DEPARTMENT OF COMMERCE

EMERGENCY RULE RELATING TO REALLOCATIONS FOR RECOVERY ZONE FACILITY BONDS

Exemption From Finding of Emergency

The Legislature, by SECTION 5 (1) (b) in 2009 Wisconsin Act 112, exempts the Department from providing evidence that this emergency rule is necessary for the preservation of public peace, health, safety or welfare; and exempts the Department from providing a finding of emergency for the adoption of this rule.

Pursuant to section 227.24 of the Statutes, this rule is adopted as an emergency rule to take effect upon publication in the official state newspaper and filing with the Legislative Reference Bureau.

The Wisconsin Department of Commerce adopts an order to repeal and recreate chapter Comm 137 relating to reallocations for recovery zone facility bonds as established under the federal American Recovery and Reinvestment Act of 2009, and affecting small businesses.

Rule Summary

1. Statutes Interpreted.

Section 560.033.

2. Statutory Authority.

Sections 227.11 (2) (a) and 560.033.

3. Explanation of Agency Authority.

Section 227.11 (2) (a) of the Statutes authorizes the Department to promulgate rules interpreting the provisions of any Statute administered by the Department. Section 560.033 (1) of the Statutes directs the Department to establish by rule, a system for reallocating waived allocations for recovery zone facility bonds – as defined under 26 USC 1400U-3(b)(1) – to the authorities and local governmental units which are defined in sections 66.1104 (1) (a) and (b) of the Statutes. Section 560.033 (3) of the Statutes authorizes the Department to place any condition on these reallocations that the Department deems is in the best interest of the State.

4. Related Statute or Rule.

Chapter Comm 113 contains rules relating to allocating volume cap on tax-exempt private activity bonds for manufacturing and housing, pursuant to 26 USC 146.

Chapter Comm 136 establishes a procedure by which the Governor can designate tax-exempt Midwestern disaster area bonds that can be issued by, or on behalf of, the State or any political subdivision thereof, under the federal Heartland Disaster Tax Relief Act of 2008. These are private activity bonds that are designed to facilitate the recovery and rebuilding of areas which were declared major disaster areas in 2008.

5. Plain Language Analysis.

The rules in this order address a system for reallocating all of the federal recovery zone facility bond allocations that were not used by June 1, 2010, to the authorities and local governmental units which are defined in sections 66.1104 (1) (a) and (b) of the Statutes, as created in 2009 Wisconsin Act 112. This reallocation system includes deadlines that are designed to result in complete use of the federal bond allocation prior to its expiration on December 31, 2010.

6. Summary of, and Comparison With, Existing or Proposed Federal Regulations.

Current federal law, including the American Recovery and Reinvestment Act of 2009 (ARRA), authorizes certain local governments to issue several different types of tax-exempt bonds, including recovery zone facility bonds. The amount of bonds that may be issued is limited. Through each State, the ARRA allocates to counties, and to cities with a population of at least 100,000, the limited amount of recovery zone facility bonds that may be issued. The ARRA also authorizes these counties and cities to then waive some or all of their allocation, in which case the State in which the local units are located may reallocate the waived allocation to other units of government in that State.

7. Comparison With Rules in Adjacent States.

Minnesota, Illinois, Iowa and Michigan have not yet promulgated any rules relating to counties or cities waiving allocations for recovery zone facility bonds. As a result, each county or city within those States may have developed their own requirements or guidelines for utilizing their portion of the State's recovery zone facility bond allocation.

8. Summary of Factual Data and Analytical Methodologies.

The data and methodology for developing these rules were derived from and consisted of (1) reviewing 2009 Wisconsin Act 112 and the corresponding criteria in section 1401 of the federal American Recovery and Reinvestment Act of 2009, Public Law 111-5; (2) incorporating applicable best practices the Department has developed in administering similar programs for economic development and business development; and (3) incorporating recommendations from stakeholders.

9. Analysis and Supporting Documents Used to Determine Effect on Small Business or in Preparation of an Economic Impact Report.

The primary documents that were used to determine the effect of the rules on small business were 2009 Wisconsin Act 112 and the corresponding criteria in section 1401 of the federal American Recovery and Reinvestment Act of 2009.

No economic impact report was prepared.

10. Effect on Small Business.

The rules are expected to result in only beneficial effects on small business because the rules only address tax-exempt private activity bonds that allow businesses to finance certain depreciable capital projects in areas which are designated by the bond issuers as having significant poverty, unemployment, rate of home foreclosures, or general distress.

11. Agency Contact Person.

(i) Whether a reallocation in the requested amount would cause the aggregate amount of allocations under this chapter to exceed the aggregate amount of waived allocations.

(j) The adequacy of any remaining waived allocation for other pending or expected requests.

(k) Any other factors that the department considers relevant.

(3) (a) In reviewing an application for a reallocation that is made after March 1, 2010, but before June 1, 2010, the department shall give priority to those requests for projects in the cities or counties that waived their allocations provided the request does not exceed the amount of the allocation that the city or county waived.

(b) Any priority assigned under this subsection shall comply with the allocation limitations specified in s. 560.033 (5), Stats.

Note: Section 560.033 (5) of the Statutes reads as follows: “For a reallocation made under this section after March 1, 2010, but before June 1, 2010, before making the reallocation, the department shall consider the amount of recovery zone bond limitation allocation waived under s. 66.1104 (2) (a) or (b) by each city or county then seeking a reallocation under this section. The department shall reallocate from the aggregated waived allocation, as that term is used in sub. (1), an allocation of the recovery zone bond limitation to a project in a city or county that waived an allocation under s. 66.1104 (2) (a) or (b) in an amount up to the total limitation allocation waived by the city or county or equal to the limitation allocation determined by the city or county to be necessary for the project, whichever is less. In the event requests by cities and counties for a reallocation under this section exceed the aggregated waived allocation, the department shall prorate the available waived allocation among cities and counties in proportion to the amount waived by the cities and counties.”

Comm 137.06 Certification process. If the department approves an application under this chapter, the department shall promptly certify and reallocate the amount requested to the issuer. The reallocation shall be valid for a period equal to the lesser of 60 calendar days or the remainder of the calendar year 2010. The issuer may petition the department for a 15-day extension. The amount of the reallocation shall not exceed the maximum amount authorized for issuance under the official action taken by the issuer with respect to the obligation. Certain reallocations are subject to earlier termination pursuant to s. Comm 137.08 (3). Any reallocation made under this section shall be valid only with respect to bonds issued in calendar year 2010.

Comm 137.07 Emergency. Based upon the federal tax law requirement that a recovery zone facility bond must be issued prior to January 1, 2011, the department’s review and evaluation of each application shall be completed expeditiously and in any event within 30 days unless the department provides notice to the applicant of a need to extend the 30-day period for review and evaluation.

Comm 137.08 Post-reallocation process. (1) After making a reallocation, the department shall record that the corresponding portion of the limitation on aggregate amount has been allocated.

(2) (a) Each issuer shall notify the department in writing as to the amount of recovery zone facility bonds issued pursuant to the reallocation, within 5 business days after the issuance of the bonds. Each notification shall include all of the following information:

2. The payment in subd. 1 may be reduced by the amount paid to the department under s. Comm 137.04 (2) (e).

(3) An issuer shall notify the department if it chooses to surrender all or any part of its rights to a reallocation under this chapter. Upon surrender, the surrendered portion of the reallocation shall expire.

- (4) All recovery zone facility bonds shall be issued before January 1, 2011.

(END)

EFFECTIVE DATE
