age 65 and over in the planning area as calculated from county level data, and subtracting the result from the unadjusted allotment. The result shall be the maximum new bed allotment for that planning area; and

7. Increase the unadjusted allotment for the remaining planning areas proportionately so that the total new bed allotments for all planning areas equal the total statewide new bed allotment calculated pursuant to s. HSS 122.04 (1) (b) 4. The result shall be the maximum new bed allotments for these planning areas.

Register, October, 1987, No. 382

(b) *Distribution of a planning area's allotment of new beds.* 1. The department shall distribute new nursing home beds exclusive of FDD beds within a planning area by:

a. Calculating the age-specific statewide use rates for long-term care services by adding the total statewide number of persons being served under a medical assistance waiver, exclusive of persons relocated from a state center for the developmentally disabled under s. 46.275, Stats., and the total statewide number of persons utilizing nursing homes, exclusive of FDDs, for each of the age groups under 21, 21 to 54, 55 to 64, 65 to 74, 75 to 84 and 85 +, and dividing the resulting sum for each age group by the current total statewide population for that age group. Utilization data shall be for December 31 of the most recent year for which data is available;

b. Determining the age-specific expected county use of long-term care services by multiplying each age-specific statewide use rate by the actual current population for each age group in each county as estimated by the Wisconsin department of administration;

c. Determining each county's total expected use of long-term care services by summing the age-specific calculations in subpar. b for each county;

d. Determining the actual countywide use of long-term care services by adding the total number of residents of the county reported in the department's annual survey of nursing homes as residing in nursing homes, exclusive of FDD's, on December 31 of the recent survey year, and the number of persons being served under a medical assistance waiver, exclusive of persons relocated from a state center for the developmentally disabled under s. 46.275, Stats., in the same year in that county; and

e. Determining the ratio of actual use to expected use by dividing the result of the calculation in subpar. d by the result of the calculation in subpar. c.

2. Except as provided in subd. 3, only applicants whose projects would be located in counties which meet both of the following conditions are eligible to compete for new beds:

a. The ratio of actual use to expected use as calculated in subd. 1 e is less than one; and

b. The countywide occupancy rate as reported in the most recently available annual survey of nursing homes is greater than 94%. The countywide occupancy rate is calculated by dividing the sum of all patient days for all nursing homes exclusive of FDDs in a county, as reported in the annual survey of nursing homes, by the number of days in the calendar year and then dividing that result by the total current number of licensed nursing home beds in that county, exclusive of FDDs, as reported by the department's bureau of quality compliance.

3. If the ratio of actual use to expected use in a county is greater than one and that county is contiguous to another which meets the conditions set forth in subd. 2, that county is eligible to compete for new beds if the HSA has documented in its health systems plan evidence of substantial problems regarding availability of or accessibility to nursing home and other long-term care support services within the county.

4. a. The department shall review the methodology under subds. 1 and 2 every 3 years in consultation with the HSAs, the area agencies on aging, the county social service or human service departments and representatives of the nursing home industry.

b. The department shall annually update data necessary to establish a priority list of counties for the purpose of allocating beds. The department may revise the priority list between annual updates to reflect changes in bed capacity resulting from approvals under this chapter, reductions in the capacity of existing nursing homes, facility closures, or relocations of beds or facilities within a planning area.

(c) *Redistribution of closed nursing home beds.* 1. The department may distribute nursing home beds, exclusive of FDD beds, made available in the state as a result of facility closure or bed capacity reductions which were not closed under a medical assistance waiver, as specified in 42 CFR 1396n, and which were not replaced by CBRF beds converting to nursing home licensure. Except as provided in s. 150.40, Stats., applications to replace or redistribute closed beds may be submitted only from counties which are eligible to compete for new beds under par. (b).

2. Except as provided in s. 150.40, Stats., the department shall redistribute beds under this paragraph to the planning area in which they were originally located.

3. The statewide average of nursing home beds for each 1,000 persons 65 years of age or over referred to in s. 150.40, Stats., is calculated by dividing the total current number of licensed nursing home beds, exclusive of FDD beds, in the state, as reported by the department's bureau of quality compliance, by the total current estimated population of persons 65 years of age and older, as determined by the Wisconsin department of administration, and multiplying that result by 1,000.

