

Chapter Comm 14

APPENDIX

The material contained in this appendix is for clarification purposes only and is numbered to correspond to the number of the rule as the rule appears in the text of this chapter.

A-14.01 (1) STATUTORY DEFINITIONS OF TERMS USED IN THIS CHAPTER. (a) *Public buildings and places of employment.* Under s. 101.01 (11), Stats., “place of employment” includes every place, whether indoors or out or underground and the premises appurtenant thereto where either temporarily or permanently any industry, trade or business is carried on, or where any process or operation, directly or indirectly related to any industry, trade or business, is carried on, and where any person is, directly or indirectly, employed by another for direct or indirect gain or profit, but does not include any place where persons are employed in private domestic service which does not involve the use of mechanical power or in farming. “Farming” includes those activities specified in s. 102.04 (3), Stats., and also includes the transportation of farm products, supplies or equipment directly to the farm by the operator of said farm or employees for use thereon, if such activities are directly or indirectly for the purpose of producing commodities for market, or as an accessory to such production. When used with relation to building codes, “place of employment” does not include an adult family home, as defined in s. 50.01 (1), Stats., or, except for the purposes of s. 101.11, Stats., a previously constructed building used as a community-based residential facility, as defined in s. 50.01 (1g), Stats., which serves 20 or fewer residents who are not related to the operator or administrator.

Under s. 101.01 (12), Stats., “public building” means any structure, including exterior parts of such building, such as a porch, exterior platform or steps providing means of ingress or egress, used in whole or in part as a place of resort, assemblage, lodging, trade, traffic, occupancy, or use by the public or by 3 or more tenants. When used in relation to building codes, “public building” does not include a previously constructed building used as a community-based residential facility as defined in s. 50.01 (1g), Stats., which serves 20 or fewer residents who are not related to the operator or administrator or an adult family home, as defined in s. 50.01 (1), Stats.

(b) *Exclusions referenced in ss. 101.01 (11) and (12), Stats., and exemptions in s. 101.05, Stats.* Section 102.04 (3), Stats., as referenced in s. 101.01 (11), Stats., reads as follows: “As used in this chapter ‘farming’ means the operation of farm premises owned or rented by the operator. ‘Farm premises’ means areas used for operations herein set forth, but does not include other areas, greenhouses or other similar structures unless used principally for the production of food and farm plants. ‘Farmer’ means any person engaged in farming as defined. Operation of farm premises shall be deemed to be the planting and cultivating of the soil thereof; the raising and harvesting of agricultural, horticultural or arboricultural crops thereon; the raising, breeding, tending, training and management of livestock, bees, poultry, fur-bearing animals, wildlife or aquatic life, or their products, thereon; the processing, drying, packing, packaging, freezing, grading, storing, delivering to storage, to market or to a carrier for transportation to market, distributing directly to consumers or marketing any of the above-named commodities, substantially all of which have been planted or produced thereon; the clearing of

such premises and the salvaging of timber and management and use of wood lots thereon, but not including logging, lumbering or wood cutting operations unless conducted as an accessory to other farming operations; the managing, conserving, improving and maintaining of such premises or the tools, equipment and improvements thereon and the exchange of labor, services or the exchange of use of equipment with other farmers in pursuing such activities. The operation for not to exceed 30 days during any calendar year, by any person deriving the person’s principal income from farming, of farm machinery in performing farming services for other farmers for a consideration other than exchange of labor shall be deemed farming. Operation of such premises shall be deemed to include also any other activities commonly considered to be farming whether conducted on or off such premises by the farm operator.”

Under s. 50.01 (1), Stats., as referenced in s. 101.01 (12), Stats., “adult family home” means one of the following:

(a) A private residence to which all of the following apply:

1. Care and maintenance above the level of room and board but not including nursing care are provided in the private residence by the care provider whose primary domicile is this residence for 3 or 4 adults, or more adults if all of the adults are siblings, each of whom has a developmental disability, as defined in s. 51.01 (5), Stats., or, if the residence is licensed as a foster home, care and maintenance are provided to children, the combined total of adults and children so served being no more than 4, or more adults or children if all of the adults or all of the children are siblings, or, if the residence is licensed as a treatment foster home, care and maintenance are provided to children, the combined total of adults and children so served being no more than 4.

