The department may reissue a permit if the permit is returned undelivered by the postal authorities or if the applicant fails to or cannot comply with s. 29.1085, Stats. Selection shall be by random drawing.

(4) **FEES.** A successful applicant shall submit the appropriate permit fee established by s. 29.092 (2) (kg) or (kr), Stats., to the department before receiving a harvest permit. The fees shall be mailed and postmarked no later than the Friday nearest March 1 or received by the department license section, 101 South Webster, P.O. Box 7924, Madison, WI 53707 no later than 4:30 p.m. on that Friday each year.

(5) **PERMIT ATTACHMENT.** The bear harvest permit shall be attached to the bear hunting license by the applicant immediately upon receipt.

(6) **BEAR PURSUIT.** No licensee may pursue a bear by any method unless that person holds a valid bear harvest permit or is assisting a person who holds a valid bear harvest permit issued under s. 29.1085, Stats.

NR 10.103 Deer hunting. (1) TAGS. A one-piece back and carcass tag shall be issued with each hunting license and shall remain intact until the hunter kills a deer while hunting. While hunting, no person may possess a validated carcass tag unless it is attached to a legally killed deer.

(2) **VALIDATION.** Any person who kills a deer shall immediately separate the issued carcass tag from the back tag and validate the carcass tag by slitting the mark designating the month, day, time of kill and type of deer. Failure to completely validate the carcass tag renders possession of the deer illegal and the carcass tag invalid.

Note: The carcass tag attachment procedures are also provided in s. 29.40 (2), Stats.

NR 10.104 Deer hunting permits. (1) FINDING. The natural resources board finds that an additional harvest of deer is necessary to reduce the

Register, October, 1991, No. 430

deer herd to the overwinter population goals established in s. NR 10.01 (3) (e) 9. e. and properly manage the deer herd in the state.

(2) **APPLICATION PROCEDURE.** Permits shall be in accordance with ss. 29.107 and 29.108, Stats., issued to any person in possession of a valid current Wisconsin deer hunting license applying in the following manner:

(a) *Limit.* No person may submit more than one application.

(b) *Form.* Application forms supplied by the department shall be completed and submitted by the applicant.

(c) *Application deadline.* Applications shall be postmarked no later than September 20 or received by the department license section, 101 South Webster, Box 7924, Madison, WI 53707, no later than 4:30 p.m. on that day each year.

(d) *Group applications.* Group applications up to and including 4 hunters will be honored for deer hunting established in s. NR 10.01 (3) (e) 3. provided each applicant completes the application form and all forms are submitted in one envelope marked "group application" on the outside.

(3) **PERMIT ISSUANCE.** Upon receipt of proper application, the department shall issue permits in the following manner:

(a) *Initial permit.* Successful applicants for hunter's choice or antlerless permits shall be determined by random selection from all eligible applications received for each deer management unit. Permits remaining unissued for any deer management unit after all initial applications have been processed may be issued by the department on a first-come, first-served basis, in accordance with any statutorily established landowner preference permit issuance system, or as established by par. (b).

(b) *Second permit.* If the number of hunters choice or antlerless permits in any management unit exceeds the number of applications for such permits, the department may issue the remaining permits available for that unit as antlerless deer hunting permits only to its successful initial deer hunting permit applicants. Permittees to be issued the second permit shall be randomly selected in accordance with any statutorily established landowner preference permit issuance system.

(c) *Unallotted permits.* The department may issue any remaining antlerless deer permits as follows:

1. First step. Issue an additional antlerless permit to interested hunter's choice permit applicants; and may

2. Second step. Issue any remaining permits on a first-come, first-served basis to applicants who possess a valid gun deer hunting license and appear in person at designated department offices.

3. Antlerless permit limit. The department may not issue any applicant more than 2 antlerless deer permits in total.

(4) **PERMIT AUTHORITY.** No person may hunt antlerless deer in deer management units described as such in s. NR 10.01 (3) (e) unless he or she possesses a current validated deer hunting permit.

(5) **BAG LIMIT.** Each issued deer hunting permit shall authorize the use of the holder's current valid Wisconsin deer hunting license, back tag and Register, October, 1991, No. 430

carcass tag for the killing of one deer in the deer management unit designated on the permit as follows:

(a) *Hunter's choice deer hunting permit.* Valid for the taking of one deer of either sex or age, except on Chambers Island in Door County where the bag limit shall be one antlerless deer or one buck deer with a forked antler as indicated on the permit.

