Analysis by the Legislative Reference Bureau

This bill prohibits the Department of Administration (DOA), any agency to which DOA delegates purchasing authority, or any authorized legislative and judicial officer from entering into any contract or order to purchase materials, supplies, equipment, or services with an entity unless the entity maintains at least one telephone line that is staffed during its regular business hours by an individual who can respond to business inquiries.

The bill also directs DOA to ensure that each state agency and authority maintains at least one telephone line that is staffed during the regular business hours of the agency or authority by an individual who can respond to general inquiries relating to the functions of the agency and to refer callers to appropriate subunits and employees of the agency or authority.

Currently, there is no similar requirement.
