

- (a) The department under s. Ag 10.33.
- (b) The authorized animal health agency of the state in which the herd is located, under standards comparable to s. Ag 10.33.

(73) "Veal calf" means a bovine animal of either sex, not more than 120 days old, which is kept for the sole purpose of feeding prior to slaughter for veal.

History: Cr. Register, December, 1990, No. 420, eff. 1-1-91.

### Subchapter II — General Provisions

Ag 10.02 Reportable diseases. Except as otherwise provided in this section, a veterinarian shall report the following diseases in writing to the department within 10 days after the disease is diagnosed or suspected. The diseases marked with an asterisk require emergency action and shall be reported to the department's animal health division immediately by telephone or other rapid means. An emergency report shall be confirmed in writing within 10 days. Veterinarians are not required to report any disease that has been diagnosed at the department's animal health laboratory, or rabies diagnosed at the state laboratory of hygiene of the department of health and social services.

- (1) Anaplasmosis.
- (2) Anthrax.
- \* (3) Any disease which is foreign or exotic to Wisconsin.
- \* (4) Avian influenza.
- (5) Bluetongue.
- \* (6) Brucellosis.
- (7) Equine infectious anemia.
- \* (8) Equine encephalomyelitis (Eastern, Western or Venezuelan).
- (9) Mycoplasmosis (*Mycoplasma gallisepticum*).
- (10) Paratuberculosis (Johne's disease).
- (11) Potomac horse fever.
- \* (12) Pseudorabies.
- (13) Pullorum.
- (14) Rabies.
- (15) Salmonellosis in poultry (*Salmonella typhimurium* or *Salmonella dublin*).
- (16) Scrapie.
- (17) Sheep foot rot.
- (18) Swine dysentery.
- \* (19) Tuberculosis.

\***(20) Vesicular conditions, including vesicular stomatitis.**

History: Cr. Register, December, 1990, No. 420, eff. 1-1-91.

**Ag 10.03 Disease testing; reports. (1) VETERINARIAN TO FILE REPORT.** Whenever a veterinarian tests an animal for any of the following diseases, the veterinarian shall report the test results to the department within 10 days unless the test sample is analyzed at a department laboratory:

- (a) Anaplasmosis.
- (b) Brucellosis.
- (c) Leukosis.
- (d) Paratuberculosis (Johne's disease).
- (e) Pseudorabies.
- (f) Tuberculosis.

**(2) SAMPLES AND REPORTS TO INCLUDE OFFICIAL INDIVIDUAL IDENTIFICATION.** Every test sample and every test report submitted to the department under sub. (1) shall be identified with the official individual identification of the animal to which the sample or test report pertains. If the animal has no official individual identification, the veterinarian shall identify the animal.

History: Cr. Register, December, 1990, No. 420, eff. 1-1-91.

**Ag 10.04 State not a warrantor.** Nothing in this chapter constitutes a warranty by the state of Wisconsin or the department that any animal is free of disease.

History: Cr. Register, December, 1990, No. 420, eff. 1-1-91.

### Subchapter III — Bovine Disease

**Ag 10.10 Brucellosis; official vaccinates. (1) VACCINATION PROCEDURE.** No bovine animal may be designated as an official vaccinate unless the animal is vaccinated for brucellosis in compliance with all of the following procedures:

- (a) A beef breed animal shall be vaccinated when the animal is between 120 and 299 days of age, and a dairy breed animal shall be vaccinated when the animal is between 120 and 239 days of age.
- (b) The vaccine used to immunize the bovine animal shall be a Brucella vaccine approved by the federal bureau.
- (c) The vaccine shall be administered subcutaneously by an accredited veterinarian.

**(2) IDENTIFYING OFFICIAL BRUCELOSIS VACCINATES. (a) Vaccination tattoo.** Every veterinarian who vaccinates a bovine animal for brucellosis shall apply a vaccination tattoo to the inner surface of the right ear of the animal. The vaccination tattoo shall consist of a number representing the quarter of the year in which the animal was vaccinated, followed by a symbol in the form of a shield containing the letter "V" and the last numeral of the year in which the animal was vaccinated. Number 1 represents the first quarter of the year (January, February and March).

Register, February, 1991, No. 422