4. The department may not approve more beds for redistribution within a planning area, or within a county if s. 150.40, Stats., is applicable, than were made available as a result of facility closure or bed reduction in that planning area or county.

(2) **FDD BEDS.** (a) The department shall not approve the addition of new beds to a state center for the developmentally disabled or other FDD licensed under subch. I of ch. 50, Stats., unless the beds are needed to serve persons who cannot adequately be served in an existing FDD, another nursing home or in a less costly or less restrictive setting. Need for the beds shall be determined by the department through an objective analysis of the developmentally disabled population in the planning area after consultation with the appropriate HSA.

(b) The number of new beds allocated to the centers and other FDDs in an FDD planning area shall not exceed the number of persons requiring FDD care as determined under par. (a) for that planning area.

(c) In making the distribution of beds under s. HSS 122.04 (1) (b) 2a, the department shall use as its standard what best meets the needs of the population to be served.

History: Cr. Register, March, 1985, No. 351, eff. 4-1-85; emerg. cr. (2) (c), eff. 1-1-87; r. and recr. (1) (b) and (c), Register, January, 1987, No. 373, eff. 2-1-87; emerg. cr. (2) (c), eff. 5-31-87; cr. (2) (c), Register, October, 1987, No. 382, eff. 11-1-87.

Register, October, 1987, No. 382

HSS 122.06 Request for applications. (1) BEDS. (a) *New beds*. 1. After amendment of the statewide bed limit by the legislature, the department shall accept applications to fill the allotments for new beds, if any, for each planning area. Allotments shall be determined in the manner described in s. HSS 122.05. Application shall be made according to the following schedule:

- a. In January for all counties located in health service area #2;
- b. In April for all counties located in health service area #1;
- c. In July for all counties located in health service areas #3, 4, and 7; and
- d. In October for all counties located in health service areas #5 and 6.

2. The department shall request applications for new beds once from each planning area during the first half of each biennium. If the number of new beds approved for an area is less than the planning area's adjusted allotment, a second request for applications may be made during the second half of the biennium according to the schedule in par. (a).

(b) *Replacement beds*. The department shall annually accept applications to replace beds in a planning area which have been de-licensed but which were not closed under a medical assistance waiver or which were not replaced by CBRF beds which converted to nursing home licensure in order to retain medical assistance certification. Application shall be made according to the schedule in par. (a).

(c) *Converted beds*. The following provisions apply to applications for conversion to an FDD under s. HSS 122.02 (2) (a) and (c):

1. Applications that meet all applicable review criteria but do not receive approval due to bed limits imposed under s. HSS 122.04 (1) (b) 2a shall be automatically accepted for review under any subsequent request for applications without additional application fee unless the application has been substantially modified.

2. The department shall request applications at least once between January 1, 1988 and December 31, 1989.

(2) FACILITY REPLACEMENTS AND CAPITAL EXPENDITURES OVER \$600,000. The department shall annually request applications for projects to replace all or a portion of an existing nursing home or to make a capital expenditure of over \$600,000 for a nursing home but which do not involve the addition of beds. The department shall request applications according to the schedule in sub. (1).

(3) CENTERS. The department shall annually solicit applications from the state centers for the developmentally disabled to relocate beds, renovate or replace beds or a facility, increase bed capacity or construct a new facility, or undertake a capital expenditure exceeding \$600,000. The schedule for submitting applications shall be determined each year by the department.

(4) APPLICATION PROCESS. (a) *Notice requesting applications*. The request for applications shall be published in a major daily newspaper in each affected planning area on the first and second working days of the month during which requests are to be made. The notice shall state the deadline by which all applications are to be received.

(b) *Application forms.* All applications shall be submitted on forms prescribed by the department. A prospective applicant may obtain the forms from the HSA serving the project's planning area or, if the project will be located outside the service area of any HSA, from the department.

