RL 195.03 Judging and scoring. (1) All bouts will be scored by 3 judges.

(2) The ten-point must scoring system will be the standard system of scoring a bout. The winner of the round will be awarded 10 points and the loser of the round will be awarded 9 points or less, except for the rare occasion of an even round, which is scored 10 to 10.

(3) Judges shall judge mixed martial art techniques, including effective striking, effective grappling, and control of the opponent, effective aggressiveness and defense.

(4) Effective striking is judged by determining the total number of legal heavy strikes landed.

Factors to consider are takedowns from the standing position to a mount position, passing the guard to the mount position, and bottom position fighters using an active threatening guard.

(6) Effective control is judged by determining who is dictating the pace, location and position of the bout. Factors to be considered are any of the following:

(a) Countering a grappler's attempt at a takedown by remaining standing and legally striking.

(b) Taking down an opponent to force a ground fight.

RL 195.04 Fouls. (1) The referee shall issue a warning. After the initial warning a penalty will be issued. The penalty may be a deduction of points or disqualification depending on the severity of the foul. Any points deducted for any foul shall be deducted in the round in which the foul occurred.

(2) The referee, as soon as practical after the foul, shall call time and notify which contestant is being penalized and the total number of points the contestant is being penalized.

(4) The referee shall verbally notify the bottom contestant of the foul.

(5) When the round is over, the referee shall notify the judges and the inspector of the foul and the total point deduction.

(6) Only the referee can assess a foul or any point deductions. Judges may not deduct points for what they interpret is a foul.

Immediately after stopping the bout or at the end of the round, the referee shall immediately inform the inspector, commissioner, or department representative of their determination that the foul was accidental and unintentional.

(13) If the referee determines either from their observation or that of the ringside physician that the bout may not continue because of the injury from the unintentional foul, the bout shall be declared a no contest if the foul occurred during the first 2 rounds of a non-championship bout, or during the first 3 rounds of a championship bout.

(14) If an unintentional foul renders the contestant unable to continue the bout, or an injury from an intentional foul later becomes aggravated by fair blows and the referee stops the bout because of the injury, after the completion of the second round in a non-championship bout or 3-round bout, or after the completion of the third round of a championship bout or 5-round bout, the outcome shall be determined by scoring the completed rounds and the partial round at which the referee stopped the bout.

(15) A contestant may not be declared the winner of a bout on the basis of their claim that the opponent fouled them unintentionally by hitting them in the groin. If after a recuperative interval of not more than 5 minutes a contestant is unwilling to continue because of the claim of being hit in the groin, the bout will be declared a no contest if the second round has not been completed in a 3-round bout or the third round has not been completed in a 5-round bout.
