1 **AN ACT** *to renumber and amend* 67.12 (1) (b); *to amend* 67.12 (12) (a); and *to*
2 *create* 67.12 (1) (b) 2. of the statutes; **relating to:** specifically authorizing local
3 governmental units to issue debt related to the brownfields revolving loan
4 program.

Analysis by the Legislative Reference Bureau

Current law authorizes the Department of Natural Resources (DNR) to enter into an agreement with the federal Environmental Protection Agency (EPA) to establish and administer a brownfields revolving loan program under which DNR makes loans or grants for the cleanup of brownfields. Brownfields are sites the redevelopment or reuse of which may be complicated by the presence or potential presence of environmental contamination.

Currently, DNR is authorized to administer funds received from the EPA on behalf of, and at the request of, another governmental entity. Local governments apply for and receive these DNR-administered funds either as a loan or as a grant, the proceeds of which are used for the cleanup of brownfields. Local governments also have general authority to issue municipal obligations in anticipation of receiving federal or state aids, which must be repaid in approximately 18 months.

This bill grants specific authority to local units of government, including cities, villages, towns, counties, metropolitan sewerage districts, and town sanitary districts, to issue municipal obligations in anticipation of receiving proceeds from brownfields revolving loan program loans or grants. Such obligations must be repaid within 10 years or, if refinanced, within 20 years. The bill also specifies that local

units of government may issue promissory notes, which must be repaid within 20 years, for public purposes related to the brownfields revolving loan program.