Note: For copies of application forms for projects located outside HSA service areas, contact Bureau of Planning and Development, P.O. Box 1808, Madison, Wisconsin 53701-1808.

(c) *Period for accepting applications.* The department shall accept applications submitted within 60 days following publication of the request for applications, except as provided in sub. (10). All applications shall be submitted concurrently to the department and the appropriate HSA. The department shall return any application which:

1. Proposes to add new beds in a planning area, county or service area for which a request for applications was not made;
2. Exceeds the new bed allotment for the planning area;
3. Was submitted more than 60 days after the request for applications was published; or
4. Was submitted prior to publication of the request for applications.

(d) *Review for completeness.* 1. Each application submitted under subs. (1), (2) or (3) shall be reviewed by the department for completeness. An application shall be deemed incomplete if the applicant:

- a. Fails to provide all of the requested information;
- b. Provides the information in a manner which is illegible or otherwise unusable by the department; or
- c. Provides information which contradicts or is not justified by other materials in the application.

2. The department, in consultation with the HSA, shall notify the applicant of the additional information requirements within 10 working days following receipt of the application by the department or by the applicable HSA, whichever date of receipt is later.

3. The applicant shall provide the required additional information within 30 days following the closing date for accepting applications.

4. The department shall return all applications for which additional information has not been received by the deadline established in subd. 3.

5. Except as provided in subd. 4., the department shall declare all applications complete 60 days after the date of publication of the request for applications, or 90 days from that date if an application under sub. (1), (2) or (3), including any application under sub. (1) undergoing concurrent review, was originally declared incomplete and the additional information requested by the department was received within 30 days following the closing date for accepting applications.

Note: Upon written request, the department will provide technical assistance to any small business, as defined in s. 227.016 (1) (a) Stats., or other small organization with fewer than 25 full-time employees or annual revenues of less than \$2,500,000 regarding application materials and procedures. Requests should be sent to the Bureau of Planning and Development, P.O. Box 1808, Madison, Wisconsin 53701-1808.

(5) **BEGINNING OF REVIEW PERIOD.** The department shall publish in the newsletter of the bureau of planning and development and in a major daily newspaper in each affected planning area a list of all complete applications received under sub. (1), (2) or (3) within 20 days after the applications are declared complete. The review period for all of these applications shall begin on the publication date of the list. No person submitting an application for new beds may revise the cost or scope of the proposal after a notification of completeness has been made without the written consent of the department.

(6) **HSA REVIEW.** (a) *HSA procedures.* HSAs may develop their own review procedures for purposes of making recommendations to the department. These procedures shall be consistent with the procedures and criteria described in this section.

(b) *Public meeting.* Upon the request of any affected party, the applicable HSA shall hold a public meeting within 60 days following publication of the list of complete projects submitted under sub. (1), (2) or (3). This meeting shall be used to elicit testimony from affected parties about projects under review. The applicable HSA shall maintain minutes or another record of the testimony and shall forward a copy to the department when it submits to the department its formal recommendations under par. (c). In areas not served by an HSA, the department shall conduct the public meeting upon the request of an affected party. All requests for a public meeting shall be received by the HSA, or by the department if there is no HSA, within 10 days after publication of the list of complete applications. The public meeting shall be held prior to any formal recommendation by the HSA or an initial finding by the department.

(c) *Recommendation.* The HSA shall review each application and base its recommendation on the consistency of the application with the criteria in s. HSS 122.07. HSAs shall submit to the department their formal recommendations to approve or disapprove applications within 60 days following publication of the complete applications list, unless extended by mutual consent of all applicants or unless the review cycle is extended pursuant to sub. (8).

(7) **DEPARTMENT REVIEW AND INITIAL FINDING.** (a) *Review.* The department shall review applications for their consistency with the criteria in s. HSS 122.07 and shall issue an initial finding to approve or reject an application within 75 days following publication of the complete applications list, unless all applicants undergoing concurrent review agree to an extension or the review cycle is extended under sub. (8). In no case may the initial finding be made prior to receipt by the department of the appropriate HSA's recommendation.

