12 and promptly prepare a balance sheet of that date. On or before the following April

5 **SECTION 2.** 196.194 (1) of the statutes is amended to read:

6 196.194 (1) TELECOMMUNICATIONS UTILITIES. ~~Except as provided in this~~
7 ~~subsection, nothing~~ Nothing in this chapter prohibits the commission from
8 approving the filing of a tariff which permits a telecommunications utility to enter
9 into an individual contract with an individual customer if ~~substitute~~
10 ~~telecommunications services are available to customers or potential customers of the~~
11 ~~telecommunications utility and the absence of such a tariff will cause the~~
12 ~~telecommunications utility to be disadvantaged in competing for business. A tariff~~
13 ~~filed under this subsection shall include the condition that any such contract shall~~
14 ~~be compensatory as determined under s. 196.204 (5) and (6). The tariff shall include~~
15 ~~any other condition and procedure required by the commission in the public interest.~~
16 ~~Within 20 days after a contract authorized under this subsection or an amendment~~
17 ~~to such a contract has been executed, the telecommunications utility shall submit to~~
18 ~~the commission written notice of the general nature of the contract and the parties~~
19 ~~to the contract. Upon request, the commission shall inform a person, or direct that~~
20 ~~the person be informed, that notice has been received by the commission of execution~~
21 ~~of a contract under this subsection. Within 6 months after receiving substantial~~
22 ~~evidence that a contract may be noncompensatory, or upon its own motion, the~~
23 ~~commission shall investigate and determine whether the contract is compensatory.~~
24 ~~If the commission determines that the contract is noncompensatory, the commission~~
25 ~~may make appropriate adjustments in the rates or tariffs of the telecommunications~~

1 utility that has entered into the contract, in addition to other remedies under this
2 chapter. The dollar amount of the adjustment may not be less than the amount by
3 which the contract was found to be noncompensatory.

19 relevant market. In making this determination, the commission may consider
20 factors including the quality of service, customer complaints, concerns about the
21 effect on customers of local exchange telecommunications utilities and the extent to
22 which similar services are available from alternative sources. The commission may
23 impose a condition under this paragraph on the certification of an alternative
