Subchapter I Surety Bonds

SB 3.01 Bonds required; form and amount. (s. 214.34, Stats.) (1) **BOND REQUIRED.** Each savings bank shall maintain fidelity bond coverage. Except as provided in s. SB 3.02, the bond shall cover each director, officer, employe and agent who has control over or access to cash, securities, or other property of the savings bank.

(2) **AMOUNT.** The amount of coverage to be required for each savings bank shall be determined by management, based on its assessment of the level that would be safe and sound in view of the savings bank's potential exposure to risk. The determination shall be approved by the savings bank's board of directors. Each savings bank may maintain bond coverage in addition to that provided by the insurance underwriter industry's standard forms, through the use of endorsements, riders, or other forms of supplemental coverage, if, in the judgment of the board of directors, additional coverage is warranted.

(3) **BOARD OF DIRECTORS' DECISION.** The board of directors of each savings bank shall formally approve the savings bank's bond coverage. In deciding whether to approve the bond coverage, the board shall review the adequacy of the standard coverage and the need for supplemental coverage. Documentation of the board's approval shall be included as a part of the minutes of the meeting at which the board approves coverage. Additionally, the board of directors shall review the savings bank's bond coverage at least annually to assess the continuing adequacy of coverage.

Note: This section parallels 12 CFR 563.190 under which the federal office of thrift supervision requires bonds and prescribes their form and amount for savings and loan associations.

History: Cr. Register, February, 1994, No. 458, eff. 3-1-94.

SB 3.02 Bonds for agents. (s. 214.34, Stats.) In lieu of the bond required by s. SB 3.01, for agents appointed by a savings bank, a fidelity bond may be provided in an amount at least twice the average monthly collections of each agent if the agent is required to settle with the savings bank at least monthly and if the bond is approved by the board of directors of the savings bank. No bond is required for any agent that is a financial institution insured by the FDIC.

Note: This section parallels 12 CFR 563.191 adopted by the federal office of thrift supervision for savings and loan associations.

History: Cr. Register, February, 1994, No. 458, eff. 3-1-94.

Subchapter II Conflicts of Interest

SB 3.03 Conflicts of interest prohibited. (ss. 214.335 and 214.345, Stats.) (1) **POLICY.** The commissioner has a paramount interest in the prevention and elimination of practices and

conditions which may adversely affect the interests of members in savings banks, the soundness of savings banks, the provision of economical home financing and other credit for residents of this state, and the accomplishment of the other purposes of ch. 214, Stats. and rules adopted under it.

(2) **FIDUCIARY RESPONSIBILITIES.** Among the practices and conditions which shall be avoided or eliminated are conflicts between the accomplishment of the purposes of ch. 214, Stats., and the personal financial interests of directors, officers, employes and other affiliated persons of savings banks. Conflicts of this type are considered to be inherently unsafe and unsound practices and conditions. The commissioner accordingly holds that each director, officer, employe or other affiliated person of a savings bank has a fundamental duty to avoid placing himself or herself in a position which may create a conflict of interest or the appearance of a conflict of interest.

(3) **CONFLICTS PROHIBITED.** The commissioner recognizes that it is impossible to define every practice or condition which falls within the broad concept of objectionable conflicts of interest. The commissioner has, nevertheless, adopted ss. SB 3.04 to 3.07 to limit or prohibit certain types of conflicts of interest to implement the purposes of ch. 214, Stats. However, the fact that the commissioner has not specifically limited or prohibited other conflicts of interest should not be interpreted as tacit approval of them. The commissioner will continue to examine those conflict of interest situations which are not specifically limited or prohibited under the statutes and rules and will take appropriate action to prevent, circumscribe or eliminate those situations.

Note: This section parallels 12 CFR 571.7, an OTS regulation applying to savings and loan associations.

History: Cr. Register, February, 1994, No. 458, eff. 3-1-94.