(b) *Initial finding.* The department's initial finding shall be based upon a comparative analysis of all applications undergoing concurrent review using the criteria specified in s. HSS 122.07.

(c) *Initial finding: converted beds.* The following provisions apply to initial findings on applications for conversions to an FDD under s. HSS 122.02 (2) (a) and (c):

1. The department may issue approvals during 1987 only to applicants who file applications by June 2, 1987.

2. The department may delay the effective dates of approval to permit a gradual phase-in of conversions.

3. The department may issue an approval authorizing the applicant to reconvert all or some of the FDD beds to non-FDD nursing home beds without subsequent review and approval under this chapter if the reconversion meets both of the following requirements:

a. The department receives at least 30 days notice of reconversion, if all beds to be reconverted are unoccupied, or a notice that the facility has complied with the requirements of s. 50.03 (14) (c) to (e), Stats., if any bed to be reconverted is occupied; and

b. Any partial reconversion results in a remaining FDD of at least 3 FDD beds which meets the provisions of s. HSS 122.07 (1m) (c).

(8) **EXTENSION.** The department may extend by 60 days the review cycle of all projects undergoing concurrent review under sub. (1), if it finds that completing reviews within the cycle specified in sub. (7) is not feasible due to the volume of applications received from any planning area.

(9) **REQUEST FOR HEARING.** (a) An adversely affected applicant or HSA may file a written request for a public hearing under s. HSS 122.08 within 10 days after the date of the department's initial finding under sub. (7). If no request for a hearing is made, or if a request is received after the 10-day limit, the department's initial finding shall be the department's final decision. Except as provided in par. (b), a timely request for hearing from an applicant undergoing concurrent review shall preclude issuance of an approval for a competing concurrent application until a final decision is issued by the secretary or a designee. Hearings shall be held in the manner prescribed in s. HSS 122.08.

(b) When an applicant for conversion to an FDD under s. HSS 122.02 (2) (a) or (c) who has undergone concurrent review files a timely request for a hearing under s. HSS 122.08 on the initial finding, the department shall issue approvals for the competing concurrent applications that were initially approved but only for the number of beds that exceeds the number proposed by the applicant or applicants requesting a hearing. Approvals shall be issued in order beginning with the application which received the lowest score under s. HSS 122.07 (2) (am).

(10) **EXPEDITED REVIEW.** (a) *Conditions for expedited review.* An application involving a capital expenditure of over \$600,000 is subject to the requirements of this subsection rather than subs. (2) to (9) if:

1. The project does not increase the bed capacity of or totally replace an existing nursing home and the project was developed pursuant to a department-approved plan of correction to remedy code-related physical plant deficiencies. Applications submitted to correct code violations shall provide evidence of the violations and approved plan of correction and shall not go beyond what is necessary to correct those deficiencies; or

2. The application concerns a cost overrun on a previously approved project.

(b) *Timing of application.* An application under par. (a) may be submitted at any time on forms prescribed by the department provided that at least 30 days notice has been given to the department and the HSA of a person's intent to submit the application and the applicant has received written authorization from the department to submit the application.

(c) *Review period.* Applications which are subject to this subsection shall be reviewed by the department within 60 days of receipt of a complete application.

(d) *Completeness.* 1. The department, in consultation with the HSAs, shall have 5 working days to determine if the application is complete and, if incomplete, to forward a request for additional information to the applicant. An incomplete application is one in which:

- a. The applicant has failed to provide requested information;
- b. The information is illegible or unreadable in the form submitted; or
- c. The application contains information contradicted or unjustified by other materials in the application.

2. Applications that were originally declared incomplete shall be declared complete on the date of receipt of all additional information requested by the department.

(e) *HSA review and recommendation.* The applicable HSA shall submit its recommendation on the application within 55 days from the date of determination of completeness. The HSA shall review each application and base its recommendation on consistency of the application with the criteria in s. HSS 122.07. The public meeting requirement is waived for applications reviewed under this subsection.

(f) *Department's initial finding.* The department shall issue its initial finding to approve or reject the application within 60 days following receipt of a complete application. The initial finding shall be based on the criteria specified in s. HSS 122.07.

