Analysis by the Legislative Reference Bureau

Under current law, the amount of any applicable minimum and maximum fine or forfeiture is doubled for specified traffic violations committed where persons working in a highway maintenance or construction area are at risk from traffic. These traffic violations include failing to follow certain traffic signs and signals, failing to follow certain orders of traffic officers, exceeding certain maximum speed limits and driving recklessly.

This bill doubles the amount of any applicable minimum and maximum fine or forfeiture for committing one of those specified traffic violations where persons working on a utility facility (such as a pipeline, duct, wire, pole, tower or high-voltage transmission line) are at risk from traffic.