(b) *Antlerless deer hunting permit.* Valid for the taking of one antlerless deer only.

(7) **DEER HARVEST QUOTAS.** Deer harvest quotas are based on deer management unit populations in relation to established population goals as determined by inventories, the past effect of varying antlerless harvest levels on deer management unit populations, and the estimated impact of the previous winter's severity on deer survival and subsequent fawn production.

(a) *Purpose.* The department shall issue party permits, antlerless permits or hunter's choice permits in sufficient numbers to assure maintenance of overwintering deer populations for each deer management unit indicated in par. (d).

(b) *Permit formula.* In each deer management unit, the number of permits issued by the department shall be determined by the following formula:

$$\text{Permit number} = \frac{\text{Antlerless deer to be harvested}}{\text{Predicted hunter success rate}}$$

(c) *Success rate prediction.* The predicted hunter success rates used by the department to compute the number of permits for each deer management unit shall be based upon the percentage of permitted hunters harvesting an antlerless deer in that unit during previous seasons. In new deer management unit or units with significant boundary changes the predicted hunter success rate shall be based upon the harvest history of similar units.

(d) *Overwinter goals.* Overwinter population goals expressed in terms of deer per square mile of deer range by deer management unit are as follows:

NR 10.105 Transportation of deer and bear. (1) No person may transport any deer or bear in or on any motor-driven vehicle from the time such deer or bear is killed to the time it is lawfully registered pursuant to s. NR 10.106 unless the deer or bear is carried openly exposed and in such a manner so that the deer or bear carcass tag attached to the deer or bear cannot be handled or manipulated by any occupant of the vehicle.

(2) No person may transport a deer or bear from the time the deer or bear is killed to the time it is registered under s. NR 10.106 that is tagged with the carcass tag of another person unless accompanied by the person issued the carcass tag.

NR 10.106 Recording deer and bear. (1) **CARCASS CONDITION AND TRANSPORTATION.** Deer shall be intact except they may be field dressed. Bear may be skinned and quartered. These animals or animal parts may not be removed from the area specified in this section unless exhibited, registered and tagged.

(2) **EXHIBITION AND REGISTRATION.** Each person who has killed a deer or if s. 29.405, Stats., applies, the person who has tagged the deer, during the open seasons for hunting deer with guns or bear during the open seasons for hunting bear with guns or bows shall exhibit and register the deer with the deer carcass tag attached as required by s. 29.40 (1), Stats., and s. NR 10.103, or the bear with the bear carcass tag attached as required by s. 29.1085 (5), Stats., and s. NR 10.101(4) at an authorized registration station as follows:

(a) *Gun license deer.* Gun license deer shall be registered within the open season zone in which the deer was killed no later than 5:00 p.m. of the first day following the season's close.

(b) *Special permit deer.* Party permit deer or antlerless deer taken under the authority of a hunter's choice permit shall be registered within the deer management unit in which the deer was killed no later than 5:00 p.m. of the first day following the season's close unless transported on federal or state highways directly to the authorized registration station in an adjoining deer management unit.

(c) *Lake Superior islands deer.* Any gun killed deer taken on any of the islands in the outlying waters of Lake Superior in Ashland and Bayfield counties shall be registered within the deer management unit in which the deer was killed or within the city of Bayfield no later than 5:00 p.m. of the first day following the close of such season.

(d) *Bow killed deer.* 1. Time deadline. A deer killed under an archery deer license shall be registered no later than 5:00 P.M. on the third day after it was killed.

2. Registration station restrictions. Except as provided under subd. 3, bow killed deer may be registered at any department designated registration station.

3. Second deer restrictions. All persons authorized to kill a second antlerless deer shall register it within the deer management unit designated on the deer carcass tag.

(e) *Bear license (bow and gun).* Bear shall be registered within the county in which the bear was killed or adjoining county and within the black bear management zone in which it was killed no later than 5:00 p.m. of the day after it was killed.

(3) **REGISTRATION TAGGING.** Upon verification of license and deer hunting permit information, the station operator shall:

1. Complete and retain the registration portion of the hunter's license;
2. Lock a registration tag to the carcass or part of the deer or bear; and
3. Remove the validation portion of the carcass tag.