(g) *Hearing.* Any adversely affected applicant or HSA shall have 10 days after the date of the initial finding to request a public hearing to challenge the initial finding on an application. Public hearings shall be held in the manner specified in s. HSS 122.08. If no requests for a hearing are made or if they are received after the 10-day limit, the initial finding becomes the department's final action.

History: Cr. Register, March, 1985, No. 351, eff. 4-1-85; emerg. cr. (1) (c), eff. 1-1-87; emerg. cr. (1) (c), am. (9), eff. 5-31-87; cr. (1) (c), (7) (c) and (9) (b), am. (7) (a), renum. (9) to be (9) (a) and am., Register, October, 1987, No. 382, eff. 11-1-87.

HSS 122.07 Review criteria and selection process. (1) REVIEW CRITERIA. The department shall use the criteria set out in this subsection in its review of all applications for project approval. Cost containment shall be the first priority in applying these criteria. The department may not approve a project unless the applicant has demonstrated that:

- (a) The project is consistent with the state health plan and other long-term care support plans developed by the department.
- (b) Medical assistance funds appropriated are sufficient to reimburse the applicant for providing nursing home or FDD care.
- (c) The cost of renovating or replacing the facility or adding new beds is consistent with the cost of similar nursing home or FDD projects recently approved by the department and is reasonable based on independent analyses using industry-recognized cost-estimating techniques, and:

1. The proposed cost per bed for total facility replacement or for new facilities and beds does not exceed the following per bed cost expressed in the formula for nursing homes other than FDDs, that C is less than or equal to 1.2 (S) (F) and in the formula for FDDs and for other nursing homes in which more than 50% of the residents calculated on an annual basis have a physical illness as their primary diagnosis and also have a mental illness, either of which would independently require nursing care, that C is less than or equal to 1.3 (S) (F).

a. "C" in this formula means maximum cost per bed using the capitalized project costs, including site improvements, buildings, fixed equipment, interest during construction and professional and financing fees, calculated to the midpoint of construction.

b. "S" equals \$31,000.

Note: \$31,000 is the statewide cost per bed for the base year 1983.

c. "F" in this formula means inflation factor.

Note: The department uses the inflation estimates published in *Engineering News Record's* Building Cost Index.

2. The proposed equivalent cost per bed for renovation and partial replacement projects does not exceed the per bed cost as expressed in the formulae for nursing homes other than FDDs, the C_e is less than

1.2 (S) (F)

35

and in the formula for FDDs and for other nursing homes in which more than 50% of the residents calculated on an annual basis have a physical illness as their primary diagnosis and also have a mental condition, either of which would independently require nursing care, that C_e is less than

1.3 (S) (F).

35

a. " C_e " in this formula means the maximum equivalent per bed cost, calculated as follows:

$$C_e = \frac{\text{capitalized project costs}}{\text{(remaining useful life of affected areas) (total beds)}} + \frac{\text{current annual depreciation}}{\text{total beds}}$$

b. "S" and "F" in this formula are as defined in subd. 1.

Note: The maximum capital allowances calculated pursuant to par. (c) are not to be used by applicants as the expected cost of projects. Applicants are encouraged to seek less costly alternatives to the state maximums and all applications will have to meet all review criteria before undergoing the selection process in sub. (2).

(d) The project represents the most cost-effective, reasonable and feasible alternative for renovation or replacement of a facility, for the addition of beds to a facility or for the construction of a new facility.

1. The applicant shall provide an analysis which clearly defines all other reasonable alternatives such as:

a. Variations in functional program;

b. Renovation instead of replacement;

- c. Reductions in bed capacity;
- d. Variations in facility design; and
- e. Variations in methods or materials of construction.

2. The analysis shall include an evaluation of the existing physical plant.

3. The analysis shall include a life-cycle cost analysis for each alternative studied, using forms provided by the department. In this subsection "life cycle" means the number of years for which alternatives are compared, and "life-cycle cost" means all relevant costs associated with a project during the project's defined life cycle.

