(3) With respect to investment company shares or face amount certificates sold pursuant to a contractual plan or program payable in installments, unless the offering complies with the provisions of the North American Securities Administrators Association Guidelines For Registration of Periodic Payment Plans, as adopted March 29, 1992, the selling commission may be deemed unreasonable if more than a pro rata portion of the total selling commission payable over the period of the contract is payable in connection with any installment payment, or if any charge or penalty is assessed for failure to make any installment payment.

SEC 3.02 Offering price. The offering price of any security shall be fair and equitable to purchasers. With respect to common stock, unless the offering is made pursuant to a firm commitment underwriting by a broker-dealer that is not affiliated with the issuer by means of direct or indirect common control and where the offering price of the common stock is at least \$5 per share, the offering price shall be reasonably related to the existing public market for the stock or to the net earnings of the issuer as stated in the prospectus.

(1) With respect to common stock of issuers not in the promotional or developmental stage, the offering price may be deemed unfair or inequitable to purchasers unless it meets the requirements of par. (a), (b) or (c).

(a) The price for the stock does not exceed 25 times the issuer's net earnings per share for the last fiscal year, or does not exceed 25 times its average annual net earnings per share for the last 3 years prior to the proposed offering date, or does not exceed such other multiple of net earnings as the commissioner may prescribe.

(b) Information is filed with the commissioner showing there exists an adequate public market for the stock, provided that a public market will be presumed adequate if:

1. The stock is traded on a national or regional stock exchange registered under the securities exchange act of 1934;

2. The stock is quoted on the national association of securities dealers automated quotation system; or

3. Each of the criteria in this subdivision are met, consisting of there having been at least 500 holders of the stock at the beginning and end of the 6-month period preceding the date of the filing, at least 200,000 shares of the stock are publicly outstanding (exclusive of shares held by officers, directors, or 5% shareholders), at least 2 broker-dealers regularly make a market in the stock, at least one financial publication regularly quotes the mar-

ket price, and trading of the issuer's stock in the 6-month period preceding the date of the filing averaged at least 100 transactions or at least 5% of the outstanding shares (not including shares held by officers, directors or 5% shareholders) per month.

(c) If no adequate public market exists, information satisfactory to the commissioner is filed justifying the proposed offering price-earnings ratio in relation to price-earnings ratios of companies comparable to the issuer in terms of size, history of operations, industry and products, and other relevant factors; such information may be contained in an underwriter's memorandum on the issuer prepared in connection with the proposed offering.

(2) With respect to common stock of issuers in the promotional or developmental stage as defined in sub. (3), the offering price shall be reasonably related to the price paid for the stock by promoters or controlling persons of the issuer in transactions effected prior to the public offering, except as permitted under s. SEC 3.04.

(3) In this chapter, an issuer in the "promotional or developmental stage" means an issuer that has no significant record of operations or earnings prior to the public offering date.

SEC 3.03 Options and warrants. (1) Except as provided in sub. (2), the amounts and kinds of options and warrants to purchase securities issued or sold, other than ratably to purchasers, in connection with a proposed offering of equity securities or securities convertible into equity securities, as well as the amounts and kinds of options and warrants issued or reserved for issuance at the date of the public offering may be deemed unfair and inequitable unless the offering complies with the provisions of the North American Securities Administrators Association Statement of Policy Regarding Options and Warrants, as adopted effective October 24, 1992.

Note: The Statement of Policy is published in the CCH NASAA Reports published by Commerce Clearing House and is on file at the offices of the Wisconsin secretary of state and the revisor of statutes. Copies of the Statement of Policy are available from the commissioner's office for a prepaid fee of \$4.

(2) The total amount of options and warrants issued or reserved for issuance at the date of the public offering by a Wisconsin corporation having its principal office in Wisconsin, excluding options and warrants issued to financing institutions, other than underwriters, and excluding those issued to an entity being acquired, does not exceed 20% of the shares to be outstanding upon completion of the offering, with options and warrants not to exceed 10% for any one person, or 20% of the shares outstanding during the period the registration statement is effective. The number of options and warrants reserved for issuance may be disregarded if the issuer states in the prospectus that the amount of outstanding options and warrants does not exceed either of the amounts in this subsection during the period the registration statement is effective.

Copies of the Statement of Policy are available from the commissioner's office for a prepaid fee of \$4.

Note: The Statement of Policy is published in CCH NASAA Reports published by Commerce Clearing House and is on file at the offices of the Wisconsin secretary of state and the revisor of statutes.

(2) If an escrow of shares of promotional or cheap stock is required as a result of application of the Statement of Policy in sub. (1), the terms and conditions of the escrow shall comply with the provisions of the North American Securities Administrators Association Model Security Escrow Agreement adopted effective September 14, 1989.

SEC 3.045 Impoundment of proceeds. In any offering that the commissioner determines impoundment of offering proceeds is required as a condition of registration, the commissioner may require that the terms and conditions of the impoundment comply with the provisions of the North American Securities Administrators Association Statement of Policy regarding the Impoundment of Proceeds, as adopted effective October 24, 1991.

