Trans 201.01 General. Pursuant to authority contained in ss. 84.30 and 86.19, Stats., the department of transportation adopts the following rules to apply to signs along and visible from the controlled highways in Wisconsin. Section 84.30, Stats., and these rules apply to the interstate system, federal aid primary or national highway system, and the Great River Road established under 23 USC 148, which are referred to herein as “controlled highways”. These rules are so closely associated with the Wisconsin Statutes, and make such extensive reference to s. 84.30, Stats., that it is essential to refer to both these rules and the law in order to apply the controls. This chapter shall be interpreted consistently with the requirements of the 23 USC 131 federal regulations related to outdoor advertising control at 23 CFR Part 750, and the agreements between the state of Wisconsin and the U.S. federal highway administration dated June 9, 1961 and March 28, 1972.

Note: The 1961 Agreement involved application of the Federal Bonus Act (part of the Federal Aid Highway Act of 1958), P.L. 85-381; the 1972 Agreement involves application of the Federal Highway Beautification Act of 1965, P.L. 89-285.

History: Cr. Register, September, 1972, No. 201, eff. 10-1-72; am. Register, October, 1976, No. 250, eff. 11-1-76; am. Register, May, 1977, No. 257, eff. 6-1-77; renum. from Hy 19.001 and am., Register, July, 1980, No. 295, eff. 8-1-80; am. Register, April, 2001, No. 544, eff. 5-1-01.

Trans 201.02 Definitions. The words and phrases defined in s. 84.30 (2), Stats., have the same meaning in this chapter unless a different definition is specifically provided. In this chapter:

(1) “Back-to-back”, “side-by-side”, “bottom-on-top” and “V-shaped” signs means signs which are physically contiguous and which share a common structure, in whole or in part, or are located not more than 15 feet apart at their nearest point in cases of “back-to-back” or “V-shaped” signs.

(2) “Department” means the department of transportation.

(3) A sign shall be presumed to be designed, erected or intended to be read from the main-traveled way if an advertising message on the sign is readable from the main-traveled way by a person having normal visual acuity traveling at the speed limit.

(4) “Grandfathered sign” means a sign that lawfully existed in a business area on March 18, 1972, and that does not conform to the size, spacing or lighting restrictions of s. 84.30 (4), Stats.

(5) “Illegal sign” means a sign erected after March 18, 1972, without a permit, a sign that is erected or maintained in a manner that violates any requirement of a permit, this chapter, or s. 84.30, Stats., a non-conforming sign that has lost its nonconforming status, or a grandfathered sign that has lost its grandfathered status.

(6) “License” means a license to engage in the business of outdoor advertising.

(7) “Nonconforming sign” means any of the following:

Note: See 23 USC 131 (t). The DOT Bureau of Planning, P. O. Box 7913, Madison, WI 53717 maintains a list of highways that are primary highways as defined herein. Information regarding which highways are primary highways under this section may also be obtained from the sign permit coordinator in any DOT district office.

(12) “Visible” means the sign, or any part of the sign structure, can be seen from the main-traveled way of a highway by a person of normal visual acuity, regardless of whether the sign is designed, erected or intended to be read from the main-traveled way.

The licensing requirement does not apply to persons who erect 2 or less signs during the calendar year. Any person who violates the licensing requirement shall be required to forfeit not less than \$500 nor more than

- (c) Addition of the sign to the sign database of signs maintained by the department.

(2) DATABASE OF SIGN OWNERS. The department shall maintain a sign database to track the name and address of the owner of each sign, and such other information related to the sign as the department considers appropriate.

Note: The Department shall use the address of record in this database for correspondence with a sign owner.

(3) CHANGE OF SIGN OWNERSHIP. Any person who acquires a sign shall provide the department with a notice containing all of the following information for the sign:

All annual fee notices shall be considered delivered upon mailing to the owner of record indicated in the department's database of sign owners as of the first day of the month in which the notices are mailed. Annual fee notices may include a summary of information related to one or more signs and require owners to update or correct information at the time of paying any required fee. The department may require owners of signs not subject to the fee requirement of sub. (9) to update or correct information from a summary of information with respect to any sign.

(6) NONCONFORMING SIGNS. Nonconforming signs for which the annual fee is not paid within 60 days of the due date shall be removed as abandoned signs. Payment of an annual fee may not be considered in determining whether a sign is subject to removal under the federal highway beautification act, the regulations promulgated thereunder, or s. Trans 201.10.

Note: See s. 84.30 (10m), Stats.

