In determining whether an applicant is fit and qualified, the department shall consider any history of civil or criminal violation of statutes or regulations of the United States, this state or any other state substantially related to the care of children or activities of a day care center by the applicant, licensee, administrator, center director, representative, employee, household member or other individual directly or indirectly participating in the operation of the day care center.

(8) EFFECT OF NOTICE TO DENY OR REVOKE A LICENSE. If the department decides under sub. (7) to deny the grant of a license or to revoke a license, the department shall provide the applicant or licensee with a written notice of its decision, including the reasons for denial or revocation. In the case of a revocation, the revocation shall take effect 30 days after the date of the notice unless the decision is appealed under sub. (9). Upon receipt of that notice and during any revocation or denial procedures which may result, a day care center may not accept for care any child not enrolled as of the date of receipt of the notice without the written approval of the department.

(9) APPEAL OF DECISION TO DENY OR REVOKE A LICENSE. Any person aggrieved by the department's decision to deny an initial license or the renewal of a license or to revoke a license may request a hearing on that decision under s. 227.42, Stats. The request for a hearing shall be in writing, shall be filed with the department of administration's division of hearings and appeals

and shall be sent to that office so that it is received in that office within 10 days after the date of the notice under sub. (8). A request for a hearing is considered filed upon its receipt by the division of hearings and appeals.

Note: A request for a hearing should be submitted to the Division of Hearings and Appeals, P.O. Box 7875, Madison, Wisconsin 53707.

(10) SUMMARY SUSPENSION OF A LICENSE. (a) Under the authority of s. 227.51 (3), Stats., the department shall summarily suspend a license and therefore close a group day care center when the department finds that this action is required to protect the health, safety or welfare of the children in care. A finding of a requirement for summary suspension of the license may be based on but is not limited to any of the following:

1. Failure of the licensee to provide environmental protections for the children, such as heat, water, electricity or telephone service.

2. The licensee, an employee, a volunteer or any other person in regular contact with the children in care has been convicted of or has a pending charge for a crime against life or bodily injury.

3. The licensee, an employee, a volunteer or any other person in regular contact with the children in care has been convicted of a felony, misdemeanor or other offense which substantially relates to the care of children or activities of the center or has a pending charge which substantially relates to the care of children or activities of the center.

4. The licensee, employee, volunteer or any other person in regular contact with the children in care is the subject of a current investigation for alleged child abuse or neglect pursuant to s. 48.981, Stats., or has been determined to have abused or neglected a child.

5. The licensee or a person under the supervision of the licensee has committed an action or has created a condition relating to the operation or maintenance of the day care center that directly threatens the health, safety or welfare of any child under the care of the licensee.

(b) An order summarily suspending a license and therefore closing a group day care center may be a verbal order by a licensing representative of the department. Within 72 hours after the order takes effect, the department shall either permit the reopening of the center or proceed under subs. (7) to (9) to revoke the license. A preliminary hearing shall be conducted by the department of administration's division of hearings and appeals, within 10 working days after the date of the initial order to close, on the issue of whether the license shall remain suspended during revocation proceedings.