Note: Copies of the life-cycle cost analysis form will generally be included in the application materials. They may be obtained separately from the Bureau of Planning and Development, P.O. Box 1808, Madison, Wisconsin 53701-1808.

4. The department may independently develop its own alternatives to compare with those developed by the applicant.

(e) A need for additional beds exists in the planning area in which the project would be located. No new beds may be approved in any planning area if their addition would exceed the planning area's adjusted allocation, calculated pursuant to s. HSS 122.05.

(f) The project is consistent with local plans for developing community-based long-term care services. These plans shall include those developed by HSAs and local units of government.

(g) Necessary health care personnel, and capital and operating funds for provision of the proposed nursing home services are available, as follows:

1. The project will meet minimum staffing and financial requirements developed by the department pursuant to ch. H 34 [HSS 134] or HSS 132;

2. The facility will be located to assure reasonable access to nursing staff, emergency medical care, physician coverage, acute care services and ancillary services; and

3. Sufficient cash resources and cash flow exist to pay operating and initial start-up costs.

(h) The project is financially feasible, capable of being undertaken within one year of approval and completed within a reasonable period of time beyond the one-year approval period, as evidenced by:

1. The applicant's demonstration of ability to secure adequate funds to finance the project. The applicant shall have adequate capacity to incur the debt associated with the project. Applicants shall have the ability to pay long-term debt through their present and future cash flow and profitability positions;

2. The availability of financing at average or below market rates for the class of home during the period of validity of the approval. Classes of homes are governmental, proprietary and nonprofit. Projects relying on sources of financing which historically take longer to process than the period of validity of an approval shall be rejected unless there is clear and definite proof supplied by the applicant that the funding source will be

able to make adequate funds available within the period of validity of the approval; and

3. The reasonableness and attainability of the applicant's construction schedule.

(i) Appropriate alternative methods for providing nursing home or FDD care are unavailable in the planning area. Alternative methods shall be deemed unavailable if the project is consistent with long-term care initiatives developed by the department.

(j) The existing and proposed quality of care is satisfactory, as determined by:

1. The department's investigations. No approvals may be granted to any person who owns or operates a facility with one or more uncorrected class A or class B violations unless the project is specifically designed to remedy those violations, or to any person who owns or operates a facility against which a medical assistance or medicare decertification action is pending;

2. The department's review of materials submitted by the applicant, which may include an independent performance evaluation of an existing facility, an evaluation of other homes owned and operated by an applicant seeking approval for a new facility, and patient satisfaction surveys, where available;

3. Recommendations or comments from affected parties regarding the quality of care in facilities owned and operated by the applicant; and

4. For applications proposing replacement or relocation of beds, approval by the department of a plan for the placement or relocation of persons residing in those beds, based on the census of the FDD or other nursing home at the time of submission of the application.

(k) The project is consistent with all applicable federal, state and local licensing, physical plant, zoning and environmental laws.

(lm) REVIEW CRITERIA FOR CONVERSION OF A NURSING HOME TO AN FDD. The department shall use the criteria in sub. (1) and the additional criteria in this subsection in its review of all applications for conversion of a nursing home to an FDD under s. HSS 122.02 (2) (a) and (c). The department shall solicit the comments of county departments organized under s. 46.23, 51.42, or 51.437, Stats., on all of these applications. The department shall not approve an application subject to this subsection unless the applicant has demonstrated that:

(a) The proposed per diem rates for the FDD are consistent with those of similar facilities for developmentally disabled persons;

(b) The applicant has experience in providing active treatment as defined in 42 CFR 435.1099 and the department has approved the applicant's program statement under s. HSS 132.51 (3);

(c) Conversion of some beds within a non-FDD nursing home to FDD beds will result in a physically separate unit of the facility, which may be a ward, contiguous wards, a wing, a floor or a building, and which is separately staffed;

(d) Staff will be efficiently deployed in the FDD part of the facility and in the nursing home part of the facility, as well as in the facility as a whole;

(e) The FDD will have a minimum of 16 beds for developmentally disabled persons; and

(f) 1. A number of developmentally disabled residents sufficient to fill the requested beds currently reside in the facility and require active treatment; and

2. If the applicant proposes more beds than it has residents under par. (f), that county departments organized under s. 46.23, 52.42 or 51.437, Stats., identify persons who need placement in an FDD and give assurances that these persons will be placed in that facility.