2. The private residence was licensed under s. 48.62, Stats., as a foster home or treatment foster home for the care of the adults specified in subd. 1. at least 12 months before any of the adults attained 18 years of age.

(b) A place where 3 or 4 adults who are not related to the operator reside and receive care, treatment or services that are above the level of room and board and that may include up to 7 hours per week of nursing care per resident. “Adult family home” does not include a place that is specified in sub. (1g) (a) to (d), (f) or (g).

Under s. 50.01 (1g), Stats., as referenced in s. 101.01 (12), Stats., “community-based residential facility” means a place where 5 or more adults who are not related to the operator or administrator and who do not require care above intermediate level nursing care reside and receive care, treatment or services that are above the level of room and board but that include no more than 3 hours of nursing care per week per resident. “Community-based residential facility” does not include any of the following:

(a) A convent or facility owned or operated by members of a religious order exclusively for the reception and care or treatment of members of that order.

(b) A facility or private home that provides care, treatment and services only for victims of domestic abuse, as defined in s. 46.95 (1) (a), Stats., and their children.

(c) A shelter facility as defined under s. 560.9808 (1) (d), Stats.

(d) A place that provides lodging for individuals and in which all of the following conditions are met:

1. Each lodged individual is able to exit the place under emergency conditions without the assistance of another individual.

2. No lodged individual receives from the owner, manager or operator of the place or the owner's, manager's or operator's agent or employee any of the following:

a. Personal care, supervision or treatment, or management, control or supervision of prescription medications.

b. Care or services other than board, information, referral, advocacy or job guidance; location and coordination of social services by an agency that is not affiliated with the owner, manager or operator, for which arrangements were made for an individual before he or she lodged in the place; or, in the case of an emergency, arrangement for the provision of health care or social services by an agency that is not affiliated with the owner, manager or operator.

(e) An adult family home.

(f) A residential care apartment complex.

(g) A residential facility in the village of Union Grove that was authorized to operate without a license under a final judgment entered by a court before January 1, 1982, and that continues to comply with the judgment notwithstanding the expiration of the judgment.

Section 101.05, Stats., reads as follows: "**Exempt buildings and projects.** (1) No building code adopted by the department under this chapter shall affect buildings located on research or laboratory farms of public universities or other state institutions and used primarily for housing livestock or other agricultural purposes.

(2) A bed and breakfast establishment, as defined under s. 254.61 (1), is not subject to building codes adopted by the department under this subchapter.

(3) No standard, rule, code or regulation of the department under this subchapter applies to construction undertaken by the state for the purpose of renovation of the state capitol building.

(4) No standard, rule, order, code or regulation adopted, promulgated, enforced or administered by the department under this chapter applies to a rural school building if all of the following are satisfied:

(a) The school building consists of one classroom.

(b) The school building is used as a school that is operated by and for members of a bona fide religious denomination in accordance with the teachings and beliefs of the denomination.

(c) The teachings and beliefs of the bona fide religious denomination that operates the school prohibit the use of certain products, devices or designs that are necessary to comply with a standard, rule, order, code or regulation adopted, promulgated, enforced or administered by the department under this chapter."

Under s. 254.61 (1), Stats., as referenced in s. 101.05, Stats., "bed and breakfast establishment" means any place of lodging that:

(a) Provides 8 or fewer rooms for rent to no more than a total of 20 tourists or transients.

(b) Provides no meals other than breakfast and provides the breakfast only to renters of the place.

(c) Is the owner's personal residence.

(d) Is occupied by the owner at the time of rental.

(e) Was originally built and occupied as a single-family residence, or, prior to use as a place of lodging, was converted to use and occupied as a single-family residence.

