It shall not include death benefits paid by the USDVA or other federal agencies.

(2) GRANT APPLICATION. (a) *Forms required.* A grant application shall be submitted on a department approved form. It may be submitted through a county veterans service officer, through any other department authorized agent, or directly to the department, either manually or electronically. The application shall specify the type of care being requested. A declaration of aid shall be submitted with the application. The declaration shall state that the applicant has applied for all aid offered through or administered by the county, including aid from the federal or state government. If requested by the department the applicant shall submit evidence establishing that all other available aid has been applied for and accepted. The department may request additional verification of any information provided in the application. The department shall notify the applicant or applicant’s county veterans service officer if any required documentation is missing or if further verification is required to make a decision on the applicant’s eligibility. The department shall terminate an application if such documentation

or verification does not arrive at the department's central office within 30 days of that notification.

Note: Application and declaration of aid forms may be obtained at the Department's web site at <http://dva.state.wi.us>.

(b) *Eligibility.* 1. 'All applicants.' Except for applicants who are eligible under subd. 3., the applicant's income shall not exceed 130% of the federal poverty guidelines, in effect on the date the application arrives at the department's central office, for the number of family members living in the primary residence. An applicant may apply for subsistence aid, health care aid, or both. Applications approved by the department shall have the balance of the maximum available aid allocated towards each type of aid requested, unless the applicant indicates a lesser amount in writing. Applications shall be denied if no unallocated funds are available at the time of application. The department shall indicate on each description of benefits the type of health care or subsistence aid authorized, the date the department confirmed that the applicant was eligible for the grant, a date 90 calendar days from that date, the unallocated amount available for each type of aid and for the cumulative limits of this section, and the amount of aid being authorized. Authorized applications for health care aid may not be withdrawn without the agreement of the provider of the health care aid.

2. 'Unremarried surviving spouses and dependents of veterans who die in the line of duty.' Unremarried surviving spouses and dependents claiming eligibility due to the death of a veteran in the line of duty shall submit evidence from the appropriate military service indicating that the veteran died in the line of duty.

3. 'Spouses and dependents of activated or deployed members.' Spouses and dependents of a member of the U.S. armed forces or of the Wisconsin National Guard claiming eligibility shall submit evidence that the service member has been deployed or activated, that due to the activation or deployment a loss of income has occurred, that an economic emergency has occurred during the activation or deployment, and that the spouse and dependents are residents of the state.

(3) **LIMITATIONS.** (a) *Health care aid.* A health care provider may provide health care within 90 days after the department confirms that the applicant is eligible only after a description of benefits has been transmitted to the applicant or the county veterans service officer. The department may accept a second application for the health care listed on the first description of benefits if the department receives a statement from the health care provider, within 7 calendar days before the expiration listed on the first description of benefits, that the health care authorized is still being provided and that the patient will not incur costs.

(b) *Subsistence aid.* Subsistence aid may be granted for a thirty-day period if an applicant presents evidence of a loss of income due to illness, injury, or a natural disaster. Subsistence aid may also be granted for a 3-month period if the applicant presents evidence that incapacitation will last for 3 or more months. Subsistence aid shall be limited to the difference between the amount of earned and unearned income available before the loss of income and the earned and unearned income being received after the loss of income, subject to the limitations under s. 45.40 (1) (b) and (3), Stats. The applicant shall verify the loss of income by submitting verification of income forms, certified public accounting statements or any other evidence as the department deems credible. Illness or injury must be verified in writing on a form approved by the department. When the department has evidence that the incapacitation will cause an income loss for 3 months or longer, subsistence grants will be prorated for each of the 3 months unless the department determines that an alternate distribution of the grant would benefit the applicant. If the loss of income is the result of alcohol or other drug abuse, the applicant shall verify current participation in an approved treatment program.

(c) *Restrictions.* Aid granted for subsistence or health care under s. 45.40, Stats., is subject to a \$5,000 cumulative total based on the aid granted to a veteran and his or her spouse and depen-

dens. The maximum amount of aid payable in a consecutive 12-month period is \$2,500 for dental care, \$1,500 per ear for hearing care, and \$500 for vision care. The department may provide a grant only if the provider accepts the grant, available health insurance, third party payments on behalf of the applicant and any department-approved payment from the veteran as payment in full. The department may approve a payment by the veteran when a provider refuses to accept the maximum grant available to the veteran as payment in full if the veteran has sufficient available liquid assets to contribute an amount that will induce the provider to accept the aggregate payment as payment in full.

(d) "Undergraduate degree" means a bachelor's degree.

(e) "Veteran" means a person who meets the requirements of ss. 45.01 (12), Stats.

Except as provided in par. (h), need shall be determined by deducting 75% of earned income and all unearned income to be received by the applicant during the grant period, available liquid assets in excess of \$2,400 plus 6 months living expenses computed as set forth in s. VA 9.03 held by the applicant at the time of application and all other financial aid which will be received by the applicant during the grant period from the amount needed during the grant period. (g) *Grant payments.* The department may make partial grant payments to assure that the veteran continues to pursue an approved course of instruction or engage in an approved structured on–the–job training program during the grant period. The department may require written verification from the school or the employer that the veteran is making satisfactory progress towards completion of the course of instruction or the structured on–the–job training program. If the veteran is unable to verify satisfactory progress towards completion or discontinues pursuit of the course of education or engagement in the structured on–the–job training program, the department may cancel any unpaid portion of the grant.