(2) RANKING AND SELECTION PROCESS. (a) Applications for new or redistributed beds which meet all of the criteria in sub. (1) shall be subject to the following final selection process:

1. Applications shall be ranked in the order of their proposed composite per diem rates, beginning with the lowest and ending with the highest. Rates within one percent of each other shall be considered equal for purposes of ranking. The composite per diem rate shall be calculated as follows:

a. Multiply the proposed skilled nursing facility per diem rates, exclusive of supplements, for each payment source by the percentage of projected skilled nursing facility patient days by payment source; and

b. Add all the products of the multiplication in subpar. a to obtain the composite per diem rate;

2. The department shall review the applicant's methodology for calculation of the proposed rates for consistency with current reimbursement practices and reasonableness. An applicant whose rates are found to be inconsistent or unreasonable will be removed from the selection process;

3. The department shall approve projects in the order of their ranking until all beds allotted to a planning area are distributed;

4. The department may approve an application proposing a higher per diem rate than others undergoing concurrent review if the applicant can demonstrate that the application would substantially resolve a significant problem identified in the state health plan and the HSA plan with respect to:

a. The existing distribution of beds in the county in which the project would be located, or in contiguous counties;

b. The need to serve a special diagnostic group of inpatients in the planning area or county in which the project would be located; or

c. The existing distribution of population within the planning area or county in which the project would be located; and

5. If the composite per diem rate for 2 or more of the applicants undergoing concurrent review is equal, the department shall approve or deny those projects as follows:

a. If the total number of beds proposed by all applicants undergoing concurrent review is less than the total number of beds available, each of the projects shall be approved; and

b. If the total number of beds proposed by all applicants undergoing concurrent review is greater than the number of beds available, applications shall be ranked on the basis of per bed cost as calculated in sub. (1) (c), beginning with the lowest and ending with the highest. The department shall then approve projects in order of this ranking until all beds available are distributed.

(am) Applications under s. HSS 122.02 (2) (a) and (c) which meet all of the criteria in subs. (1) and (1m) shall be subject to the following selection process:

1. If after removing from consideration all applications which fail to meet one or more review criteria, there remain more applications than can be approved for the beds available under s. HSS 122.04 (1) (b) 2 a, the department shall rank the remaining applications according to how each meets each applicable review criterion under subs. (1) and (1m), assigning the lowest number to the application which best meets each criterion.

2. The department shall approve applications in order beginning with the lowest score, until all available beds are allocated. If there is a tie between applications for the last available approval, the department shall rank the applications according to their scores on review criteria under sub. (1m) (b).

(b) Applications for renovation proposals, replacement facilities and capital expenditures over \$600,000 which do not affect bed capacity and which meet all criteria in sub. (1) shall be approved unless the per diem rates proposed as a result of the project are inconsistent with those of similar FDD or other nursing home projects recently approved by the department.

(c) In applying pars. (a) and (b), the department shall consider the recommendations of HSAs and the comments of affected parties.

(d) The department may not approve new beds if this would cause the statewide bed limit to be exceeded.

History: Cr. Register, March, 1985, No. 351, eff. 4-1-85; emerg. cr. (1m) and (2) (am), eff. 1-1-87; am. (2) (a) (intro.) and 1., cr. (2) (a) 5., Register, January, 1987, No. 373, eff. 2-1-87; emerg. cr. (1m) and (2) (am), eff. 5-31-87; cr. (1m) and (2) (am), Register, October, 1987, No. 382, eff. 11-1-87.

HSS 122.08 Hearing process. (1) RIGHT TO A HEARING. An applicant whose project is rejected or any adversely affected HSA may request a public hearing to review the department's initial finding.

(2) REQUEST FOR A HEARING. (a) An applicant or HSA desiring a public hearing shall submit a written request, no later than 10 days after the issuance of the initial finding, to both the department's division of health
