1 **AN ACT to amend** 38.15 (3) (c) 3. of the statutes; **relating to:** capital
2 expenditures by technical college district boards for applied technology centers.

Analysis by the Legislative Reference Bureau

With certain exceptions, current law requires a technical college district board to hold a referendum if it intends to make a capital expenditure in excess of \$1,000,000. The requirement does not apply to a capital expenditure to purchase or construct an applied technology center if the state Technical College System Board approves, the total amount of the expenditure is no more than \$5,000,000, and the expenditure is made before July 1, 2003. This bill extends this date to July 1, 2005.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