Note: The portion of the carcass tag remaining attached to the animal contains a number corresponding to the registrant's hunting license and backtag.

NR 10.11 Bow deer season bag limit. The department may authorize a 2 deer bag limit for licensed bowhunters in deer management units meeting the requirements of this section.

(1) **BOWHUNTER ELIGIBILITY.** Eligibility to harvest a second deer is restricted to those bowhunters that legally kill a deer in a deer management unit meeting the requirements of sub. (3) and register that deer at a registration station within a deer management unit designated under sub. (3) without transportation of the deer outside that management unit.

(2) **CONDITIONS OF AUTHORIZATION.** Authorization to harvest a second deer is limited to eligible bowhunters that apply for and receive a second deer carcass tag issued by the department. All persons authorized to harvest a second deer shall comply with the following conditions:

(a) *Type of deer.* Unless authorized by the department, only antlerless deer may be killed. The department shall authorize the harvest of a deer of either sex if the applicant's first deer was antlerless and was killed in a management unit designated under sub. (3).

(b) *Location.* All deer shall be killed within the deer management unit indicated on the permit, except that hunters authorized to take a deer of either sex may harvest a deer in any portion of the state. Hunters issued an antlerless tag may only hunt in the unit specified on the tag.

(3) **UNIT DESIGNATION.** The department may authorize a 2 deer bag limit in any deer management unit meeting the following conditions:

Register, September, 1991, No. 429

(a) *Population estimate.* The deer population estimate is at least 20% greater than the overwinter population goals established in s. NR 10.104 (7) (d); and

(b) *Bonus gun deer tags.* In units where hunter's choice permits are issued, all of the anticipated number of hunter's choice applicants will receive a hunter's choice permit. For purposes of determination, the department shall use the number of hunter's choice applications received in the previous year as the anticipated number of hunter's choice applications.

(4) APPLICATION PROCEDURE FOR SECOND CARCASS TAG. (a) *Limit.* No person may submit more than one application.

(b) *Forms and fees.* All applications shall be submitted complete on forms supplied by the department and be accompanied by payment of any statutorily established fees. All applications shall include the portion of first carcass tag that was detached by the deer registration station personnel.

(c) *Deadlines and locations.* Applications shall be mailed or delivered to any department office designated on the application form.

Note: Normal business hours are Monday through Friday from 7:45 A.M. to 4:30 P.M.

(5) ISSUANCE PROCEDURE. Upon receipt of a complete and valid application, the department shall designate the type of deer authorized for harvest and issue the applicant a second carcass tag and registration stub.

(6) PUBLIC NOTICE. The department shall provide public notice of any deer management units which meet the requirements of sub. (3) and to which this section applies by publication in the official state newspaper prior to July 1 of each year.

History: Cr. Register, August, 1991, No. 428, eff. 9-1-91.

NR 10.117 Deer season modification. (1) **POWERS.** The secretary of the department may, upon making the findings in sub. (2), extend the gun deer season for any deer management unit or any group of deer management units to reduce or maintain the deer population to the overwinter population goals established in s. NR 10.104 (7) (d).

(2) **FINDING.** The secretary shall, prior to exercising powers under sub. (1), find:

(a) It is unlikely the deer population for the deer management unit will be reduced to or maintained at the overwinter population goals established in s. NR 10.104 (7) (d) during the established gun deer season. A minimum of 2 days of the gun deer season have been completed and the harvest data available has been reviewed and considered by the department;

Next page is numbered 131

(b) It is likely that a failure to reduce the deer population to the over-winter population goals in the unit will result in increased deer damage to commercial seedings or crops on agricultural lands, nurseries or orchards or a waste of the resource.

(3) NOTICE. Modification by the secretary under sub. (1) shall become effective upon issuance of an order and publication in the official state newspaper. In addition, a copy of the order shall be provided to newspapers in the area affected and to all legislators.

History: Cr. Register, September, 1985, No. 357, eff. 10-1-85; am. (1) and (2) (a), Register, July, 1988, No. 391, eff. 8-1-88.