SB 3.04 Corporate opportunities. (ss. 214.335 and 214.345, Stats.) Directors and officers of a savings bank and other persons having the power or authority to direct the management of the savings bank stand in a fiduciary relationship to the institution and its accountholders or shareholders or both. Out of this relationship arises, among other things, the duty of protecting the interests of the savings bank. It is a breach of this duty for such a person to take advantage of a business opportunity for his or her own or another person's personal profit or benefit when the opportunity is within the corporate powers of the savings bank or a service corporation and when the opportunity is of present or potential practical advantage to the savings bank. If a person so appropriates such an opportunity, the savings bank or service corporation may claim the benefit of the transaction or business and the person exposes himself or herself to liability. In determining whether an opportunity is of present or potential practical advantage to a savings bank, the commissioner shall consider, among other things, the financial, managerial, and technical resources of

the savings bank and its service corporation, and the reasonable ability of the savings bank directly or through a service corporation to acquire those resources.

Note: This section parallels 12 CFR 571.9, an OTS regulation applying to savings and loan associations.

History: Cr. Register, February, 1994, No. 458, eff. 3-1-94.

SB 3.05 Directors, officers and employees. (ss. 214.335, 214.342 and 214.345, Stats.) (1) COMPOSITION OF BOARD OF DIRECTORS. (a) *Requirement.* The composition of a savings bank's board of directors is limited as follows:

1. A majority of the directors may not be salaried officers or employes of the savings bank or of any subsidiary or, except in the case of a savings bank having 50% or more of any class of voting shares owned by a holding company.

2. Members of the same immediate family may not constitute a majority of a board of directors.

3. No 2 or more directors may be attorneys practicing with or employed by the same law firm.

(b) *Prospective application.* If a savings bank's board of directors does not conform with par. (a) on February 1, 1994, the service of any person serving on the board of directors on that date, including service through re-election and re-appointment, may not be interrupted.

(2) OTHER EMPLOYMENT. No savings bank or subsidiary may permit any salaried officer or employe to work during the hours of his or her employment by the savings bank or subsidiary for any affiliated person of the savings bank unless the affiliated person compensates the savings bank or subsidiary for the time during which the officer or employe is engaged in the work.

Note: This section parallels 12 CFR 563.33, an OTS regulation applying to savings and loan associations.

History: Cr. Register, February, 1994, No. 458, eff. 3-1-94.

SB 3.06 Restrictions on loans, other investments, and property transactions involving affiliated persons.

(1) RESTRICTIONS ON LOANS AND OTHER TRANSACTIONS WITH AFFILIATED PERSONS. (a) No savings bank or subsidiary may, either directly or indirectly, make a loan to any person affiliated with the savings bank under s. 214.01 (2), Stats., or purchase such a loan, except for loans in the ordinary course of business of the savings bank or subsidiary which do not involve more than the normal risk of collectibility or present other unfavorable features, and which do not exceed the loan amount which would be available to members of the general public of similar credit status applying for loans, of the following types:

1. Loans secured by the principal residence of a person affiliated.

2. Loans secured by deposit accounts maintained by the person affiliated at the savings bank.

3. Loans for constructing, adding to, improving, altering, repairing, equipping, or furnishing the principal residence of the person affiliated.

4. Loans in the form of overdraft protection for NOW accounts.

5. Loans for payment of educational expenses, consumer loans, and extension of consumer credit in connection with credit cards.

(b) A loan described in par. (a) shall be approved in advance by a resolution after full disclosure by at least a majority, with no director having an interest in the transaction voting, of the entire board of directors of the savings bank. Full disclosure includes a statement of whether the loan is made on substantially the same terms, including interest rate and collateral, as those prevailing at the time for comparable loans to members of the general public.

(c) A savings bank may not make loans under par. (b) at an interest rate below its current cost of funds, including all savings accounts and borrowings except that for a loan secured by a deposit account, the interest rate shall be at least 1% above the rate of re-

turn on the deposit account, and the resolution required by par. (b) must set forth:

1. The savings bank's current cost of funds, including the elements of its computation.

2. A justification of the more favorable rate, if the loan is to an affiliated person other than a salaried officer or employe of the savings bank or its subsidiary.