(f) Has had completed, before May 11, 1990, any structural additions to the dimensions of the original structure, including by renovation, except that this limit does not apply to any of the following:

1. A structural addition, including a renovation, made to a structure after May 11, 1990, within the dimensions of the original structure.

2. A structural addition, made to a structure that was originally constructed at least 50 years before an initial or renewal application for a permit under s. 254.64 (1) (b), Stats., is made and for which no use other than as a bed and breakfast establishment is proposed. The structural addition under this subdivision shall comply with the rules under s. 101.63 (1) and (1m), Stats.

A-14.01 (2) (b) 4. The following tanks, containers, tank systems and facilities are not regulated by chapter Comm 10:

(a) Underground storage tanks that have a capacity of less than 60 gallons.

(b) Aboveground storage tanks and intermediate bulk containers that have a capacity of less than 110 gallons.

(c) Tanks storing products regulated under ch. ATCP 33 that are located either at facilities which are also regulated under ch. ATCP 33 or on farm premises.

Note: Chapter ATCP 33 addresses bulk storage of pesticides and fertilizers.

(d) Aboveground storage tanks storing liquids that are used in processes covered in any of the following standards:

1. NFPA 33 Spray Application Using Flammable or Combustible Materials.

2. NFPA 34 Dipping & Coating Processes Using Flammable or Combustible Liquids.

3. NFPA 35 Manufacture of Organic Coatings.

4. NFPA 45 Fire Protection for Laboratories Using Chemicals.

(e) Dedicated breakout tanks that are located at pipeline facilities.

(f) Odorant or other additive injection tanks that are directly connected to a pipeline.

(g) Contractor tanks that are mounted on pickup trucks.

(h) Oil-filled electrical equipment and transformers.

(i) Accumulator tanks.

(j) Process tanks.

(k) Product recovery tanks.

(L) Service tanks.

(m) Marine fueling facilities where fuel is stored and dispensed into the fuel tanks of marine craft of 300 gross tons or more.

(n) Aboveground or underground tank systems that store nonflammable and noncombustible hazardous liquids in concentrations of less than 1 percent by volume.

Note: Material Safety Data Sheets (MSDS) should be consulted for flash point and concentration.

(o) Aboveground tank systems which have a capacity of less than 5,000 gallons and which store nonflammable and noncombustible hazardous liquids in concentrations of 1 percent or more by volume.

Note: Material Safety Data Sheets (MSDS) should be consulted for flash point and concentration.

(p) Tank systems that store a hazardous waste which is listed or identified under subtitle C of the federal Solid Waste Disposal Act, or a mixture of such hazardous waste and other regulated substances that is nonflammable and noncombustible.

(q) Any wastewater treatment tank system that is part of a wastewater treatment facility regulated under section 307 (b) or 402 of the federal Clean Water Act.

(r) Underground storage tank systems that contain radioactive material which is regulated under the federal Atomic Energy Act of 1954.

Note: The Atomic Energy Act of 1954 is contained in 42 USC 2011 et seq.

(s) Underground storage tank systems that are part of an emergency generator system at nuclear power generation facilities regulated by the Nuclear Regulatory Commission under 10 CFR 50 Appendix A.

(t) Asphalt-plant AC tanks which are used as burner or material-supply tanks in the process of making asphalt and which comply with all of the following:

1. Tank configurations are single-wall or double-wall, with or without heating coils.
2. The products stored in the tank are Class II or III liquids ranging from heating oil to used oil, to #4 or #5 heavy oils.
3. The asphalt process equipment and the tank are typically located at an isolated location, such as a quarry, and are generally relocated from year to year or every couple of years.

(u) 1. Facilities located on Indian reservation land that are held either in trust by the United States, or in fee by the tribe or a tribal member.

2. Facilities which are located on off-reservation Indian land that is held in trust by the United States – and which are held either in trust by the United States, or in fee by the tribe or a tribal member.