(7) PERMITTED SIGNS. The permit for a sign shall expire upon the due date for payment unless the annual fee for the sign has

(2) In addition to the spacing criteria of s. 84.30 (4) (c), Stats., s. Trans 201.05 (2) (d), and sub. (1), a permit may not be issued for an otherwise eligible sign location if the erection of a sign at that location would obstruct motorists' view of another lawfully erected sign.

To propose a change of this kind, the applicant shall submit a complete new permit application together with a request that the prior permit (identified by its number) be cancelled and superseded by the new application.

(3) (a) The department may permit directional signs to be changed on a seasonal basis to identify alternate attractions or activities. If additional attractions or activities are listed on a later application, an additional permit fee shall be charged under s. Trans 201.07.

(b) Approval of the department is required in advance of any message change on a directional sign that involves a different attraction or activity than originally approved. Message change applications under this paragraph are subject to the permit fees set by s. Trans 201.07.

Compensation for removal of a nonconforming sign shall be paid in accordance with s. 84.30 (6) to (8), Stats., provided the sign has complied with the conditions in sub. (2).

(2) In order to lawfully maintain and continue a nonconforming sign, or a grandfathered sign under s. 84.30 (3) (d), Stats., the following conditions apply:

(a) The sign must have been actually in existence at the time the applicable state law became effective, except where a permit for the construction of a sign was granted by the state prior to the effective date of the state law and the sign owner acted in good faith and expended sums in reliance thereon. This exception

shall not apply in instances where large numbers of permits were applied for and issued to a single sign owner, obviously in anticipation of the passage of a state control law.

(b) There must be existing property rights in the sign affected by the state law.

(c) The sign may be sold, leased, or otherwise transferred without affecting its status, but its location may not be changed. A nonconforming sign removed as a result of a right-of-way taking or for any other reason may be relocated to a conforming area but cannot be re-established at a new location as a nonconforming use.

(d) The sign must have been lawful on the effective date of the state law and must continue to be lawfully maintained.

(e) The sign must remain substantially the same as it was on the effective date of the state law, and may not be enlarged. Reasonable repair and maintenance of the sign, including a change of advertising message, is not a change which would terminate nonconforming rights. Customary maintenance ceases and a substantial change occurs if repairs or maintenance, excluding message changes, on a sign exceeds 50% of the replacement costs of the sign.

(f) The sign may continue as long as it is not destroyed, abandoned or discontinued. A sign shall be considered destroyed if it is damaged in excess of 50% of its replacement cost. Any sign destroyed by criminal or tortious acts may be replaced upon a showing by the sign owner that the sign was so destroyed and upon written approval from the district office. Applications for replacement signs shall be submitted to the district office. If the district office fails to send notice of its decision within 10 days after it receives an application, the sign owner may assume that replacement has been approved. As an alternative to replacement, the district office and sign owner may negotiate for the acquisition of the sign which was so destroyed. Approvals of replacements shall contain such terms and conditions as are necessary to ensure that the replacement sign is essentially the same as the sign destroyed. A sign is abandoned or discontinued if for a period of 12 months or longer it is composed of obsolete advertising matter or is without advertising matter or is in need of substantial repair, provided that any period of involuntary discontinuance which occurs during the period a highway is closed shall not be considered. A sign is abandoned if the name of the owner does not appear thereon and if the name and address of the current owner are not readily ascertainable from records on file with the department.

(3) Since the provisions of sub. (2) reflect the law of this state with respect to the treatment of nonconforming uses and the derivative policy of the department with respect to nonconforming signs, the adoption of sub. (2) shall not be construed to affect the applicability or validity of such state law or derivative policy prior to the adoption of sub. (2).

Trans 201.19 On-property signs. **(1) PURPOSE.** The purpose of this section is to interpret the provisions of s. 84.30 (3) (c), Stats., relating to on-property signs.

(2) OFF PREMISES ADVERTISING NOT PERMITTED. An on-property sign may advertise only activities conducted on the property on which it is located, the name of the establishment and the establishment’s principal product or service offered on the premises. A permit for an off-property sign is required for any sign violating the content restrictions of this subsection.

(3) NARROW STRIPS. Where the sign site is located at or near the end of a narrow strip contiguous to the advertised activity, the sign site shall not be considered part of the premises on which the activity being advertised is conducted. History: Cr. Register, July, 1983, No. 331, eff. 8-1-83; am. (2), cr. (5), Register, April, 2001, No. 544, eff. 5-1-01.