NR 10.12 Migratory game bird hunting. (1) **PROHIBITED METHODS.** No person shall hunt any migratory game bird by any of the following methods:

(a) *Sinkbox.* From or by means, aid or use of a sinkbox or any other type of low floating device, having a depression affording the hunter a means of concealment beneath the surface of the water.

(b) *Boats.* From any boat or craft other than those propelled by paddle, oar or pole. When motors or sails are attached to the boat, the motor shall be completely shut off and the sail furled, and the boat's progress stopped before a firearm may be loaded.

(c) *Structures.* From any pier, dam, dock or similar structure, except disabled persons under the authority of a class A permit issued by the department.

(d) *Rallying.* By the use or aid of any water, air or motor-driven land conveyance used for the purpose of or resulting in stirring up, driving or rallying.

(e) *Bird calls.* By the use or aid of recorded or electrically amplified bird calls or sounds or imitations thereof.

(f) *Live decoys.* By using directly or indirectly any live tame or captive ducks or geese for decoy purposes regardless of the distance intervening between any such live decoys and the position of the hunter. All live tame or captive ducks and geese shall be removed for a period of 10 consecutive days prior to hunting, and confined within an enclosure which substantially reduces the audibility of their calls and totally conceals these live birds from the sight of migratory waterfowl.

(g) *Decoy use.* By the use or aid of decoys which are: placed beyond 200 feet from the blind or cover in which the hunter is located. In addition, it is unlawful to:

- a. Place in the water prior to one hour before opening hunting time.
- b. Leave in the water unattended.
- c. Leave in the water more than 20 minutes after the close of hunting time.

(h) *Baiting.* By the aid of baiting, or on or over any baited area. As used in this paragraph, "baiting" shall mean the placing, exposing, depositing, distributing, or scattering of shelled, shucked, or unshucked corn, wheat or other grain, salt, or other feed so as to constitute for such birds a lure, attraction or enticement to, on, or over any areas where

hunters are attempting to take them; and "baited area" means any area where shelled, shucked, or unshucked corn, wheat or other grain, salt, or other feed whatsoever capable of luring, attracting, or enticing such birds is directly or indirectly placed, exposed, deposited, distributed, or scattered; and such area shall remain a baited area for 10 days following complete removal of all such corn, wheat or other grain, salt, or other feed. However, nothing in this paragraph shall prohibit:

1. The taking of all migratory game birds, including waterfowl, on or over standing crops, flooded standing crops (including aquatics), flooded harvested croplands, grain crops properly shocked on the field where grown or grains found scattered solely as the result of normal agricultural planting or harvesting; and

2. The taking of all migratory game birds, except waterfowl, on or over any land where shelled, shucked or unshucked corn, wheat or other grain, salt, or other feed has been distributed or scattered as the result of bona fide agricultural operations or procedures, or as a result of manipulation of a crop or other feed on the land where grown for wildlife management purposes: provided that manipulation for wildlife management purposes does not include the distributing or scattering of grain or other feed once it has been removed from or stored on the field where grown.

Note: Baiting rules are taken verbatim from 50 CFR s. 20.21 (i) as a result of a court of appeals decision nos. 88-0815 to 88-0818 dated March 1, 1989.

(2) **POSSESSION.** No person shall possess any live or crippled migratory game bird reduced to possession by means of hunting. Such bird shall be immediately killed and become a part of the daily bag limit.

(3) **OPEN WATER RESTRICTIONS.** No person may hunt waterfowl in open water from any blind which may include any boat, canoe, raft, contrivance or similar device except:

(a) *Mississippi river.* Blinds in any of the waters of the Mississippi river and adjoining counties provided the blinds are securely anchored and located not more than 100 feet from any shoreline including islands. Blinds in open water in Grant county and the Lake Pepin portions of the Mississippi river are permitted regardless of the distance from shore provided the blinds are securely anchored.

(b) *Great Lakes and Big Green Lake.* Blinds in open waters of Big Green Lake, Lake Superior, Lake Michigan and Green Bay beyond 500 feet of any lake or bay shoreline. Blinds do not have to be anchored in these areas.

(c) *Lake Winnebago and Petenwell flowage.* Blinds in open waters of Lake Winnebago and Petenwell flowage (north of state highway 21 and south of state highway 73) if more than 1,000 feet from any shoreline including islands provided blinds are securely anchored.

(d) *Blind removal.* All open water blinds shall be removed at the close of hunting hours each day.

