STANDARD FORM A—MUNICIPAL OR DOMESTIC WASTEWATER DISCHARGERS (Section IV, Industrial Waste Contribution to Municipal or Domestic Systems)

Submit a description of each major industrial facility discharging to the treatment system, using a separate Section IV for each facility description. Indicate the 4 digit Standard Industrial Classification (SIC) Code for the industry, the major product or raw material, the flow (in thousand gallons per day), and the characteristics of the wastewater discharged from the industrial facility into the treatment system. Consult Table III for standard measures of products or raw materials. (see instructions)

Form section 1: Major Contributing Facility (see instructions) Name, Number & Street, City, County, State, Zip Code, Primary Standard Industrial Classification Code (see instructions)
