\* Up to one-third of each day in the kindergarten schedule may be reserved for students' self-selected instructional activities. The allocated instructional time recommendations presented in column K apply only to the portion of the schedule planned for teacher-directed activities. The time allocations for kindergarten are expressed in percentages to facilitate planning for various kindergarten schedules.

\*\* Instruction specifically designed to strengthen reading and writing abilities should be integrated into other subject areas, such as health, science, and social studies.

\*\*\* Environmental education should be integrated into grades kindergarten through 12, with the greatest emphasis in health, science, and social studies. Computer literacy should be integrated into grades kindergarten through 12.

\*\*\*\* An introduction to career education and planning, through a one semester course or the equivalent in instructional time and course content should be provided in grades 5 to 8.
