TO 2009 ASSEMBLY BILL 138**

October 22, 2009 – Offered by COMMITTEE ON TRANSPORTATION, TOURISM, FORESTRY,  
AND NATURAL RESOURCES.

1 **AN ACT** *to amend* 15.05 (1) (c), 15.34 (2) (a) and 17.20 (1); and *to create* 15.34  
2 (2) (be), (bg), (bi) and (br) of the statutes; **relating to:** the appointment and term  
3 of service of the secretary of natural resources and qualifications of members  
4 of and vacancies on the Natural Resources Board.

***Analysis by the Legislative Reference Bureau***

Under current law, the secretary of natural resources is nominated by the governor, and with the advice and consent of the senate appointed, to serve at the pleasure of the governor. Under this substitute amendment, the secretary of natural resources is nominated by the Natural Resources Board, and with the advice and consent of the senate appointed, for a four-year term. As the appointing body, the Natural Resources Board may remove the secretary from office at any time. The substitute amendment provides that the secretary in office when the substitute amendment takes effect serves a four-year term beginning when he or she was appointed.

Under current law, when an appointive state office that has a specific term becomes vacant, because of a resignation or removal, for example, the new appointee is appointed for the rest of the unexpired term. Under this substitute amendment, when the office of secretary of natural resources becomes vacant, the new appointee serves a full four-year term beginning when he or she is appointed.

Under current law, the Natural Resources Board consists of seven members nominated by the governor and with the advice and consent of the senate appointed for six-year terms. Current law requires that at least three of the members be from north, and at least three of the members be from south, of a line running east and west through the southern limits of the city of Stevens Point.

This substitute amendment requires that, beginning in 2016, at least one member of the Natural Resources Board have an agricultural background, at least one member have a business background, and at least one member have an environmental background. The substitute amendment also requires that, beginning in 2016, at least four members of the Natural Resources Board have held a hunting, fishing, or trapping license in at least seven of the ten years before the year of nomination. If an individual served on active duty in the military during the ten years before nomination, the number of years in which the individual is required to have held an annual hunting, fishing, or trapping license equals seven minus the number of years of active duty.

As with members of other state boards, under current law, a member of the Natural Resources Board may continue to serve after the expiration of his or her term until a successor is nominated and the senate consents to the nomination. This substitute amendment provides that the position of a member of the Natural Resources Board nominated after January 2, 2011, becomes vacant upon the expiration of the member’s term. This change triggers the application of a current provision under which the governor may provisionally fill a vacancy, without the consent of the senate. The provisional appointment remains in effect until the senate acts on the appointment.
