### ***Analysis by the Legislative Reference Bureau***

This bill makes various changes to the laws governing the issuance of sturgeon spearing licenses. The bill increases the base fee for a sturgeon spearing license from \$9.25 for residents and nonresidents to \$39.25 for residents and \$199.25 for nonresidents. The bill requires that all of the moneys received by the department of natural resources for these licenses be used for administering their issuance; for assessing and managing the lake sturgeon stock and fishery in an area that consists of Lake Winnebago and its adjoining lakes, portions of the Fox River and of its tributaries, and portions of the Wolf River and of its tributaries; and for improving and maintaining the lake sturgeon habit that in that area.

**SENATE BILL 317**

Under current law, a resident or nonresident conservation patron license confers on the holder of the license the privileges of most of the state's hunting, fishing, and trapping licenses, including the sturgeon spearing license. This bill removes the privileges of the sturgeon spearing license from those included under the conservation patron license. The bill also eliminates the requirement under current law that a person must hold a resident or nonresident fishing license to be issued a sturgeon spearing license.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
