Register, December, 1990, No. 420

**Opt 6.04 Continuing education.** (1) A certificate holder as specified in s. Opt 6.02 (4) shall complete 30 hours of approved continuing education in the use of therapeutic pharmaceuticals and the removal of superficial foreign bodies from an eye or from an appendage to the eye in each biennial registration period. Seven of the 30 hours must be in the diagnosis and management of glaucoma.

(2) Continuing education hours may be applied only to the biennial registration period in which the continuing education hours are acquired, unless permission has been granted by the board under conditions specified in s. Opt 6.06, to apply credits to the previous biennium to satisfy requirements for reinstatement of a certificate which has lapsed.

(3) To obtain credit for completion of continuing education hours, an optometrist shall submit to the board certificates of attendance from the provider of the board-approved course.

(4) A certificate holder as specified in s. Opt 6.02 (4) who fails to meet the continuing education requirements by the renewal deadline may not use therapeutic pharmaceuticals or remove superficial foreign bodies from the eye or from an appendage to the eye after the renewal deadline until the certificate is reinstated as defined in s. Opt 6.06 and as referenced in s. 449.07, Stats.

(5) Optometrists certified under s. 449.18, Stats., within a biennium, must submit to the board proof of completion of one hour of board approved continuing education per month or partial month of certification reported on or before January 1 of the biennium. A minimum of one-quarter of the continuing education hours must be in the diagnosis and management of glaucoma.

History: Cr. Register, December, 1990, No. 420, eff. 1-1-91.

**Opt 6.05 Approval of continuing education courses.** (1) To apply for approval of a continuing education course, a course provider shall submit to the board office an application on forms provided by the board and shall include the title, general description and an outline of the course, the dates, the location, the name and qualifications of the instructor of the course, and the sponsor of the course.

(2) The following criteria will be considered in the approval process:

(a) The subject matter of the course pertains to therapeutic pharmaceuticals and removal of superficial foreign bodies from the eye or from an appendage to the eye;

(b) The provider of the continuing education course agrees to monitor the attendance and furnish to each participant a certificate of attendance;

(c) The provider of the course is approved by the board; and

(d) The course content and instructional methodologies.

(3) A separate application shall be submitted for each continuing education course approval request.

(4) If a continuing education course includes subject matter other than that related to therapeutic pharmaceuticals and removal of superficial foreign bodies from the eye or from an appendage to the eye, only the

board-approved portions of the course which relate to therapeutic pharmaceuticals and removal of superficial foreign bodies from the eye or from an appendage to the eye qualify as continuing education required under this chapter.

(5) Alternate delivery method continuing education courses such as home-study courses, self-study packages, computer courses, televideo conferencing and other methods may be approved by the board.

**History:** Cr. Register, December, 1990, No. 420, eff. 1-1-91.

**Opt 6.06 Reinstatement of a lapsed certificate.** A TPA certificate which is not renewed by January 1 of an even-numbered year lapses. A certificate holder who allows the certificate to lapse may apply to the board for reinstatement of the certificate by fulfilling the continuing education requirements, passing a board-approved examination and paying the appropriate renewal and examination fees.