Copies of the Statement of Policy are available from the commissioner's office for a prepaid fee of \$4.

SEC 3.06 Preferred stock and debt securities. (1) The offer or sale of preferred stock of an issuer may be deemed unfair and inequitable to purchasers unless the net earnings of the issuer, for its last fiscal year prior to the offering and for the average of its last 3 fiscal years prior to the offering, are sufficient to cover the dividends on the preferred stock proposed to be offered. Net earnings shall be determined exclusive of non-recurring items and shall be adjusted for any preferred stock to be redeemed with the proceeds of the offering, less applicable income tax effects. The commissioner may waive the requirement under this subsection upon evidence showing a sufficient future net earnings capability including, but not limited to, evidence set forth in a financial forecast examined by an independent certified public accountant in accordance with the Guide for Prospective Financial Statements as promulgated by the American Institute of Certified Public Accountants.

(2) The offer or sale of debt securities of an issuer may be deemed unfair and inequitable to purchasers unless the net earnings of the issuer, for its last fiscal year prior to the offering and for the average of its last 3 fiscal years prior to the offering, are sufficient to cover the interest requirements on all debt securities issued subsequent to its last fiscal year, including the securities proposed to be offered. Net earnings shall be determined before income taxes, depreciation and extraordinary items, and shall be adjusted for any debt securities to be redeemed with the proceeds of the offering. The commissioner may waive the requirement under this subsection upon evidence showing a sufficient future net earnings capability including, but not limited to, evidence set forth in a financial forecast examined by an independent certified public accountant in accordance with the Guide for Prospective Financial Statements as promulgated by the American Institute of Certified Public Accountants.

(3) If the issuer has made or proposes to make any material acquisitions subsequent to the last year specified in sub. (1) or (2), the earnings for the year shall be restated on a pro forma basis to reflect the acquisitions.

(4) The offer or sale of preferred stock or debentures by an issuer in the promotional or developmental stage is deemed unfair and inequitable to purchasers unless justified by the issuer or registrant under sub. (1) or (2).

(5) This rule does not apply to the offer or sale of:

(a) Debt securities by a nonprofit issuer under s. 551.22 (15), Stats.;

(b) Securities issued pursuant to a voluntary or involuntary corporate reorganization; or

(c) Securities of an issuer, the issuance of whose securities is regulated by a federal or state governmental authority.

(d) Preferred stock of an issuer that is senior to, or of substantially equal rank with, other securities of the same issuer which are listed, designated, or approved for listing or designation on the exchanges or trading markets specified in s. 551.22 (7), Stats., or rules promulgated thereunder.

(6) The offer or sale of debt securities may be deemed unfair and inequitable to purchasers if the issuer offers to repurchase the securities at the request of the holder prior to maturity (except pursuant to sinking fund provisions or optional redemption provisions on specified dates) unless made in compliance with the following provisions:

(a) *Threshold test.* Subject to par. (b), an issuer may repurchase its debt securities at the request of the holders if its aggregate net earnings for the 3 preceding years and in the year immediately preceding the year of repurchase equalled or exceeded its aggregate fixed charges, as evidenced by a written statement of an independent certified public accountant, in connection with the annual examination of the issuer's financial statements, filed with the commissioner, as to whether or not the accountant has obtained knowledge of any failure of the issuer to meet this test. In this paragraph:

1. "Net earnings" means income before income taxes, extraordinary items and interest expense.

2. "Fixed charges" means interest on all debt, and dividends on other fixed obligation securities such as preferred stock.

(b) *Conditions of repurchase.* 1. Order of repurchase. Subject to the limitation in subd. 2., securities shall be repurchased on a first-come, first-served basis, except that no repurchases may be made from any person controlling, controlled by, or under common control with the issuer until all other pending requests for repurchase have been satisfied.

2. Limit on repurchases from one person. The issuer may not, in any 6-month period, repurchase from any person, including all joint, common and beneficial owners with the person, more than one percent of the publicly-held debt securities outstanding at the time repurchase is made until all other pending requests for repurchase of one percent or less have been satisfied. This limitation does not apply to the repurchase of securities held as of August 2, 1973, by persons who as of that date held more than one percent of the outstanding debt securities.

3. Limit on total repurchases. a. Repurchases shall not reduce the issuer's current assets, exclusive of excess inventory, to an amount less than its current liabilities, nor reduce its total assets to an amount less than its total liabilities, excluding shareholder's equity. In this subsection, "excess inventory" means inventory in excess of a 4-month supply based on sales of the preceding year.

b. If the issuer is engaged in a business for which generally accepted accounting practices do not provide or permit the use of a classified balance sheet, current assets means total assets less property and equipment, net of depreciation; unamortized debt expense; and other assets not acquired in the normal course of business and expected to be liquidated after 1 year from the balance sheet date; and current liabilities means total liabilities less

SEC 3.06

non-current maturities of long-term debt and shareholder's equity.

