(3) Any facility to be used as a classroom shall be designated in writing by the licensee, and no instruction shall begin without written authorization by the department. lesson plans has been initially approved, the licensee must submit to the department for approval any proposed changes prior to their implementation.

(3) Licensees may not enroll students for only the behind-the-wheel phase unless certified proof of completion of an approved classroom phase, on a form provided by the department, is on file with the agreement in the licensee's office. However, this subdivision does not apply if the student is either enrolled in an approved behind-the-wheel phase at a different school or has completed the approved course, and the agreement specifies that the instruction does not qualify the student to apply for a license under s. 343.06 (3), Stats.

(4) (a) Licensees not meeting the requirements of sub. (2) (a) and (b) shall be restricted to instruction of students who are 18 years of age or over.

The certification shall be in writing and include the school name, the instructor's full name, the trainee's full name, address and the date of birth, and a

(b) Subject to a hearing as provided by s. 343.69, Stats., the department may suspend and require the temporary license to be surrendered to the department immediately upon commencement of a course described in s. Trans 105.07 (5), if the holder of the license is not enrolled in the first available course or upon withdrawal or failure to satisfactorily complete the course. The person shall not again be entitled to a temporary license unless the department is satisfied there was valid reason for failing to enroll or for dropping the course.

(c) A new temporary license may be issued beyond the expiration date established if no course described in s. Trans 105.07 (5) has been available to the licensee in the area near the licensee's residence and the licensee otherwise meets the requirements of ss. 343.60 to 343.72, Stats., and this chapter.
