(c) *Permanent variance.* The division may grant a permanent variance if the public employer complies with subs. (2) and (3) and it is determined that the employer has demonstrated by a preponderance of the evidence that the conditions and methods the employer uses or proposes to use provide employment or a place of employment which is as safe and healthful as that provided under the rule from which the employer seeks a permanent variance. A permanent variance may be modified or revoked upon application by the employer, an affected employee, a public employee representative or the department and after opportunity for a hearing on the application, but not sooner than 6 months after issuance of the permanent variance.

(b) Where a hearing is requested, no decision may be made by the division until a hearing has been held.

(5) DIVISION ACTION. (a) Unless a hearing is requested upon receipt of the petition for variance form, the division shall evaluate the petition for variance and determine if the petition for variance provides for an equivalent degree of safety or health. The petition shall prescribe the methods and conditions which the employer must adopt and maintain while the variance is in effect.

(b) If additional information is needed by the division to review the petition for variance and make a determination, the division shall notify the owner in writing of the specific information requested.
