**Chir 6.01 Authority.** The rules in ch. Chir 6 are adopted under authority in ss. 15.08 (5) (b), 227.11 and 446.04, Stats.

**History:** Cr. Register, December, 1984, No. 348, eff. 1-1-85; correction made under s. 13.93 (2m) (b) 7., Stats., Register, March, 1990, No. 411.

**Chir 6.015 Definition.** In this chapter:

(1) "Advertisement" means any communication disseminated or intended to be disseminated to the public which is likely to or intended to induce, directly or indirectly, the rendering of professional services by the chiropractor named in or identified by the communication. "Advertisement" includes professional business cards, professional announcement cards, office signs, letterhead, telephone directory listings, directories or listings of health care practitioners, and communications which are likely to or intended to induce, directly or indirectly, the rendering of professional services by the chiropractor named in or identified by the communication in newspapers, broadsides, flyers, radio, television, books, magazines, or motion pictures.

(14) Obtaining or attempting to obtain any compensation for chiropractic services by fraud, including billing for services not rendered or submitting a claim for a fraudulent diagnosis.

**Note:** The use by a licensee of "no out-of-pocket expense" payment arrangements may constitute insurance fraud, and may therefore violate this subsection as well as s. 943.395, Stats.

(15) Advertising in a manner which is false, deceptive or misleading. An advertisement which does any of the following is false, deceptive or misleading:

(a) Contains a misrepresentation of fact.

(b) Is likely to mislead or deceive because of a failure to disclose material facts.

(c) Is intended to or is likely to create false or unjustified expectations of favorable results.

(d) Fails to prominently disclose complete details of all variables and material factors relating to any advertised fee.

(f) Includes reference to or implies specialization or advanced training unless all of the following are true:

1. The specialty is recognized by a council of the American chiropractic association or the international chiropractors association.

2. The specialty requires at least 300 hours of postgraduate credit hours and passage of a written examination approved by the American chiropractic association or the international chiropractors association.

3. The title applied to the specialty by the chiropractor is the title applied by the American chiropractic association or the international chiropractors association.

(19) Refusing upon request to cooperate in a timely manner with the board's investigation of a complaint lodged against a

licensee. Licensees taking longer than 30 days to respond shall have the burden of demonstrating that they have acted in a timely manner.

(21) Failing to notify the board of having a chiropractic license, certificate, permit or registration granted by any other jurisdiction subject to disciplinary action.

(29) Negating the co-payment or deductible provisions of a contract of insurance by agreeing to forgive any or all of the patient's obligation for payment under the contract unless the chiropractor reduces the chiropractor's claim to the insurance carrier in regard to that patient by an equal proportion. In this section, "co-payment or deductible provisions" means any terms in a contract of insurance with a third party whereby the patient remains financially obligated to the chiropractor for payment.

**Note:** It is no violation of this rule for a chiropractor to adjust fees, but the fee charged must be accurately reported to any third party payor. It is no violation of this rule for a chiropractor to provide treatment without any charge.

(30) Giving or receiving unauthorized assistance, violating rules of conduct, or otherwise cheating or acting dishonestly respecting any examination required for the granting of a license or registration to practice chiropractic.