A-14.01 (8) INTERFERING WITH FIRE FIGHTING, AND FALSE ALARMS. Section 941.12, Stats., reads as follows: “**Interfering with fire fighting. (1)** Whoever intentionally interferes with the proper functioning of a fire alarm system or the lawful efforts of fire fighters to extinguish a fire is guilty of a Class I felony.

(2) Whoever interferes with, tampers with or removes, without authorization, any fire extinguisher, fire hose or any other fire fighting equipment, is guilty of a Class A misdemeanor.

(3) Whoever interferes with accessibility to a fire hydrant by piling or dumping material near it without first obtaining permis-

sion from the appropriate municipal authority is guilty of a Class C misdemeanor. Every day during which the interference continues constitutes a separate offense.”

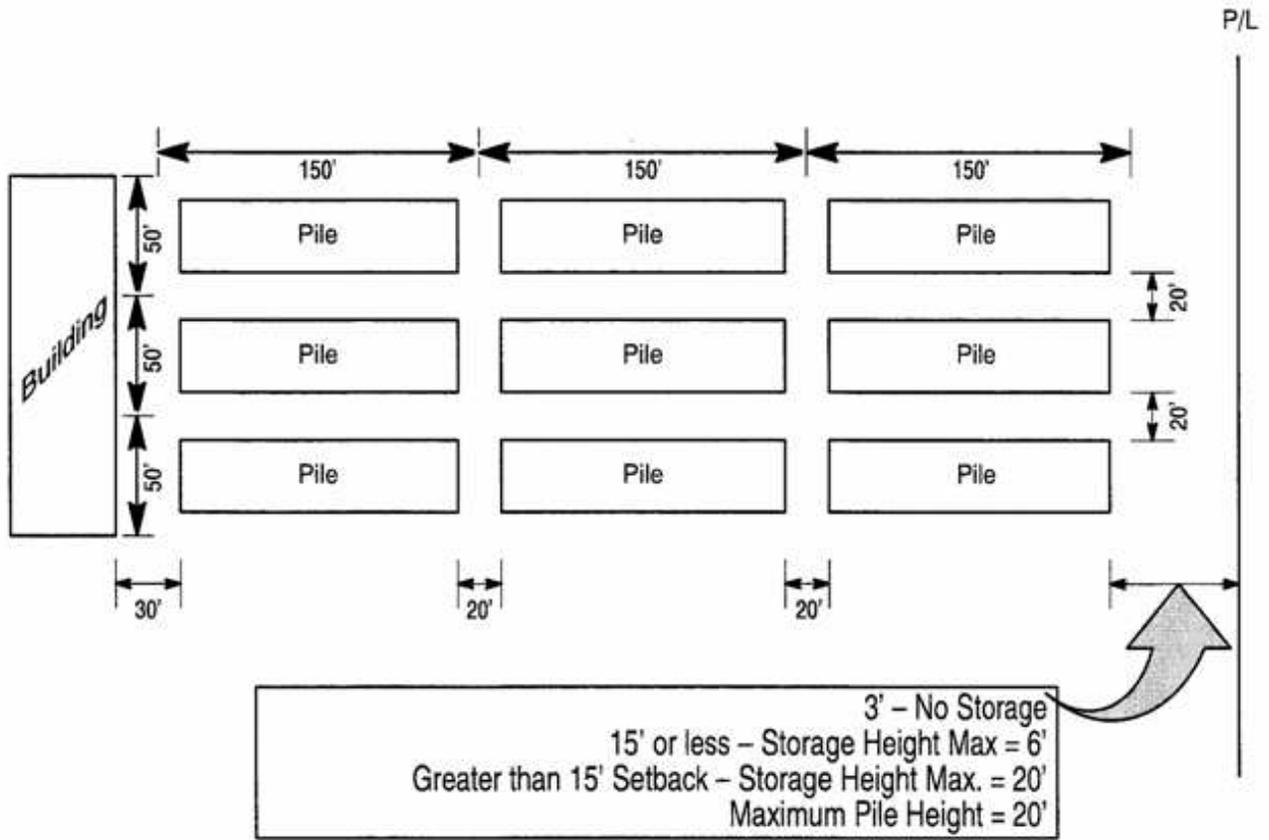

Section 941.13, Stats., reads as follows: “**False alarms.** Whoever intentionally gives a false alarm to any public officer or employee, whether by means of a fire alarm system or otherwise, is guilty of a Class A misdemeanor.”