4. Reports. Within 30 days after the end of each month during which repurchases are made, the issuer shall file with the commissioner a balance sheet (which may be unaudited) as of the beginning of the month during which repurchases were made, and a statement as to the total amount of repurchases made during the month; the total amount of repurchase requests which were not met; and the name, address and amount of repurchase from every person controlling, in control of, or under common control with, the issuer. If the issuer prepares monthly financial statements, the reports may be made quarterly covering the preceding 3 months and shall be filed within 30 days after the end of the quarter.

(c) *Cover page of prospectus.* The cover page of the prospectus relating to the securities shall include the following statement in bold face type: "THESE SECURITIES MAY BE REDEEMED PRIOR TO MATURITY AT THE REQUEST OF THE HOLDER ONLY UNDER CERTAIN RESTRICTED CONDITIONS, SEE PAGE _____." On the page referred to in the statement, the limitations set forth in this subsection, the amount of the debt securities redeemed in each of the preceding 3 years, the ratio of net earnings to fixed charges in each of the preceding 3 years, and the average ratio for those 3 years, shall be described in full.

(d) *Subscription agreement.* Any subscription agreement relating to the debt securities shall include the following statement in bold face type: "THESE SECURITIES MAY BE REDEEMED PRIOR TO MATURITY AT THE REQUEST OF THE HOLDER ONLY UNDER CERTAIN RESTRICTED CONDITIONS, SEE PAGE _____." A copy of the subscription agreement shall be provided to each purchaser.

SEC 3.07 Voting rights. If the issuer is a corporation or business trust having more than one class of equity securities authorized or outstanding, the offer or sale may be deemed unfair and inequitable to purchasers unless the offering complies with the provisions of the North American Securities Administrators Association Statement of Policy Regarding Unequal Voting Rights, as adopted October 24, 1991.

(7), the offer or sale of redeemable securities of an open-end management investment company, as defined in the investment company act of 1940, may be deemed unfair and inequitable to the purchasers thereof unless its prospectus, advisory contract, or organizational instruments include provisions satisfying the following requirements:

(1) The investments of the company shall be restricted in the following respects:

(a) At least 75% of the value of the total assets of a diversified investment company shall be in cash or cash items including receivables, government securities, securities of other investment companies, and other securities, and for each single issuer within the 75%, the investment may not exceed 5% of the value of the total assets of the diversified investment company and may not exceed 10% of the outstanding voting securities of the issuer.

(b) 1. No investment company, other than an investment company that invests more than 80% of its assets in debt securities, may purchase any securities of the classes specified in this subsection, if by reason thereof the value of its aggregate investment in those classes of securities will exceed: 10% of its total assets in securities of issuers which the company is restricted from selling to the public without registration under the securities act of 1933, excluding restricted securities eligible for resale pursuant to Rule 144A under the securities act of 1933 that have been determined to be liquid by the company's board of directors or trustees based upon the trading markets for the securities; 10% of its total assets in the securities of one or more real estate investment trusts or in one or more investment companies; 5% of its total assets in securities of unseasoned issuers, including their predecessors, which have been in operation for less than 3 years, and equity securities of issuers which are not readily marketable.

2. An investment company may not invest in options, financial futures or stock index futures, other than hedging positions or positions that are covered by cash or securities, if as a result thereof, more than 5% of its assets would be so invested.

(c) No investment company may invest any part of the total assets in real estate or interests in real estate, excluding readily marketable securities; commodities, other than precious metals not to exceed 10% of the investment company's total assets; commodity futures contracts or options thereon other than as permitted by investment companies qualifying for an exemption from the definition of commodity pool operator under 17 CFR 4.5 (c) (2) (i); or interests in commodity pools or oil, gas or other mineral exploration or development programs.

(d) The fundamental investment policies of the company shall be stated in the prospectus in reasonable detail, ex-

cept that fundamental investment policies which will involve 5% or less of the company's assets may be disclosed in the Statement of Additional Information prepared by the company under the investment company act of 1940. The fundamental investment policies of the company may not be materially changed in any respect unless authorized by the vote of a majority of the outstanding voting securities of the company.

(2) The policy stated or followed by any investment company, other than one that invests 80% or more of its assets in debt securities, of engaging in any material respect in any of the following or related speculative activities, whether individually or in combination, and the relatively greater risks or costs involved in those activities, shall be disclosed or clearly referred to in bold face type on the cover of the prospectus or on a prospectus supplement satisfactory in form to the commissioner:

The redemption fee payable by any shareholder may not exceed 1% of the amount receivable upon redemption of his or her shares, except that if the shares of a company are sold without sales commission, the redemption fee may not exceed 2% of the amount, subject to such conditions as the commissioner may prescribe.

(5) An investment company shall not effect any brokerage transactions in its portfolio securities with any broker-dealer affiliated directly or indirectly with its investment adviser or manager, unless the transactions, including the frequency thereof, the receipt of commissions payable in connection therewith, and the selection of the affiliated broker-dealer effecting the transactions, are not unfair or unreasonable to the shareholders of the company. The commissioner may require the company to file periodic reports concerning all such brokerage transactions.

(6) Each registered investment company shall notify the commissioner promptly when it is not in compliance with this section, and its registration statements shall be subject to revocation or suspension.

(7) (a) For the purposes of par. (b), an investment adviser is affiliated with another investment adviser if it
