Referred to Committee on Insurance, Tourism, Transportation and Corrections.

1 **AN ACT to renumber** 302.372 (1) (a); **to amend** 302.372 (2) (a) (intro.); and **to**
2 **create** 302.372 (1) (ad), 302.372 (2) (e) and 302.372 (7) of the statutes; **relating**
3 **to:** prisoner reimbursement to county for booking costs.

Analysis by the Legislative Reference Bureau

Under current law, a county may obtain reimbursement, payable by a person sentenced to the county jail or confined in the county jail as a condition of probation, for certain expenses it incurs in confining the person. Among these expenses are the actual per-day costs of maintaining the prisoner in the county jail. The county may charge the prisoner for these costs and may make deductions from the prisoner's canteen account to cover the costs while the prisoner is confined.

This bill authorizes counties to recoup the cost of fingerprinting, photographing, assessing and evaluating a person and collecting information from the person ("booking") at the start of the person's confinement in the county jail. Under the bill, a county may charge each person confined in the county jail a jail processing assessment in an amount not exceeding the county's average booking costs per prisoner. A county may make deductions from a prisoner's canteen account to collect any unpaid jail processing assessment levied with respect to the prisoner's current or past periods of confinement. Money collected under the bill is to be deposited in the county treasury.