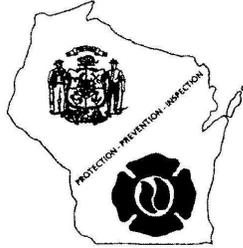

A-14.01 (9) (b) Section 101.02 (7) (c) of the Statutes reads as follows: “Upon receipt of such petition the department shall order a hearing thereon, to consider and determine the issues raised by such appeal, such hearing to be held in the village, city or municipality where the local order appealed from was made. Notice of the time and place of such hearing shall be given to the petitioner and such other persons as the department may find directly interested in such decision, including the clerk of the municipality or town from which such appeal comes. If upon such investigation it shall be found that the local order appealed from is unreasonable and in conflict with the order of the department, the department may modify its order and shall substitute for the local order appealed from such order as shall be reasonable and legal in the premises, and thereafter the said local order shall, in such particulars, be void and of no effect.”

Section 101.01 (8) of the Statutes defines “local order” as any ordinance, order, rule, or determination of any common council, board of alderpersons, board of trustees or the village board, of any village or city, a regulation or order of the local board of health, as defined in section 250.01 (3) of the Statutes, or an order or direction of any official of a municipality, upon any matter over which the Department has jurisdiction.

A-14.01 (13) The pages after the following page contain the forms the Department has developed for use with this chapter, which are primarily intended for use by local fire departments. More-current versions of these forms may be available at the Department’s Web site at www.commerce.wi.gov, through links to Safety and Buildings Division forms.

**PETITION FOR VARIANCE
INFORMATION AND INSTRUCTIONS Comm 3**

In instances where exact compliance with a particular code requirement cannot be met or alternative designs are desired, the Division has a petition for variance program where it reviews and considers acceptance of alternatives which are not in strict conformance with the letter of the code, but which meet the intent of the code. **A variance is not a waiver from a code requirement.** The petitioner must **provide an equivalency which meets the intent** of the code section petitioned to obtain a variance. Documentation of the rationale for the equivalency is requested below. Failure to provide adequate information may delay your petition. Pictures, sketches, and plans may be submitted to support equivalency. If the proposed equivalency does not adequately safeguard the health, safety, and welfare of building occupants, frequenters, firefighters, etc., the variance request will be denied. NOTE: A SEPARATE PETITION IS REQUIRED FOR EACH BUILDING AND EACH CODE ISSUE PETITIONED (i.e., 57.13 window issue cannot be processed on the same petition as 51.16 stair issue). It should be noted that **a petition for variance does not take the place of any required plan review submittal.**

The Division is unable to process petitions for variance that are not properly completed. Before submitting the application, the following items should be checked for completeness in order to avoid delays:

- Petitioner's name (typed or printed)
- Petitioner's signature
- The Petition for Variance Application must be signed by the owner of the building or system unless a Power of Attorney is submitted.
- Notary Public signature with affixed seal
- Analysis to establish equivalency, including any pictures, illustrations or sketches of the existing and proposed conditions to clearly convey your proposal to the reviewer.
- Proper fee
- Any required position statements by fire chief or municipal official

A position statement from the chief of the local fire department is required for fire or life-safety issues. No fire department position statement is required for nonfire safety topics such as sanitary, plumbing or POWTS systems and energy conservation. Submit a municipal building inspection department position for Comm 16 electrical petitions, if Comm 61-65 plan review is by municipality or orders are written on the building under construction; optional in other cases. (Please submit a copy of the orders.) For rules relating to one- and two-family dwellings, only a position statement from the local enforcing municipality is required. Position statements must be completed and signed by the appropriate fire chief or municipal enforcement official. See the back of SBD-9890-X, Petition for Variance Application form for these position statement forms. Signatures or seals on all documents must be originals. Photocopies are not acceptable.