(d) With respect to a loan under par. (b) to a salaried officer or employe of the savings bank or its subsidiary, the approval requirement of par. (c) will be satisfied if the loan conforms with a blanket-preapproval resolution of the board specifying the terms on which loans may be made to all officers or employes, or a class of officers or employes, and the loan documents set forth the savings bank's current cost of funds, including the elements of its computation. A savings bank may not use a blanket-preapproval resolution to make loans under par. (a) 3. to an affiliate in excess of \$100,000 in the aggregate.

(e) A savings bank may extend credit for commercial purposes to an affiliated person which may not exceed an aggregate of \$100,000. This extension of credit shall not involve more than the normal risk of collectibility or present other unfavorable features, and shall be at terms, amount, and interest rate substantially the same as those prevailing at the same time for comparable loans made to members of the general public of similar credit status. A savings bank shall comply with par. (d) with respect to any extensions of commercial credit exceeding an aggregate amount of \$10,000. A savings bank shall, at the time of approval by the board of directors, notify the commissioner of the transaction and all other outstanding extensions of commercial credit to the affiliated person.

(f) No savings bank or subsidiary may invest, either directly or indirectly, in the stock, bonds, notes, or other securities of any affiliate of the savings bank.

(g) No savings bank or subsidiary may, directly or indirectly, purchase securities under a repurchase agreement from any affiliate of the savings bank.

(2) PROHIBITIONS ON LOAN TRANSACTIONS WITH THIRD PERSONS. No savings bank or subsidiary may, either directly or indirectly:

(a) Make any loan to, or purchase other than through a secondary market such as the federal home loan mortgage corporation, any loan made to any third party on the security of real property purchased from any affiliate of the savings bank, unless the property was a single-family dwelling owned and occupied by the affiliated person as his or her principal residence;

(b) Make a loan to, or purchase a loan made to, any third party secured by real property with respect to which any affiliate of the savings bank holds a security interest;

(c) Accept the stock, bonds, notes, or other securities of any affiliate of the savings bank as security for a loan to any third party made or purchased by the savings bank or subsidiary;

(d) Maintain a compensating balance with respect to a loan made by any third party to any affiliate of the savings bank; or

(e) Enter into any guarantee arrangement or make any take-out commitment with respect to a loan made by any third party to any affiliate of the savings bank.

(3) WAIVER. The restrictions in subs. (1) and (2) may be waived in supervisory cases if the commissioner determines that the terms of the transaction in question are fair to, and in the best interests of, the savings bank or subsidiary. A "supervisory case" includes a merger instituted for compelling reasons of safety and soundness of a savings bank, and action taken pursuant to, or in order to obviate the necessity of, proceedings by the commissioner under subch. XI of ch. 214, Stats.

(4) RESTRICTIONS. No savings bank or subsidiary may, directly or indirectly, purchase or lease from, jointly own with or sell or lease to an affiliate of the savings bank any interest in real or personal property unless the transaction is determined by a majority

of the savings bank's board of directors to be fair to, and in the best interest of, the savings bank or subsidiary.

(5) **CONDITIONS.** Transactions permitted under sub. (4) shall:

(a) Be supported by an independent appraisal not prepared by an affiliate, affiliated person, or employe of the savings bank or subsidiary; and,

(b) Be approved in advance by a resolution indicating that the terms of the transactions are fair to, and in the best interests of, the savings bank or subsidiary. The resolution shall be adopted with full disclosure by at least a majority of the entire board of directors with no director having an interest in the transaction voting on the resolution of the savings bank or subsidiary or alternatively by a majority of the total votes eligible to be cast by the voting members of the savings bank at a meeting called for the purpose, with no votes cast by proxies not solicited for the purpose. In this subsection, "full disclosure" includes the affiliated person's source of financing for the real property involved in the transaction, including whether the savings bank or any subsidiary has a deposit relationship with any financial institution or holding company affiliate thereof providing the financing.