(4) **SPECIAL BLIND RESTRICTIONS.** The department may restrict hunters to certain blind locations within the Collins, Pine Island and Theresa state wildlife areas by posted notice. If posted, maps shall be provided by the department indicating where blind sites are located. The following blind restrictions apply to goose hunting in the Collins, Horicon and Theresa zones:

(a) *Zone restrictions.* On any land within the Horicon intensive management subzone established in s. NR 10.31 (5) and on private land, unless leased by the department for public hunting, within the Theresa zone established in s. NR 10.31 (5), no person may hunt geese except from a blind unless they are a disabled person located no more than 20 feet from the blind and in possession of a class A permit issued by the department.

(b) *Hunter limits.* No more than 2 hunters may occupy any blind at one time nor may any person hunt waterfowl from a blind placed within 200 yards of any other blind occupied by one or more waterfowl hunters or within 100 yards of the property boundary on which the blind is located.

(c) *Game retrieval.* Downed game birds may be retrieved outside blinds with the aid of guns and dogs or by hand.

(5) **TAKING METHODS.** No person shall hunt any migratory bird:

(a) *Guns and devices.* With a trap, snare, net, rifle, pistol, crossbow other than in s. 29.104, Stats., swivel gun, punt gun, battery gun, machine gun, fishhook, poison, drug, explosive, stupefying substance or shotgun of a larger bore than a no. 10 gauge.

Note: The s. 29.104, Stats., reference authorizes disabled persons under department permit to hunt any migratory bird on which an open season is established in s. NR 10.01 (1) with crossbows meeting s. 29.104., Stats., standards.

(b) *Shotgun capabilities.* With any automatic-loading or hand-operated repeating shotgun capable of holding more than 3 shells the magazine of which has not been cut off or plugged with a one-piece filler incapable of removal without disassembling the gun so as to reduce the capacity of said gun to not more than 3 shells at one time in the magazine and chamber combined.

(c) *Legal means.* By any means other than a shotgun fired from the shoulder or a bow and arrow, or by falconry.

(d) *Non-toxic shot requirements.* While hunting waterfowl and coot within any area of the state, no person may:

1. Take, catch, kill or pursue waterfowl and coot with any shotshell loaded with any material other than nontoxic shot.

2. Possess any shotshell loaded with any material other than nontoxic shot.

Note: Muzzle-loading firearms are not restricted by this rule because shotshells are not part of their mechanism.

(6) **TAGGING.** No person may give, put or leave migratory game birds at any place, other than at that person's permanent abode, or in the custody of another person unless the birds are tagged individually or collectively with tags bearing the following information:

(a) The hunter's signature,

(b) The hunter's address,

(c) The total number of birds tagged, by species, and

(d) The dates the birds were killed.

Note: Tagging is required if the birds are being transported by another person for the hunter, or if the birds have been left for cleaning, storage (including temporary storage), shipment, or taxidermy services.

(7) **DRESSING.** No person may completely dress any migratory game bird and then transport the bird from the field. The head or one fully feathered wing shall remain attached to all migratory game birds being transported from the field to the person's permanent abode or a preservation facility.

(8) **SHIPMENT.** No person may ship migratory game birds unless the package is marked on the outside with:

(a) The name and address of the person sending the birds,

(b) The name and address of the person to whom the birds are being sent, and

(c) The number of birds, by species, contained in the package.

(9) **IMPORTATION.** (a) One fully-feathered wing shall remain attached to all migratory game birds being transported between the port of entry and the possessor's permanent abode or to a preservation facility.

(b) No person may import migratory game birds belonging to another person.

(10) **WATERFOWL STAMP.** No person may hunt for migratory game birds without a valid state waterfowl stamp with the signature of the licensee written in ink across its face and firmly affixed by its own adhesive to the back of a valid small game, sports or conservation patron license.

Note: Violation of state migratory game bird regulations is also a violation of federal regulations. Importation restrictions do not prohibit the importation of legally taken, fully feathered migratory game birds for mounting purposes by a taxidermist holding a valid federal permit and licensed by the U.S. department of agriculture to decontaminate birds.

NR 10.125 Canada goose hunting. (1) PERMIT REQUIREMENTS. (a) *Permit possession.* No person may hunt Canada geese in any area of the state without having on their person a current, valid Canada goose hunting permit.