Priority Review: The Department will schedule Petitions for Variance at the earliest available date, or the date requested at time of scheduling, which ever is later. Therefore, Priority Reviews are not generally available. In special circumstances, the Section Chief of the reviewing office may permit review prior to the scheduled date upon request by the submitter. If earlier review is permitted by the Section Chief, the Petition review fees will be doubled.

Except for special cases, the Division will review and make a determination on a petition for variance within 30 business days of the scheduled beginning date, provided all calculations, documents, and fees required for the review have been received.

Appointment and Scheduling Information

It is strongly recommended that an appointment be made in advance. For your convenience we have installed a 24 hour, toll free number dedicated to receiving faxed plan review appointment requests. The dedicated fax number is 877-840-9172. Be sure to indicate whether you want the next available review statewide or prefer a choice of an office. The petition review will be scheduled with the same office where the plan was/will be reviewed. You will receive a Schedule Letter back with an Appointment Date, Transaction ID No. and Assigned Reviewer. You may also email the request to PlanSchedule@commerce.state.wi.us. At the time of making an appointment, you may request review for a specific office of desired (beginning) date for review. Plans must be received in the office of the appointment no later than 2 working days before the confirmed appointment. Non-scheduled submittals or submittals received without a confirmed appointment date and transaction number on the form may be assigned to offices other than the receiving office depending on reviewer availability. **Certain petitions may be limited to certain offices depending on the petition issues, see above table for appropriate office.**

_____	_____	_____	_____

*** Please note that for many Fire Departments, the **Effective Date** (of start of service to a municipality) is currently listed as **1/1/1997**. We realize that date is incorrect for most, if not all, Fire Departments. Prior to January of 1997, the Department of Commerce did not keep records of the effective dates of service. However, as of January 1, 1997, the Department began using a customized database to track all pertinent information concerning Wisconsin fire departments, the municipalities that they serve and also the status of Fire Dues compliance. January 1, 1997 was arbitrarily designated as the "Effective Date" when we initialized our database. We are now updating our records as we receive the actual Effective Date, so please make any necessary corrections to the date(s) listed above (if known).

UPDATE SECTION

Please provide updated information about municipality(s) in the Fire Department's territory. Designate whether Town, Village, or City of: (example; Municipality Town of Adams County: Adams). Please remember to provide the date that the fire department began providing services to a specific municipality. If you no longer provide services to one or more of the municipalities listed above, please indicate the date of termination of service.

Self-Certification Form to Receive Fire Department Dues

Under s. 101.575, Stats., Wisconsin cities, villages and towns maintaining a fire department, or contracting for fire safety services which substantially comply with certain statutes are entitled to a proportionate share of monies collected through the state Fire Department Dues program, under s. 101.573 and 601.93, Stats.

For the Wisconsin Department of Commerce to make a determination of substantial compliance for calendar year 2008, the following self-certification form must be completed, signed, and returned to the department by April 1, 2009, as established in s. 101.575(4)2., Stats., and as established in s. Comm 14.48(3)(a)-(c) Wis. Admin. Code.

Some municipalities are served by only one fire department, while others receive fire safety services from more than one fire department. Therefore, a municipality may receive multiple copies of these forms due to the multiple fire departments involved.

This self-certification is divided into two sections of questions to document the situation in each municipality and to allow the fire chief to specifically certify for the services. Section A addresses fire protection services and Section B addresses fire prevention services. All three pages of this form must be returned, including this first page! Please make copies for your records.

An explanation of this form is attached to help in providing the correct information for your particular circumstance. A Fire Prevention Coordinator districts map is included in this packet so that the S&B coordinator may be contacted if there are questions about the Fire Department Dues Program or this form.

