**OTHER STATE GOVERNMENT**

This bill permits DOA to transfer staff and equipment related to the provision of information technology infrastructure services from another executive branch agency, other than the Board of Regents of the UW System, to DOA. The bill also permits DOA to assess executive branch agencies for information technology infrastructure services provided by DOA.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

*The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:*

**SECTION 1.** 16.972 (2) (j) of the statutes is created to read:

16.972 (2) (j) In consultation with an executive branch agency other than the Board of Regents of the University of Wisconsin System transfer to the department

any full-time equivalent position in that executive branch agency other than the Board of Regents of the University of Wisconsin System that is related to the provision of information technology infrastructure services in that executive branch agency, and any incumbent employee holding that position. If a position is transferred under this paragraph, the department shall assess the appropriate executive branch agency appropriation account for the costs to pay salary and fringe benefit costs of the transferred position. If an incumbent employee is transferred under this paragraph, the department shall determine the transferred employee's probationary status under s. 230.28, except that the employee shall receive credit towards his or her probationary period for the time that the employee had been employed in any unclassified position immediately prior to appointment. The department may require an executive branch agency that is subject to a transfer under this paragraph to transfer to the department information technology equipment or systems required by the department to carry out information technology services for the executive branch agency, and may assess that executive branch agency for the provision of information technology services to that executive branch agency.

\*\*\*\*NOTE: I eliminated from this paragraph the cross-reference to the appropriation; this seems consistent with other provisions related to DOA's IT powers and responsibilities under subch. VII of ch. 16. Okay?

**SECTION 2.** 20.505 (1) (kk) of the statutes is created to read:

20.505 (1) (kk) *Information technology infrastructure services; interagency transfers.* All moneys received as assessments from the appropriations of executive branch agencies as required under s. 16.972 (2) (j) for the purpose of funding transferred positions, employees, and equipment related to information technology infrastructure services under s. 16.972 (2) (j).

\*\*\*NOTE: This SECTION involves a change in an appropriation that must be reflected in the revised schedule in s. 20.005, stats.