(b) *Validity.* 1. Except as provided under subd. 2, permits and any associated carcass tags are valid only in the zones and for the time periods specified on the permit during the open season established for Canada geese.

2. Horicon zone permit holders possessing a current, valid permit with an unused carcass tag may hunt in the Theresa zone beginning the day after the date on which the Theresa zone harvest quota is reached and continuing through the end of Theresa zone season.

(c) *Permit quota.* 1. Horicon zone. The number of Canada goose permits issued by the department annually under this section and under s. NR 19.84 shall be based upon the assigned federal quota and distributed within established zones based upon the general distribution of geese within the state and the previous year's hunter success rates.

2. Collins zone. Permit numbers for each time period for the Collins zone may not exceed 325.

3. Pine Island zone. Permit numbers for each time period for the Pine Island zone may not exceed 200.

(d) *Application and issuance procedures; all zones.* 1. Applications shall be on forms supplied by the department and, except early goose hunt subzone applications, shall include the applicant's senior citizen recreation card number, hunter education certificate number, armed forces license number or bow license number.

2. No person may submit more than one application per year except that:

a. Persons not applying by the permit application deadline for the Collins, Horicon, Theresa or Pine Island zones established under par. (e) may reapply, provided the goose season is open, for an Exterior zone permit.

b. Persons applying for an early goose hunt subzone permit may also apply for a Collins, Horicon, Theresa, Pine Island or Exterior zone permit.

3. Applicants may indicate preference for any zone and period.

4. No person may submit an application containing false information.

(e) *Application and issuance procedures; Collins, Horicon, Pine Island and Theresa zones.* 1. *Deadline.* Collins, Horicon, Pine Island and Theresa zone applications shall be postmarked no later than the last Friday in August or hand delivered to the department license section no later than 4:30 p.m. on that Friday each year.

Note: The license section address is 101 South Webster, Box 7924, Madison, WI 53707.

Register, April, 1992, No. 436

2. **Group applications.** If 2 or more persons wish to hunt together in the Collins, Horicon or Pine Island zones, each shall fill out an application form and submit them together in one envelope clearly marked "group application" on the outside. A group application shall be considered one application.

3. **Preference.** When Collins, Horicon or Pine Island applications exceed the number of permits available, successful applicants shall be randomly selected with first preference given to persons who unsuccessfully applied for a permit during the previous year.

4. **Multiple tags.** If the number of Collins, Horicon or Pine Island zone permit applications is less than the number of permits available for any time period, the department may issue the remaining permits to successful applicants by random selection and increase the applicant's season bag limit accordingly.

(f) *Application and issuance procedures; Exterior zone.* Exterior zone permit applications may be obtained by mail or in person at department district and area offices during normal office hours throughout the open season.

Note: Normal office hours are 8:00 a.m.-4:30 p.m. Monday through Friday.

(g) *Application and issuance procedures; Early goose hunt subzone.* Early goose hunt subzone applications shall be postmarked no later than the first Friday in August or hand delivered to the department license section no later than 4:30 p.m. on that Friday each year.

(h) *Permit validation procedures.* In the Exterior zones, when a Canada goose is taken and before it is transported in any manner, the hunter shall validate the permit by slitting or punching the mark indicating the month and day the goose was killed. Failure to follow the validation procedure invalidates the permit and renders any goose in possession illegal.

(2) **CARCASS TAG REQUIREMENTS.** The following carcass tag requirements apply to Canada goose hunting in the Collins, Horicon, Pine Island and Theresa zones:

(a) *Tag possession.* No person may hunt Canada geese without being in possession of a valid carcass tag issued by the department.

(b) *Tagging requirements.* When a Canada goose is taken and before it is carried by hand or transported in any manner, the hunter shall:

1. Validate the permit by tearing or cutting out notches on the tag designating the month, day and time of kill. Failure to follow the validation procedure in this manner invalidates the permit and renders any goose in possession illegal.

2. Completely attach and seal the paper tag, utilizing its own adhesive, to the neck of the goose.

3. No person may possess or transport a Canada goose unless it is tagged with a validated tag.

(c) *Transportation restrictions.* The hunter shall:

1. Transport the goose in a motor vehicle in such a manner that the tag attached to the goose cannot be handled or manipulated by any occupant of the vehicle.

