Analysis by the Legislative Reference Bureau

Under current law, purchasing cigarettes on behalf of, or to provide to, a minor is punishable by a forfeiture of not more than \$500 for a violation that is not committed within 30 months of a previous violation; a fine of not more than \$500 or imprisonment for not more than 30 days, or both, for a violation that is committed within 30 months of a previous violation; a fine of not more than \$1,000 or imprisonment for not more than 90 days, or both, for a violation that is committed within 30 months of two previous violations; and a fine of not more than \$10,000 or imprisonment for not more than nine months, or both, for a violation that is committed within 30 months of three previous violations.

This bill expands the prohibition on purchasing cigarettes on behalf of, or to provide to, a minor, to include purchasing tobacco products and nicotine products for the same purpose. Under this bill, a nicotine product is a product that contains nicotine but is not a tobacco product, a cigarette, or a product that is approved by the U.S. Food and Drug Administration for sale as a smoking cessation product or for another medical purpose.

Under current law, a retailer, manufacturer, distributor, jobber, subjobber, or independent contractor, or the agent or employee of any of these persons, is prohibited from selling or giving cigarettes or tobacco products to a minor unless the minor purchased or possessed the cigarettes or tobacco products in the course of the minor's employment. In addition, these persons are prohibited from giving cigarettes or tobacco products to any person unless the cigarettes or tobacco products are provided in a place where minors are not permitted to enter. This bill expands these prohibitions to include the sale or giving of nicotine products to minors.

Under current law, the Department of Health Services, a local health department, a state agency, or a state or local law enforcement agency is authorized conduct unannounced investigations of retail outlets where cigarettes or tobacco products are sold to survey overall levels of compliance with the prohibitions against selling cigarettes or tobacco products to minors. Under this bill, an authorized entity may also investigate retail outlets where nicotine products are sold to survey overall levels of compliance with the prohibitions against selling nicotine products to minors.
