1 **AN ACT to create** 341.35 (6r) of the statutes; **relating to:** the use of proceeds from
2 municipal and county vehicle registration fees.

Analysis by the Legislative Reference Bureau

Under current law, any municipality (city, village or town) or county may impose an annual vehicle registration fee on any automobile, station wagon, or motor truck having a gross weight of 8,000 pounds or less, that is customarily kept in the municipality or county. The fee applies to original and renewal registrations and is in addition to any state vehicle registration fees.

This bill provides that the proceeds from the municipal or county vehicle registration fee may be used only for local highway construction or improvement; mass transportation services, including the local contribution required under the urban mass transit operating assistance program; and transportation services for elderly and disabled persons, including the contribution required under the specialized transportation assistance program for counties.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
