NR 50.13 Law enforcement aids to municipalities. (s. 30.79, Stats.). (1) Municipalities may receive law enforcement aids for up to 75% of the net costs (determined by deducting all fines and forfeitures imposed upon persons convicted of violations of ordinances enacted pursuant to s. 30.77, Stats.) which are directly attributable to the operation and maintenance of the water safety patrol unit. State aid is available only for those activities associated with the local enforcement of ss. 30.50 to 30.80, Stats., and any administrative rules and ordinances enacted pursuant thereto. No municipality shall receive state aid in excess of 20% of the funds available.

(1m) **GUIDELINES FOR AIDS TO WATER SAFETY PATROL UNITS.** No local unit of government may receive state aids under s. 30.79, Stats., for costs contrary to the following guidelines:

(a) On-water patrol hours for each water safety patrol are fundable based on a formula of the number of on-water patrol hours per arrest. The maximum number of on-water patrol hours per arrest shall be not more than 50% above the state average of on-water patrol hours per arrest for the past 3 years computed from the statewide municipal patrol records. This ratio may not be less than 15 on-water patrol hours per arrest. Patrols with a ratio of on-water patrol hours per arrest in excess of the maximum ratio may be funded only for those hours that result in a ratio equal to the maximum ratio allowed. Patrols are also subject to the following guidelines:

1. For the purpose of establishing the average patrol hour per arrest for each claim, the inland patrols shall be based on the average of all inland water patrols and the outlying water patrols shall be based on the average. Register, May, 1995, No. 473

age of all of the outlying patrols participating in the program of aids to municipal water safety patrol units.

2. For the purpose of establishing on-the-water patrol average, on-the-water patrol hours are one person times one hour of on-the-water on patrol.

(b) The maximum number of fundable crew members on a water safety patrol shall be limited to:

1. Two certified law enforcement officers per boat on inland waters, having authority to make arrests; and

2. Three certified law enforcement officers per boat on outlying waters, having authority to make arrests.

(f) A local unit of government may be reimbursed for the actual teaching hours of a law enforcement officer who conducts an authorized department boating safety education course.

(g) Water safety patrol expenses on lakes less than 100 acres and sections of rivers less than one mile in length may only be reimbursed if the patrol qualifies under par. (c) and the expenses are justified in the interest of public health and safety. Such justification shall be documented on each daily log Form 8700-59 and included on the monthly report Form 8700-90.
