1 **AN ACT to amend** 166.03 (2) (a) 3. of the statutes; **relating to:** standards for local

Analysis by the Legislative Reference Bureau

Current law requires the adjutant general to promulgate standards for emergency management programs of counties, towns, and municipalities. The standards must include a requirement that the local government utilize the incident command system during a state of emergency.

This bill requires the standards to include the adoption of the intergovernmental cooperation Mutual Aid Box Alarm System as a mechanism that may be used for deploying personnel and equipment in a multi-jurisdictional emergency. The bill requires the adjutant general to promulgate the standards as rules.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