Note: This rule parallels 12 CFR 563.43, an OTS regulation applying to savings and loan associations.

History: Cr. Register, February, 1994, No. 458, eff. 3-1-94.

3. Of 5% or less in a limited partnership.

(2) **REPORTING REQUIREMENTS.** At least once each year the board of directors of each savings bank shall obtain from each of the savings bank's officers, directors and employes, other than persons serving solely as advisory directors, a sworn statement containing the information required by sub. (3). Each officer, director, and employe, other than persons serving solely as an advisory director, shall provide such a statement and shall disclose any new reportable interest to the board within one month after its acquisition.

(3) **INTEREST TO BE DISCLOSED.** The statement required by sub. (2) shall identify for each director, officer and employe and his or her spouse and persons treated as dependents under section 151 (c) of the federal internal revenue code:

(a) Their reportable interests; and

(b) Each position they hold as a director, officer or salaried employe of a business venture.

(4) **VALUATION OF REPORTABLE INTERESTS.** In determining whether an interest is reportable under sub. (3):

(a) The value of unlisted securities traded in the over-the-counter market is the average of the bid and asked price.

(b) The value of securities for which no market information is readily available is:

1. For common stock or equivalent securities, net worth divided by the number of outstanding voting shares times the number of shares held.

2. For preferred stock, redemption price, or par or stated value if not redeemable.

Note: This rule is patterned after former s. S-L 9.04, effective from 1978 to 1989.

Subchapter III

Liquidity

SB 3.08 Liquidity requirement. (1) The commissioner shall establish, by periodic written notice to all savings banks, the minimum liquidity ratio that savings banks shall maintain. The ratio shall be between 4% and 15%. At least 50% of the minimum liquid assets shall consist of primary liquid assets. The commissioner may require a savings bank to maintain a higher ratio if the commissioner determines that the nature of the savings bank's operations requires a higher liquidity ratio.

(2) The liquidity ratio of a savings bank for a month shall be calculated as follows:

(a) Add the savings bank's daily net withdrawable deposit accounts and its outstanding borrowings due in one year or less for the previous month.

(b) Divide the amount in par. (a) by the total number of days in the previous month.

(c) Divide the savings bank's average daily total of liquid assets for the month for which the liquidity ratio is being calculated by the amount in par. (b).

(3) A liquid asset shall be either cash or an obligation authorized for investment by a savings bank. Liquid assets do not include loans, loan receivables and equity investments.

(4) In this section, "primary liquid assets" include the following unencumbered obligations:

(a) U.S. government and U.S. government agency obligations.

(b) Obligations issued by this state or a political subdivision, including a school district, in this state.

(g) Bankers acceptances having a maturity of 270 days or less of federally insured U.S. banks.

(h) Shares in open-end investment funds if at least 99% of the securities held by the fund would otherwise qualify as primary liquid assets under this section if held directly by the savings bank.

(5) Other liquid assets which are not "primary liquid assets" include the following unencumbered obligations:

(a) Mortgage backed securities which are readily salable in the securities market.

(b) Mortgage derivative securities with a projected maturity of less than 4 years which are readily salable in the securities market.

(c) Securities issued by other states and political subdivisions in other states.

(e) Accrued interest receivable on any item in pars. (a) to (d).

(6) To qualify as a liquid asset, a security shall be current with respect to payment of scheduled principal or interest or both and shall be an authorized investment for a savings bank.

(7) In this section:

(a) A savings bank's designation of an investment under financial accounting standards board statement number 115 does not effect its liquid asset classification.

(b) The value of an investment included in liquid assets shall be accounted for under generally accepted accounting principles and financial accounting standards board statement number 115.

(c) Assets and liabilities of a wholly owned investment operating subsidiary shall be treated on a consolidated reporting basis with those of the parent savings bank.

These standards must comply with the "Uniform Standards of Professional Appraisal Practice" or any other standards deemed appropriate by the commissioner.