(h) *Earned income.* Income from an employer who is providing an approved structured on–the–job training program to the veteran shall be disregarded in determining the veteran's need under par. (b).

(j) *Lifetime limit.* The total cumulative amount that a veteran may receive under this section is \$6,000.

VA 2.03 (5) which will lead to gainful employment and has become unemployed, underemployed or received a notice of termination of employment within the year prior to the date the application is received by the department or has received a retraining grant within 13 months prior to the date the department receives an application for a second grant. Required exhibits and supplements shall include a statement written by the applicant explaining the circumstances leading to the need for retraining and an explanation as to why the applicant feels that the desired retraining will lead to gainful employment.

(b) *Procedure for a school–based course.* Applications shall be initiated in the office of a county veterans service officer and completed and submitted by the FAO or other appropriate official representing the school attended by the applicant. The applications shall include verification that the applicant has received counseling from an assessment counselor and the counselor approves of the retraining to be taken.

(c) *Procedure for structured on–the–job training program.* Applications shall be initiated, completed and submitted by the office of a county veterans service officer. Each application shall contain a certification by the employer that the requirements of sub. (5) are met. The department shall evaluate the program and determine whether the requirements of s. VA 2.03 (5) are met.

(4) COORDINATION WITH OTHER OCCUPATIONAL TRAINING PROGRAMS. The department shall stay in regular contact with and shall promote cooperation with the United States department of labor,

the United States department of veterans affairs, the department of workforce development, and any other occupational training program administrator as appropriate. The department may exchange program literature with the agencies and encourage county veterans service officers to provide information about other programs to veterans who participate in or inquire about the retraining grant program.

(5) ON-THE-JOB TRAINING PROGRAMS. All of the following requirements shall be met for approval of a grant for engagement in a structured on-the-job training program:

(a) The employer is planning, upon completion of the veteran's training program, to employ the veteran for the position for which the veteran has been trained and the employer reasonably expects that such a position will be available to the veteran on a stable and permanent basis at the end of the training period.

(b) The training program is not for employment which consists of seasonal, intermittent or temporary jobs.

(c) The training content of the program is adequate to accomplish the training objective of the program taking into account the occupation for which training is to be provided and the content of comparable, available training opportunities which lead to the occupation.

(d) The wages and benefits to be paid to the veteran participating in the training program will not be less than the wages and benefits normally paid to other employees participating in a comparable training program.

(e) The employment of a veteran under the program will not result in the full or partial displacement of currently employed workers.

(f) The employment of a veteran under this program will not be in a job while any other individual is on layoff from the same or substantially equivalent job or the opening for which was created as a result of having terminated the employment of any regular employee or otherwise having reduced the work force with the intention of hiring a veteran under this program.

(g) The employer will not employ in this program a veteran who is already qualified by training or experience for the job for which training is to be provided.

(h) The employer will consider the veteran's prior training in the field for which he or she is being trained and will shorten his or her training program appropriately.

(i) Each participating veteran will be employed full time in the program of job training.

(j) The training period under the proposed program is not longer or shorter than the training period that employers in the community customarily require new employees to complete in order to become competent in the occupation for which training is to be provided.

(k) There are in the training establishment or place of employment such space, equipment, instructional material, and instructor personnel as needed to accomplish the training objective.

(L) The employer will keep records adequate to show the progress made by each veteran participating in the program and otherwise to demonstrate compliance with the requirements of the program for at least 3 years. The employer will make these records and accounts available for examination by the department as may be required.

VA 2.05 Recovery of erroneous payments. (1) CRITERIA. The department may recover payments made as a grant under s. 45.20 or 45.21, Stats., if any of the following apply:

(a) The information provided by the applicant or the school is inaccurate.

(b) The department incorrectly calculated the grant amount.

(c) The applicant is not entitled to a grant or is entitled to a lower grant amount as a result of a change in circumstances that affects the applicant's eligibility to receive the grant.

(2) AMOUNT OF RECOVERY. The department may recover only the portion of the grant to which applicant would not have been entitled if the correct information had been provided or the grant had been properly calculated, or as a change in circumstances warrants.

(3) REMEDIES. The department may request repayment of the amount due under sub. (2). In lieu of a lump sum payment, the department may enter into an agreement under which the applicant may repay the amount due within a 12-month period. If the applicant fails to repay the amount due within 30 days of a request for repayment or fails to comply with the terms of a repayment agreement, the department may offset future grants that the applicant may be entitled to under s. 45.20 or 45.21, Stats. until the amount due has been recovered. The department may also suspend other benefits available to the applicant until the amount due has been recovered, except that the department may not suspend benefits available under s. 45.40, Stats.

(4) WAIVER. The department may temporarily or permanently waive its authority to recover payments under sub. (1) or suspend benefits under sub. (3) if the applicant's household income is totally exempt from garnishment under s. 812.34 (2) (b), Stats.

(5) ADMINISTRATIVE REVIEW. Any department decision under this section is subject to appeal under s. VA 1.03.