2. Keep the tag attached to the goose until it reaches the personal abode of the person taking it.

(3) **REPORTS.** (a) *Report card issuance.* Canada goose harvest reports shall be issued to each successful applicant for the Early goose hunt and Exterior zones. Exterior zone permit holders shall be issued 5 report cards. Additional report cards may be issued at department district and area offices to applicants appearing in person.

(b) *Harvest reports.* 1. Exterior zone. Each successful Exterior zone permit holder shall complete and submit a harvest report on forms supplied by the department. The report shall be submitted to the department within 48 hours of harvesting a goose.

2. Early goose hunt subzone. Each Early goose hunt subzone permittee shall complete and submit a department harvest report form to the department within 48 hours of the close of the season.

(c) *Hunting reports.* The department may require any permit holder to provide the department a goose hunting report. The selected hunter shall be required to complete the report and mail it within 48 hours of receipt.

Note: The hunting report forms will be mailed to certain hunters only.

(4) **CANADA GOOSE LIMITS.** The daily bag limit on Canada geese statewide is not more than that permitted in any one zone within the state and no person may possess or transport more than the daily bag limit or aggregate daily limit, whichever applies, or migratory game birds, tagged or not tagged, at or between the place where taken and either the person's personal abode or temporary or transient place of lodging; or a commercial preservation facility.

(5) **SEASON CLOSURE.** The secretary of the department may close a portion or all of any Canada goose season established in NR 10.01 (1) (g) upon a finding by the department that the harvest for that season will exceed the level authorized by U.S. fish and wildlife service. Closure shall become effective upon issuance of an order and publication in the official state newspaper.

NR 10.13 Furbearing animals. (1) **PROHIBITED METHODS.** No person may:

(a) *Hunting.* Hunt any beaver, fisher, mink, muskrat, or otter with the aid of any spear, gun or dog except that:

1. The owner or occupant of any land and members of their families may shoot or trap beaver on their respective lands without license as established in s. 29.24, Stats.

2. Agents or employes possessing written authorization from the landowner, land lessee or responsible governmental body may use firearms to shoot beaver under s. NR 12.10.

(b) *Trapping*. 1. Traps. Set out or place traps or snares, whether set or sprung, during the closed season.

2. Bait or scent. Set out or place any bait or scent for attracting furbearing animals during the closed season. During the open season, no person may use sight exposed bait consisting of feathers, animal flesh, fur, hide or entrails within 25 feet of any trap.

3. Trap and snare limit. Set, place or operate more than 75 traps or snares in any combination for the purposes of capturing furbearing animals.

4. Watersets. Take, capture or kill, or attempt to take, capture, or kill any furbearing animals at any time by means of watersets except during that period when and in those areas where there is an open season for trapping muskrat, beaver, or otter. In addition, persons removing beaver under s. NR 12.10 may use watersets.

5. Trap and snare placement. Set any snares or traps at any time within 15 feet of any beaver dam, except when trapping under the landowner authority established by s. 29.24, Stats.

Note: The rule exception allows trapping on beaver dams by landowners.

6. Trap and snare use. Set, place, operate or possess while on or adjacent to waters of this state, any trap other than a steel-jawed trap, live traps or snare other than that defined in s. NR 10.001 (25e) for the purpose of taking, capturing, or killing furbearing animals. Live traps shall be constructed so that not more than one animal can be taken or captured in any single trap setting.

7. Artificial structures. No person shall construct or place on the ice of any of the waters of this state any artificial house or den for the purpose of taking, catching, or killing any fur-bearing animals, or place or set therein any trap or traps of any kind which might take, catch, or kill furbearing animals.

8. Killer traps and snares. Set, place, or operate any killer type trap of the conibear type larger than 7" x 7" or any snare regardless of the size of the noose unless one-half of the trap or snare is located underwater at all times.

(5) **HARVEST QUOTA.** The number of wild turkey hunting licenses or carcass tags issued annually for the spring and fall seasons shall be determined by the department. The department shall base its determination for each wild turkey hunting zone upon;

- (a) The abundance and distribution of wild turkeys;
- (b) Trends in hunter success rates;
- (c) Hunter distribution and density; and
- (d) Zone size and forested acreage.