This form is for fire safety services that the () provided in calendar year 2008 for the: ()

- If services were for **both fire protection and fire prevention**, then complete Sections A and B of the form and check this box:
- OR
- If services were for **fire protection only**, then complete **Section A** on page two of the form and check this box:
- OR
- If services were for **fire prevention only**, then complete **Section B** on page three of the form and check this box:

Both the clerk and the chief of the fire department providing fire safety services to the city, village or town must **sign** and **date** the appropriate signature line(s) of this self-certification form. If the name of the person signing is different than the name provided from our records (as preprinted in the signature sections of pages two and three of this form), print the full name of the person signing this year's form in the shaded space provided. **A return envelope is provided for your use. If it is not in your envelope, please send the form(s) to the address in the letterhead above.**

¹Substantial Compliance, as defined in Section Comm 14.02 (10) and for the purposes of s. 101.575 (4) (a) 1. and 2., Stats., means an ample amount of the required activity was performed through a concerted effort aimed at total compliance. A determination of substantial compliance is obtained through a common-sense approach to evaluating whether enough effort was made to comply with the applicable statute or code requirements. Substantial compliance is not a specific number or percent of compliance. A determination of substantial compliance in any one year or regulatory standard does not mean that the same amount of compliance or effort in the following year or in another area of the code automatically equals substantial compliance.

The clerk and fire chief should each make a copy of all three pages of this self-certification form for their records. Questions about this form may be directed to S&B Fire Prevention Coordinators; see map of coordinators' districts.

FIRE DEPARTMENT PAY STATUS DEFINITIONS:

There are three classifications of fire departments in the United States: Career, Combination, and Volunteer. The terminology is not consistent by definition across the country. For administrative purposes, the Wisconsin Department of Commerce uses three classifications of fire departments based upon the pay status of the members. The following definitions are used in Wisconsin:

- 1 **Career:** Fire departments which have 100% of their members in full or part-time paid positions are classified as Career or Paid Fire Departments. The career fire department does not rely upon paid-on-call or volunteer firefighters to complement staffing (exception being mutual aid assistance). Examples of Career Fire Departments are: Milwaukee, Madison, Green Bay and Eau Claire.
- 2 **Combination:** Fire departments which have full-time, paid-on-call or volunteer members are classified as Combination or Part-Paid Fire Departments. The combination fire department may have one or more full-time staff, but rely upon paid-on-call or volunteer firefighters to complement the fire department. The full-time staff may be chief officers, fire inspectors, dispatchers or single engine company. Examples of Combination Fire Departments are: Menomonee Falls, Fitchburg, Plover and Rice Lake.
- 3 **Volunteer:** Fire departments which have predominantly volunteer members are classified as Volunteer Fire Departments. The classification Volunteer Fire Department may be misleading since the classification does not mean that the firefighters may not be compensated. For classification purposes, a volunteer fire department does not have any member of the fire department that is paid for 36 hours or more of work a week. Volunteer fire departments may compensate their members for fire calls, training, clothing allowance or to be on-call. The fire chief or fire inspector may be paid a yearly salary or stipend for their services. Insurance and workman's compensation organizations may have different definitions. Examples of Volunteer Fire Departments are: Washburn, Augusta-Bridge Creek, Verona and New Glarus.

For further pay status definitions, please see our website: <http://commerce.wi.gov/SB/SB-FirePrevention-FireDepartments.html>

FIRE DEPARTMENT REGISTRATION

A fire department that provides fire protection and fire prevention services to a municipality is required to register with the Department. In the fire dues process, fire department means a municipal fire department, public safety department, or public or private organization, such as a fire association, fire district, fire company or fire corporation, organized or created for the purpose of extinguishing fires and preventing fire hazards.

By statute, for the prevention of fire hazards, the chief of the fire department is constituted a Deputy of the Department of Commerce. Registration is required to issue the Deputy ID card to the fire chief, and to ensure that the fire department receives their fire dues funding from the municipalities served by the fire department.
