LES 3.03	Curriculum

LES 3.01 Minimum standards for recruit training. (1) Minimum standards for recruit training for law enforcement officers shall require that:

(a) The minimum amount of preparatory training which must be successfully completed by a recruit before that recruit may be certified as eligible for permanent appointment shall be a total of 240 hours. The subjects and the minimum time during which they are to be covered in this preparatory training shall be determined by the board after due consideration of recommendations made by the advisory curriculum committee identified in s. LES 3.02. The curriculum so decided upon may be changed by the board as the need becomes apparent due to technological changes affecting law enforcement, current problems involving the public welfare or additional recommendations made by the advisory curriculum committee. The 240 hour preparatory training curriculum approved by the board is identified in s. LES 3.03 (1) to (11). A 320 hour competency-based curriculum which has been developed to eventually replace the conventional 240 hour course and in which new officers are encouraged to be enrolled is identified in s. LES 3.04 (1) to (11).

(b) Trainees must obtain passing grades in written examinations in all subjects, and qualifying scores in the use of firearms. The passing grades and qualifying scores shall be in accordance with the standards of the certified school attended.

(c) Each trainee must successfully complete this training within the original probationary period. Under justifiable circumstances, this period may be extended for a period not to exceed one year, but the total period during which a person may serve as a full-time law enforcement officer on a probationary or temporary basis without successfully completing this training shall not exceed 2 years. Part-time officers must successfully complete at least one 40 hour block of instruction from the 240 hour preparatory course during each subsequent 12 month period following their initial employment and successfully complete the entire course in not more than 6 years. The total period during which a person may serve as a part-time law enforcement officer on a probationary or temporary basis without successfully completing this training shall not exceed 6 years. For purposes of this section, a part-time law enforcement officer is a law enforcement officer who routinely works not more than one-half of the normal annual work hours of a full-time employe of the employing agency or unit of government.

(d) The law enforcement code of ethics, as set forth below, shall be administered as an oath to all trainees during the preparatory course.

1. AS A LAW ENFORCEMENT OFFICER, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and

the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I WILL keep my private life unsullied as an example to all; maintain courageous calm in the face of danger; scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I WILL never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I RECOGNIZE the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself to my chosen profession....law enforcement.

(2) Minimum standards for jail officer recruit training shall be as follows:

(a) A minimum of 80 hours of preparatory training shall be successfully completed by a jail officer recruit before that recruit may be certified as eligible for permanent appointment. The subjects and minimum number of hours for each subject to be covered in this preparatory training shall be determined by the board. The curriculum as established may be changed by the board as the need becomes apparent due to technological changes affecting jail administration, current problems involving the public welfare or additional recommendations made by the advisory curriculum committee identified in s. LES 3.02.

(b) Recruits shall obtain passing grades in examinations in all subjects. The passing grades shall be in accordance with the standards of the certified school attended.

(c) Each recruit shall successfully complete this training within his or her original probationary period. Under justifiable circumstances this period may be extended for a period not to exceed one year.
