2 (cn), 38.14 (15), 38.16 (3), 38.39, 73.03 (61) and 560.03 (24) and (25) of the
3 statutes; **relating to:** authorizing technical college districts to issue revenue
4 bonds for the purpose of providing services and facilities to businesses, granting
5 rule-making authority, and making an appropriation.

Analysis by the Legislative Reference Bureau

This bill authorizes a technical college district board, with the approval of the state Technical College System Board, to enter into a contract with a business to provide job training, adult basic education, vocational and professional services, and training facilities, equipment, and material to the business. A contract may not provide more than \$3,500 in services to a trainee unless the Joint Committee on Finance (JCF) approves a higher limit. In addition, the state board must ensure that the total cost of such contracts does not exceed \$10,000,000 in any fiscal year unless JCF approves a higher limit. (In both cases, approval by JCF may be by passive review; i.e., if the cochairpersons of JCF do not schedule a meeting to review the request, it is considered approved.) The bill allows a district board to issue revenue bonds to finance the costs of providing these services and materials to a business.

The bill requires the Department of Revenue (DOR) to determine the amount of wages from which income tax withholding is calculated for an individual who has been provided training or education by a technical college district under a contract described above and calculate the total for each technical college district. The names

SENATE BILL 384

of such individuals are certified to DOR by the Department of Commerce. DOR must then certify 1.5 percent of the amount calculated for each technical college district to the Technical College System Board, which distributes the amounts to the districts.

The bill also authorizes a district board to organize a nonstock corporation for the purposes of raising funds and providing support for the district.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
