PI 44.05 Review of applications and awarding of grants. (1) The state superintendent, annually, shall establish funding limits for programs under this chapter based on the amount appropriated for the program under s. 20.255 (2) (cf), Stats.. The state superintendent shall inform school districts of the funding limits by letter which will accompany application materials for a program under this chapter.

(2) The state superintendent shall determine the amount of funds to be awarded to each applicant. The state superintendent shall award grants for a 5 year period, if funding is available, as follows:

(a) A grant shall be awarded at 100% of the amount originally granted for the first 3 years.

(b) A grant shall be awarded at 60% of the amount originally granted for the fourth year.

(c) A grant shall be awarded at 40% of the amount originally granted for the fifth year.

(a) To the extent possible, the grants shall be distributed equally throughout the state. Therefore, preference in awarding grants may be given to programs developed and operated by rural school districts.

(b) To the extent possible, grants shall be awarded to school districts of varying sizes, as determined by district enrollment.

(5) Grants awarded may not be used to supplant alternative education program funding received from other local, state or federal sources.