Trans 201.20 Local certification. **(1) PURPOSE.** The purpose of this section is to set out the standards employed by the department in making determinations of customary use under s. 84.30 (4) (intro.), Stats., which are used for certifying local sign control ordinances to the federal highway administration under 23 USC 131 (d).

(2) APPLICABILITY. This section applies to local certification applications filed by counties, cities, villages or towns after August 1, 1983, and to applications for the re-certification of previously certified ordinances filed after that date.

(3) DEFINITION. “Local certification” means the department’s acceptance, under s. 84.30 (4) (intro.), Stats., of a local zoning authority’s determination of customary use as to the size, lighting and spacing of outdoor advertising signs in the zoned commercial or industrial areas of the locality.

(4) INVENTORY. An application for local certification must include a copy of the local zoning ordinance and an inventory of all existing signs within the area to be certified.

(5) ORDINANCE. The local determination of customary use shall be in the form of an ordinance. The department shall accept for certification an ordinance that meets the other requirements of this section, that includes provisions ensuring effective enforcement and that conforms to and complies with the following:

(a) The local zoning authority’s controls shall include the regulation of size, of lighting and of spacing of signs, in all commercial and industrial zones.

(b) Unless a Wisconsin statute or administrative rule requires otherwise, the local zoning authority’s controls may be either more or less restrictive than the appropriate controls set forth in the agreement in effect between the department and the secretary of transportation of the United States entered pursuant to s. 84.30 (12), Stats.

(c) If a local zoning authority has extraterritorial zoning jurisdiction under s. 62.23 (7a), Stats., and exercises control of signs in commercial and in industrial zones within this extraterritorial zoning jurisdiction, sign control by that local zoning authority may be accepted in lieu of the otherwise applicable control within the extraterritorial zoning jurisdiction.

(d) The department shall notify the federal highway administration in writing of those zoning jurisdictions wherein a local zoning authority’s controls apply and shall periodically assure itself that the size, lighting and spacing control provisions of each applicable local zoning ordinance certified under this section are actually being enforced by the appropriate local zoning authority.

(e) Nothing in this section shall diminish the department’s authority or relieve the department from responsibility to limit signs within controlled areas of commercial and industrial zones.

Note: Each of the provisions in sub. (5) (a) to (e) are based upon the provisions of 23 CFR 750.706 (c).

(6) NONCONFORMING SIGNS. The ordinance shall commit the local government to pay the full costs of removing any signs erected after local certification is granted which acquire nonconforming status under state law. This shall include any liability of the state or federal government under s. 84.30 (6), Stats., or 23 USC 131 (g). The department shall require a bond or insurance policy to cover this commitment as a condition of local certification.

History: Cr. Register, July, 1983, No. 331, eff. 8-1-83.

Trans 201.21 Local acquisition of signs. **(1) PURPOSE.** The purpose of this section is to interpret s. 84.30 (6) and (15), Stats., as these provisions affect the removal of signs along controlled highways under local ordinances.

(2) COMPENSATION. (a) This section applies to local government sign acquisitions in which s. 84.30 (6), Stats., requires compensation for the removal of a lawful nonconforming sign

under a local ordinance. This section does not attempt to address the validity of local sign amortization ordinances adopted before the enactment of the "just compensation" amendments to the state and federal sign control laws (s. 84.30 (6), Stats., as amended by chapter 253, laws of 1979, effective May 10, 1980; 23 USC 131 (g) as amended by P.L. 95-599, section 122, effective November 6, 1978) or the validity of the application of such local ordinances after the enactment of these amendments.

(b) A local government may not remove a lawful nonconforming sign for which compensation is required under s. 84.30 (6), Stats., unless at the time of removal the department certifies that sufficient funds are available to pay just compensation for the sign. If sufficient funds are not available from state or federal sources, or both, the department may certify that availability of sufficient funds upon deposit of the required amount with the department from any source. The department shall determine the availability of state and federal funds by evaluating overall

state obligations under the sign control program and the priority requirements of s. Trans 201.14. The department shall determine the required amount for deposit by evaluating the local government appraisal and conducting any further appraisal or investigation that appears to be necessary to ensure that the estimated compensation requirement is accurate.

(3) REVIEW. The department may periodically review a deposit required under sub. (2) and for good cause may raise or lower the amount required.

History: Cr. Register, July, 1983, No. 331, eff. 8-1-83.

Trans 201.22 Effect of rule. Nothing in s. Trans 201.20 or 201.21 creates any new obligations upon any local unit of government to pay compensation for the removal of a lawful nonconforming sign beyond any obligations to compensate that may already be in effect under other state or federal laws.
